Dear Sir:-

I have received an application from Mr. Indian Agent Strang for authority to expend the sum of approximately \$110.00 to fence the grounds of the Shalalth Indian Day School, which amount covers the cost of materials and labour.

An item was included by the Agent in the 1941-42 Lytton Agency Estimates to provide for this expenditure. It is not known, however, just what provision has been made by the Department in this connection, and I shall be obliged if you will kindly advise me regarding same.

Yours faithfully,

Dear Sir:

With reference to your letter of the 15th instant, if you consider it necessary to fence the grounds of the Seton Lake Indian Day School you may arrange for having this work done. It is understood that the total cost will not exceed \$110.00. When forwarding the account you should attach to it a copy of your purchase order.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

AIR MAIL

Sir,-

I beg to forward herewith a letter from Miss Mary Winter, teacher at Seton Lake Indian Day School, Shalalth, B.C., in which she requests a further allowance for hot drinks, etc. for mid-day meals at the school during the month of June.

In previous years these provisions have been allowed up to the end of the school term in June and owing to the destitute condition of most of the Indians sending their children to the day school and their inability to supply the needed food for the children's lunches, I would respectfully request the Department to consider allowing the \$5.00 for the month of June as requested by Miss Winter. Some of the school children have to walk several miles to school and warm nourishing drinks are very helpful in maintaining the children's resistance to disease.

Your obedient servant,

Dear Mr. Strang:-

I would like to
requisition for a renewal of the
five dollar grant for lunches, for
the month of June, for this school.

The reason is that
I have noticed a number of the
children with only dry bread for
their lunch. This will cause malnutrition
and make sickness and diseases
likely to break out amongst them. We
have already had an epidemic of
measles since the grant closed at the
end of March.

Hoping you will find it
possible to renew this grant for the
one month.

I remain,

Yours very truly,
Mary White

Dear Sir:

In forwarding the attached requisition from Seton Lake Indian Day School, I quote the following from Miss Winters' covering letter:

"I did not order sufficient quantities of janitor supplies to last the academic year. This school uses a considerable quantity of wax and soap, in keeping clean so modern a building. I enclose a requisition for janitor supplies sufficient to last to the end of June. We have enough of regular school supplies to last to the end of the school year."

Dear Sir:

Re: Seton Lake School Building

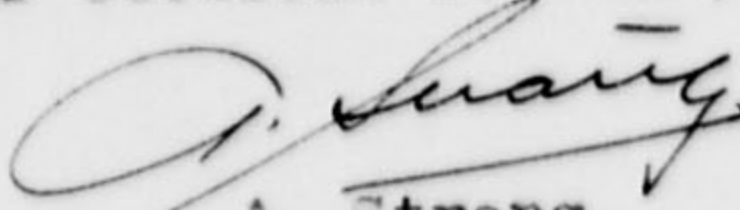

I have received the following letter from Miss Mary Winter, Teacher, Seton Lake Indian Day School, Shalalth, dated March 23rd:

"I was informed that my predecessor, who was
"in charge of the Seton Lake School at the
"time the new building was being erected, had
"stated that the contractors had promised to
"completely redecorate the school inside and
"out, within a year after its erection. There
"was to be no charge for this as it was contained
"in the original contract. I hope you will take
"this matter up with the contractors."

This is probably only a local rumour as there does not appear to be anything about it in my copy of the contract. However, it is just possible that there may have been some such understanding between the contractor and the Dominion Public Works Department, which my records do not show.

I am therefore submitting this report to you on the matter, in duplicate, in case you wish to have someone look further into it.

Memorandum:

DIRECTOR

Surveys & Engineering Branch

I desire to refer to your memorandum of March 2, 1940, on the completion of the erection of the Seton Lake Indian Day School. Indian Agent Strang advises me that he has received the following letter from Miss Mary Winter, teacher of this school at the present time:

"I was informed that my predecessor, who was in charge of the Seton Lake School at the time the new building was being erected, had stated that the contractors had promised to completely redecorate the school inside and out, within a year after its erection. There was to be no charge for this as it was contained in the original contract. I hope you will take this matter up with the contractors."

Neither the Indian Agent nor ourselves have any knowledge of the above arrangement and quite possibly it is only a local rumour. However, I should appreciate your advising me definitely on this point in order that I may notify Mr. Strang.

April 10, 1942.

Memorandum:

Mr. Wardle

Re: Indian Day School, Seton Lake, B.C.

With reference to your notation dated the 9th instant on the memorandum from Dr. McGill dated April 1st, relative to the above I may say that the school building was accepted on behalf of the Department by our engineer as fully complete, in accordance with the plans, specifications and provisions of the contract, on January 31st, 1940.

In this connection, Engineer Ramsden's certificate of completion, approved by Mr. Webb reads as follows:-

"CERTIFICATE OF COMPLETION

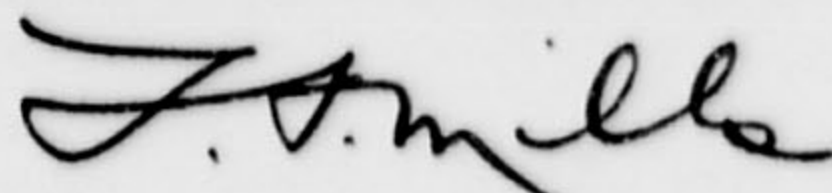

"I hereby certify that the contract of Ira C. Jones to build and construct the Indian Day School at Shalalth, Seton Lake Indian Reserve, B.C. entered into in November 1939, has been carried out in full.

"I further hereby certify that the building has been inspected by me from time to time and the work was carried out in full accordance with the plans and specifications forming part of the aforementioned contract.

"H.T. Ramsden."

As far as this Service is aware, there are no circumstances, under which the contractor would be expected to carry out further painting work on the building.

Respectfully submitted,

Chief Engineer.

Dear Sir:

I desire to refer to your letter of the 27th ultimo, with which you forwarded a letter from Indian Agent Strang regarding a statement made by Miss Mary Winter.

The Seton Lake School was erected under the direction of the Surveys & Engineering Branch and I am advised by them that there was no agreement with the contractor that the latter should completely redecorate the school at any time after its erection.

Your File No.: 215-7-3223.

I refer to your letter of the 22nd instant with regard to several suggestions put forth by Mr. H. McArthur in connection with his recent inspection of the Seton Lake Indian Day School:

At the present time it is considered that the oil stove now used by Mrs. Marsden should be sufficient for the needs of the School. With regard to the sandtable recommended by Mr. McArthur, the matter is being laid before Mrs. Marsden and if she considers that one is necessary, will obtain local prices for its construction. I will communicate with you at a later date in this regard if Mrs. Marsden wishes this table installed in the School.

J.D. Caldwell, Esq.,

Dear Sir:

Re Mr. McArthur's suggestion of putting
in a cook stove to provide practical cooking lessons
for this Day School:

I am afraid under the present conditions
it would be full of difficulties. Much more than the stove would
be needed. There would have to be kitchen table, and kitchen
equipment, dishes etc., pans, baking tins, sauce pans, also
cooking materials, butter, fats sugar and spices, all
rationed or under priorities.

Bread could be baked, but a difficult matter
in a building left vacant over night. Loaves baked the same
day as set would often entail staying late at night. There is
no lighting system.

There are at present only five or six girls
who are old enough to benefit by such an outlay. These are
bright and intelligent and can be helped by oral cooking lessons
and taking home recipes to practice on in their own homes.
There would be less waste and no friction as to whom is to
benefit by the cooked food. Always a touchy matter with Indians

Have already given oral lessons on cooking
and diet, and have suggested they bring material to the school
and I would supervise the mixing of ingredients.

I may say, as Field Matron up the coast, I
made many attempts to teach practical cooking. As the
teacher's residence was in the building, the obstacles that
we have here were eliminated. But there was always the
difficulty of supplies. It's almost impossible to persuade
the Indians to provide even a few eggs. Should they provide
one, they feel they are entitled to the whole cake.

Replying to your letter of the 29th ultimo, file 165-62-6, with reference to Inspector McArthur's report on Seton Lake Day School, I would advise that the matter of his recommendations was taken up with Mr. Acting Indian Agent Caldwell and I enclose herewith his letters of the 31st ultimo and 12th instant, and that of Mrs. Marsden, the teacher, of the 8th instant, which, it would be observed, is not particularly helpful. Mrs. Marsden's teaching experience is limited to that of a pupil teacher in England many years ago and several years as wife of an unqualified teacher who taught some time ago at some of our Indian Day Schools. Apparently, it is not much use endeavouring to have her make any departure from the strictly orthodox methods prevailing at the time she was trained in England and I would suggest that the matter of domestic science training be left in abeyance for the balance of this term in the hope that a better qualified teacher can be secured for the position when the subject will be re-opened.

Major D.M. MacKay, Indian Commissioner, P.O. Box 70,

The Department is in receipt of your letter of the 4th instant, enclosing Inspector McArthur's report on the Seton Lake Day School. It would appear from this report that the Inspector considers there has been an improvement in the school during the past year. The following remarks are contained in the report:

"No improvement has taken place during the past year with respect to a program for vocational education. To all intents and purposes there is no program. Insofar as I can learn the only vocational activity was the knitting by the girls of mittens for themselves. (I am informed that a small patch of lettuce is to be planted.) A cookstove required for the teaching of baking and cooking, the installation of which I suggested last year, has not been provided, and essential materials have not been supplied for sewing.

"The grounds are very unsatisfactory.

"A sand-table has not been supplied, as I suggested last year."

You may purchase whatever supplies are needed for teaching sewing.

I should appreciate a report from you regarding the Inspector's suggestion that a cookstove be supplied. With the limited space available I doubt if we should endeavour to teach cooking. However, we will be guided by your recommendation in this regard.

It is felt that the teacher could organize the boys to clean up the yard. While they might not make a perfect job, they should be able to effect some definite improvement.

In official letter of March 29 last you were authorized to supply a sand table for this school. Evidently this was overlooked and it would be appreciated if you would make the necessary arrangements at once.

Major D. M. MacKay, Indian Commissioner for B.C.
P.O.Box 70, VANCOUVER, B.C.

Yours File No. 215-7-3149.

I have for reference your letter of the 4th instant enclosing Inspector McArthur's report on the Seton Lake Indian Day School and requesting my comments on the observations contained in the above report.

I beg to advise you that with regard to the Inspector's indications under Vocational Education, a garden for this School is out of the question as there is no water available for irrigation purposes. Aside from this, owing to the fact that the school is closed during the months of July and August, when everyone, including the teacher, is away on holiday, the garden would be completely burned in the space of a week or so.

As to the installation of a cook stove in the school building, I beg to point out that no provision was made in the construction of the school for such purposes. This matter has been gone into several times with previous teachers and was considered impractical for the reason above given. Mrs. Marsden was asked last year to submit me a list of her requirements for sewing lessons and so far this information has not been forthcoming. I would point out that no teacher's residence was provided in the school for the reason that good accommodation was available within easy walking distance of the school.

In view of the fact that such accommodation still exists I see no reason for the Inspector's remark in this connection. The necessary quotation for the construction of a sand table for this school was obtained last year and the authority for the expense granted me. However, the carpenter concerned lost his material in a fire and as a consequence the table was not provided, Mrs. Marsden, since then, having failed to interest any other person in the construction of the table required.

I am of the opinion that Inspector McArthur's observations are made without due consideration of the lack of provision made in the design of the building for vocational training. In order to provide practical cooking lessons for the school, more than a cook stove would be required. A kitchen table, kitchen equipment including dishes, etc. would be required and at the present time, much of the material required for simple cooking is rationed or difficult to procure. Mrs. Marsden has informed me that she has been giving oral lessons in cooking and diet to those girls who are sufficiently old and has given them recipes on which to practise at home. Due to the above mentioned lack of

space, an oil stove has been placed in the school in order to prepare warm mid day meals for the pupils during the winter months. Mrs. Marsden avails herself of this opportunity to give the children what information she can in the way of demonstrating cleanliness and efficiency in the preparation of a simple meal.

I do not appear to have a copy on hand of your letter of July 21st, 1943, and in order to give the matter consideration I would much appreciate your forwarding me a copy of same.

A. Strang, Esq., Indian Agent, Lytton, B.C.

I received a call today from Mrs. Marsden, teacher of Shalalth Indian Day School, and she discussed a number of problems affecting her school, some of which are quite small and could, no doubt, be attended to without very much difficulty.

One of these was that there is no chain on the furnace drafts leading up into the classroom or whatever room is above the furnace, and it is necessary to make frequent trips from one end of the school and then back to the other end of the basement to adjust these drafts. She also pointed out that it would be a great advantage to have some screens for the windows with which I quite agree. No doubt, the adjustable screens that fit in underneath the windows would be suitable for the purpose. It was also pointed out that the furnace shoots the dust up into the school room and may be in need of cleaning out between the casing and the inner furnace. I do not know whether this could be done without a great deal of difficulty.

In the course of discussion of manual training for the school, it developed that there is something wrong with the flooring in the basement which she states becomes a "gooey mess" when damp. This is the first time this has been brought to my attention and I would appreciate your report.

Apparently the school desks have become loose in the joints and need a general tightening up. This should be attended to in order to avoid necessity of replacement as these desks are now quite hard to get.

Concerning the manual training, Mrs. Marsden thought that Mr. Hughes, the white school teacher, would be pleased to give manual training instruction to the boys for amount \$2.00 a week and, if this could be arranged, it would appear to be quite reasonable and I would suggest your investigating the matter and advising me further. If Mr. Hughes is agreeable to undertaking this work for a reasonable sum, it will be necessary then to secure material with which to build benches in the basement and some wooden mats for the boys to stand on in order to keep their feet off the floor, and, of course, a number of manual training tools and material will also be necessary.

girls The question of domestic science instruction for the/as mentioned by the School Inspector was discussed, and if this work was to be carried on a kitchen stove in the basement would be necessary. This could be of a very inexpensive type but would, of course, require the construction of a chimney and is a subject on which I would like your report, giving some estimate of the cost of erecting a satisfactory chimney for this purpose. In connection with domestic science teaching, the question arose regarding the provision of a sewing machine and you could, no doubt, advise me whether you wish to recommend same.

The lack of domestic water at the school was also mentioned but I do not know what could be done about this unless it is possible to dig a well and instal a pump, which is another matter regarding which you could advise me.

Mrs. Marsden has been closing the school when the Priest visited the Reserve and held services during school hours. She was informed very definitely that the only person outside of the Department at Ottawa who could authorize the closing of a school would be the doctor in case of an epidemic. She was shown the circular setting out the days school was to be open but she questioned out authority in the matter and stated she would see the Archbishop about it. Please see that the Department's instructions are adhered to. Probably a tactful chat with Father Fehlman will overcome future difficulty.

Replying to your letter of the 10th instant, file 165-62-5, with reference to Inspector McArthur's report on Seton Lake Day School, I would advise that I have requested Mr. Indian Agent Strang to ascertain the sewing needs of this school and also to endeavour to have the children clean up the yard and make what improvements are possible.

In respect to the sand table, I enclose herewith copy of Mr. Strang's letter of the 12th instant advising that the carpenter who was to make this was burned out and that he has been unable to secure another person to do the work. You will also note his comments regarding cooking lessons, etc. I enclose a copy of my letter of July 21st addressed to Mr. Strang which he refers to in his letter.

On ascertaining the requirements of this school, I will make the necessary purchases.

During a brief visit to the Shalalth Indian Day School last fall, I found that water required at the school had to be drawn from Seton Lake and brought by bucket up a long steep hill to the school - a difficult task, especially in the winter.

On my return to Vancouver, I arranged with District Engineer Webb of the Surveys and Engineering Branch to have one of his Engineers look into the matter of providing a suitable water supply to this school. An investigation in this connection has now been made and a report submitted by Engineer J.A. Mackenzie, a copy of which has gone forward to Mr. T.S. Mills of the Surveys and Engineering Branch, Ottawa.

*OK,

J.M.*

The scheme involves an outlay of \$150.00 to change the position of the Neal Evans Transportation Company's storage tank from which the proposed supply is to be obtained, and a rate of \$2.00 per month for the water. There is no way by which we could secure a suitable supply at less cost, and, as it is essential that the school be provided with this service, I would strongly recommend that the Department approve of the proposal. An early reply would be appreciated.

Memorandum to Mr. Webb:

Re: Shalalth Indian Day School
Seton Lake I.R.

In accordance with instructions I visited the Indian Day School at Seton Lake I.R. to investigate the water supply for the school.

Two sources of supply were investigated (1) a creek flows within a few yards of the school. However as the creek bed is wide and gravelly no water appears on the surface at the school. At this season water was found flowing 2,600 feet above the school. Although there was abundant water at this season, it is doubtful whether the supply would continue through the dry season. Cattle and horses use the stream for a watering place and the water would be subject to contamination.

(2) The second source of supply is water pumped from Seton Lake. At the present time Neal Evans Transportation Company supply their offices and workshops by pumping water to a 500-gallon tank from Seton Lake. The tank is not high enough to deliver water to the school. Neal Evans Transportation Company would be agreeable to supplying water to the school at a rate of \$2.00 per month, provided the Indian Department would move the tank to a higher elevation, supply a float switch for the tank and make all the necessary connections. This work would cost \$150.00.

As Neal Evans Transportation Company is a reliable concern, this arrangement is recommended provided that the rates are satisfactory to the Indian Department. The Neal Evans Transportation Company have agreed to submit this proposal in a letter if requested. It is estimated that five gallons per day would supply the requirements of the school.

Attached in duplicate is a report dated June 11th from Mr. Mackenzie dealing with a proposal to supply water to the Shalalth Indian Day School.

It is recommended that the requirements of fifty gallons per day be obtained from a storage tank owned by the Neal Evans Transportation Company. The work involved would consist of moving the present tank to higher ground, installing a float switch and laying the necessary pipe to the new location of the tank and from the tank to the school.

The estimate for this project is as follows:

200 ft. 1-1/2" pipe	-	\$ 48.80
Float switch & fittings	-	18.00
250 ft. 3/4", 1 bibcock, fittings		25.00
pipe		\$ 91.80
Labour - Moving tank, pipe trench, pipe fittings, etc.		58.20
		\$ 150.00

The monthly rental charge of \$2.00 seems reasonable, but the Department should have some guarantee that this charge will remain at this figure for a definite length of time. We would suggest that an agreement with the Neal Evans Transportation Company be executed covering a period of ten years.

A domestic water license might also be necessary to give the Department the legal right to use fifty gallons per day from Seton Lake.

Mr. Indian Agent Strang has requested that a small cook stove be purchased for the Seton Lake Indian Day School in order to assist the teacher with her domestic science lessons and to take the chill off the school room when the furnace is not necessary. Mr. Strang advises that a suitable stove may be secured from the Japanese Division of the Department of Labour through the War Assets Corporation. No indication is given as to the cost of one of these stoves, but I would appreciate authority to purchase one should the price be reasonable.

With reference to your letter of the 16th instant, the Department approves the following expenditures for midday meal purposes during the academic year 1945-46:-

- Seton Lake Day School - \$5.00 per month,
October to June, inclusive.
- Seabird Island School - \$4.00 per month,
November to March, inclusive.
- Boothroyd Day School - \$3.00 per month,
November to March, inclusive.

Due to payment of family allowances, it is reasonable to suppose that the Indian children will have better food and that the parents will be in a position to supply them with better lunches. Consequently, the Department is not increasing the amount usually provided for midday meal purposes at Indian day schools.

I beg to draw the attention of the Department to my 1945-46 Estimates, and more particularly to my provision for mid day meals for the three Indian Day Schools of this Agency. It will be noted that I have made the following requests:

Seton Lake Indian Day School - \$5.00 per month, October to June, inclusive.

Seabird Island Indian Day School - \$4.00 per month, November to March, inclusive.

Boothroyd Indian Day School - \$3.00 per month, November to March inclusive.

In addition to the above I would respectfully request that the Seton Lake Indian Day School be raised from \$5.00 to \$7.50 per month in view of the fact that there are now 22 pupils enrolled and that the \$5.00 is insufficient.

Memorandum:

Re: Shelalth Indian Day School,
Seton Lake I. R.

Further to our memorandum of August 23rd we have now received advice from Mr. Webb that the Neal Evans Transportation Company have now agreed to the original arrangement made with them for supplying water to the above school. Under date of August 30th Mr. Webb received the following letter from the Company: -

"With further reference to the proposed supply of water to the Indian School here, this matter has been discussed with Mr. Strang and we are pleased to advise that we are now satisfied to have the original arrangement as discussed with Mr. Mackenzie gone ahead with. This is to entail moving the present tank to a higher location and the installation of a float switch to provide water to the Indian School. The cost of this work is to be borne by your Department, and a charge of \$2.00 per month made by us for the use of the water."

We would refer you to the recommendations in our memorandum of July 9th. Would you please ask Indian Affairs for authorization for the expenditure of \$150.00 on this project and for the necessary transfer of funds.

With reference to previous correspondence regarding a water supply for the Seton Lake School, the following report has been submitted to us by the Surveys and Engineering Branch:-

"Further to our memorandum of August 2nd, we are now in receipt of the following from Mr. Webb under date of August 18th:

'We have received notice from Neal Evans Transportation Company that they will not be in a position to supply the Indian School with water for some time. They have consented, however, to allow a connection to be made to their overflow from the tank. This should be connected to a barrel and a cistern pump installed. The cost of the installation should not exceed \$20.00.

'I would suggest that the Indian Department avail themselves of this privilege until such time as a change is made that will allow the water to flow into the school'.

"We presume that water would have to be carried from the barrel a distance of about two hundred feet to the school".

I desire to refer you to my letter of July 17th and previous correspondence with reference to securing a water supply for the Seton Lake Indian Day School. The Surveys and Engineering Branch have just forwarded a copy of the following letter dated July 16th, 1945, which was received from Neal Evans Transportation Company, Limited:

PH "We have for acknowledgment your letter of July 3rd, relative to the discussion the writer had with your Mr. Mackenzie regarding the supplying of water to the Indian School here. At the present time, however, we have under consideration the building of additional houses which our present water system would be required to serve, and are not in a position to say definitely whether the arrangements discussed with Mr. Mackenzie could be carried through as planned. We would prefer to have the matter left in abeyance for a month or two, at which time, we would be better able to figure on such an arrangement.

We trust this delay will not inconvenience you, and will be pleased to hear further from you later on in this regard".

Dear Sir:

File No. 24708-67

In reply to your letter of December 29th, we feel that a ten year period is too long a time to enter into such an arrangement. We would be satisfied with a three to five year agreement, with the proviso as stated in your letter "or such lesser period of time as the water system at Shalalth is operated by our Company etc."

Trust this will be agreeable to you

MR. HOEY

Recommend that Agreement subject to the limitations suggested by the Neal Evans Transportation Company should be accepted. Kindly advise if you concur in this view and if you wish us to have the Agreement drawn up.

1.A.1756-10

11th January 1946.

15/1/46. *J.M.W.* J.M.W. Re WATER SUPPLY - SHALALTH INDIAN DAY SCHOOL
SETON LAKE I. R.

The following report has been received from Mr. Webb under date of January 8th:

" This will acknowledge receipt of your letter of Dec. 8, regarding above project. So far, owing to the fact that the Neal Evans Transportation Company were not favourably inclined to our connecting to their system during the severe weather conditions which now pertain, we have not proceeded with this project. As soon as weather becomes more favourable work will be put under way and completed.

" I have discussed with Provincial Water Rights Branch the question whether water license will be needed and on their advice have made arrangements for the obtaining of the necessary licence.

" The Neal Evans Transportation Company are not inclined to enter into an agreement for a period of 10 years. I have discussed this matter with Indian Commissioner McKay, who considered that an agreement for a period of 5 years is all that could be expected. With this I concur. I am forwarding you herewith copy of letter from the Neal Evans Trans. Co., dated 2nd. January, in which you will note that they would be satisfied with a 3 to 5 year agreement with a proviso that such agreement would be for such lesser period of time as the water system at Shalalth is operated by their Company. This latter suggestion was made by us to meet the objections of the Company to entering into an agreement which might bind them if at some future date they ceased to operate at Shalalth.

" Will you please advise at your early convenience as to whether or not the proposal made by the Company is agreeable so that I may acknowledge their letter."

Enc. A copy of letter from the Neal Evans Transportation Co., dated Jan. 2nd, is attached in duplicate. We believe that an agreement to deliver water to the School during a period of five years or during such lesser period as the water system is operated by the Company and to maintain the water rate at \$2.00 per month for this period is as much as we can expect to obtain.

In the event of the sale of the assets of this Company it would be necessary to negotiate another agreement with the new owners, and if the use of the system should be discontinued by the Company, Indian Affairs would lose their water supply. If Indian Affairs are agreeable to this arrangement and ask us to draw up the agreement we will have the matter attended to.

Re: WATER SUPPLY - SHALATH INDIAN DAY SCHOOL
SETON LAKE I. R. No. 1

Referring to your notation on copy of a memorandum from Indian Affairs dated 18th January, we are now in receipt of a letter from Mr. Webb dated February 5th in which the matter of an agreement with the Neal Evans Transportation Company is discussed as follows:

"This will acknowledge receipt of your letter of 1st February asking me to prepare and forward a draft agreement embodying the conditions and mentioning the water licences affected. As you know, we have no legal assistance here, and I do not feel we are capable of drawing up the legal document necessary in this case, or that an agreement, if drawn, will be signed by the Company.

"At present we have not yet received a water licence although preliminary arrangements have been made to obtain one. On Oct. 23, 1945, the Comptroller of Water Rights advised me that his records do not indicate that the Neal Evans Transportation Co. Ltd. holds any water licence for diversion of water from Seton Lake at or about Shalalth. I doubt if the company will look favorably on our demanding that they obtain one, especially as to dispose of water by sale may require them to take out a Class C water license, and might also necessitate them obtaining change in their memorandum of association as well as paying additional fees over those they would be required to pay if they simply took out a licence for their own purposes. While I have no official advice, my understanding is that the province does not consider the cost warranted to insist on licences being taken out by the numerous parties who divert small quantities of domestic water from large lakes and rivers for what might be classed "Riparian rights", although such rights are not recognized by law in British Columbia, except under certain conditions.

"I have discussed this matter with the Commissioner of Indian Affairs, and he concurs that in view of the small investment by us, the fact that the Company are supplying water more as a convenience to us than as a business matter, and that they are only prepared to supply water while in business at Shalalth, we should simply get a letter from them setting forth what they are prepared to charge for fifty gallons per day. We have letters covering what they are willing to do, and might get these incorporated into one letter. As stated, I do not feel the Company would sign a legal agreement, and the alternative is considerable expense if the school is to be supplied."

We believe that it is unnecessary to consider any action that would cause additional expense and trouble to the Neal Evans Transportation Company, as the benefits to accrue to the Company under the arrangement with Indian Affairs would not recompense them for such outlay. It seems correct that permission for the use by Indian Affairs, of water delivered through the Company system, would be in the nature of a favor and nothing should be done which might lead to reconsideration and cancellation of this privilege.

As the arrangements to date appear to have been handled from Mr. Webb's office, we suggest that he be authorized to acknowledge the letters of August 30th and January 2nd from the Company, and state that the conditions outlined in these two letters are accepted and no formal agreement will be executed.

Re: Water Supply Shalalth Indian Day School
Seton Lake I. R. No. 1

Dear Sir:

I am advised by our Ottawa office that the Indian Affairs Branch of the Department of Mines and Resources are willing to accept, without formal agreement, the conditions outlined in your letters of August 30, 1945, and January 2, 1946, whereby you agree to supply water to the above mentioned Indian School for a period of five years, or such lesser period of time as the water system at Shalalth is operated by your Company for a monthly water charge of \$2.00. In return for this we are to move the present tank to a higher location and install a float switch on the tank. All costs of moving the tank and installing the switch to be paid by the Department of Mines and Resources.

Yours very truly,

It is noted that the installation has been

adjacent ravine. The expenditure will not likely
exceed \$25.00. I would recommend that the Surveys

The following has been received from Mr. Webb
under date of August 8th:-

"Further to my letter of June 7 there is enclosed herewith in triplicate memorandum dated August 6 by Mr. P.W. Strilaeff in regard to completion of the water supply system at the above mentioned school. You will note that the waste pipe from the sink in the building should be extended, as otherwise waste water will find its way through the wall into the basement.

"Work in this connection should be carried out before the school is again opened. I would consider that the extension suggested could be installed for approximately \$25.00. If a waste pit would be considered in the school yard the cost might be reduced still further."

Duplicate copies of the report from Mr. Strilaeff dated August 6th are attached.

The extension to the drain for the waste water will cost \$25.00 and should be installed by the school authorities.

You will observe that the installation of the water system is now complete.

Re: Water Supply, Shalalth Indian Day
School, Seton Lake I.R. No. 1.

In accordance with your instructions of March, 1946, the water connection to the school on the school on the above reserve was completed.

The source of water supply is the Neal Evans Transportation Company's storage tank, which obtains water from the Seton Lake and serves the company buildings. To this storage tank was connected another tank at a higher elevation to supply the Indian School with water by gravity. Two taps were installed; one in the kitchen and one immediately outside.

The drain which was installed during the construction of the school was found faulty. It appears that the waste pipe from the sink ends underground immediately outside the building, instead of extending to an adjacent ravine approximately sixty feet away. This allows the waste to seep directly through the basement wall.

Re: Seton Lake School

Supt. Strang has requisitioned for various furnishings for the teacherage at the above mentioned school. The previous teachers secured room and board nearby but the present incumbent prefers to live in the rooms adjoining the classroom.

gk
The furnishings which we would like to supply, all of which are on the approved list of furnishings for one-room schools, would cost approximately \$300 and I would recommend that the Department approve the necessary expenditure.

Re: Seton Lake Indian Day School

We have your Voucher No. 814 covering the cost of goods supplied for midday meal purposes at the above mentioned school.

We do not appear to have given any authority for purchase of midday meal supplies at this school during the current academic year. In the past it has been our custom to only authorize midday meal supplies for the period November 1st to the subsequent March 31st.

We will pay Voucher 814, but the only authority we are prepared to give for midday meal purposes, is authorization for an expenditure of \$6.00 per month for the period November 1st, 1949, to March 31st, 1950.

Re: Seton Lake Indian Day School

On a recent visit to the Seton Lake Indian Day School I found that the following repairs will be necessary before winter.

Weather strip for two doors, set in lock on the front door, putting up window blinds, desks to be set on strips, repair and put up storm windows, two toilets to be replaced. This work will have to be done by Indians on an hourly wage basis so I am unable to quote the exact cost but feel that \$75.00 should cover this work and would recommend authority be granted to spend that amount.

Re: Seton Lake Indian Day School

We are in receipt of your Voucher #875 for \$11.37 and this Voucher will be paid. However, I would direct your attention to official letter of October 20 with reference to the amount we are prepared to allow for midday meal purposes at this school. The total amount authorized is \$30.00, and the two Vouchers already submitted amount to \$18.33. There is consequently only \$11.67 remaining to be spent.

Sir:-

When visiting Shalalth Day School last week, the teacher, Mr. Finnegan, took up, with Mr. Cairns and myself, the matter of providing a house to accommodate the teacher. I told him to get estimates on the lumber that it would require and he has now sent me in an estimate of \$225.25.

Mr. Finnegan has undertaken to be responsible for the erection, if the Department will provide the necessary material.

Mr. Cairns and I talked this matter over and came to the conclusion that it certainly would be more satisfactory, if there was a house for the teacher, where he could stop and board himself, or herself, as the case might be, as the only stopping house at the present time is Mr. Rebagliati's, which is certainly not very congenial.

We have, of course, to take into consideration the fact that whilst Mr. Finnegan is there the house will be very useful, but perhaps if there is a change of teachers, the next one might not want to bask, still as long as things are as they are at present, I would like to recommend that a building be provided for this purpose.

Trusting that the Department will give this matter its earliest attention, as it is very necessary to get the building erected as soon as possible before the cold weather comes, if it is decided to build one.

I have the honor to be,
Sir,

I have to acknowledge the receipt of your letter of the 28th ultimo, in which you recommend an expenditure of \$225.25 in order to erect a house for the accommodation of the teacher of the Seton Lake Indian Day School.

In reply I beg to say that our funds are extremely limited at the present time and it is, therefore, regretted that no expenditure can be authorized for this purpose.

Dear Sir:

With reference to requisition dated the 14th instant you may purchase the following articles for the Seton Lake Indian Day School:

2 Tins floor wax
1 " Glo-coat
2 Gals. coaloil
6 Towels
1 Dry mop

With reference to the sewing materials it is evident that they are required for fancy sewing. It is considered that plain sewing only should be encouraged at the present time as the articles made would be more practical and could be worn immediately by those doing the work. You should, therefore, review with the teacher her request for sewing materials and let me know exactly what is required.

Inasmuch as the quantities asked for are small and
the tools very limited, I have not secured quotations
covering the requirements, but would recommend that
an amount of \$25.00 be authorized for the purchase.

Seton Lake Day School: The former Miss Blue has married, now being named Mrs. Hugh, and has returned as teacher of the above school. Her Return for the last quarter indicates a good attendance and conditions at the school are satisfactory. I have not had an opportunity to visit this school since the opening. Arrangements have been made for a suitable supply of wood for the school and necessary drugs are being requisitioned. Arrangements are also under way for tuition in manual training for the pupils of the school and a requisitioned for necessary equipment and supplies has been submitted for approval.

Mrs. Bertha Hugh, teacher of the Seton Lake Indian Day School has suggested that her husband, who is teacher of the Provincial white school at Shalalth, devote a short period of each week for instruction in manual training for the pupils of the Indian Day School and that she, in return, instruct the white pupils in domestic science. This proposal would appear to have considerable merit and is approved by the Provincial School Inspector and the Indian Agent. I would recommend that the Department approve of the arrangement.

It will be necessary to supply various tools and supplies to the Indian Day School, the cost of which should not exceed \$80.00. If the proposal meets with the approval of the Department it would be appreciated if you would approve an expenditure of this amount from the B.C. Special Vote.

The Mission House

Lytton B. C.

Dear Mr. Bostock,

I was unable to answer your letter until I had seen the Bishop & heard from home as to the way our plans had been considered there. As you know we have a big Hospital at Lytton & attend to many Indians who may come in for treatment. Dr. Samson is our visiting Surgeon & I am general Medical Superintendent but the work takes up ^{so} ~~too~~ much of my time that I must give it up and we wish to have a medical man in charge who will also be responsible for the Indians of our Mission. I have applied to the S. P. G. and the S. P. C. K. at home through the Bishop asking them to make us a grant of £150 -0 -0 a year towards the salary of a regular fully qualified medical missionary & then I meant to write the Indian Department asking them to make a grant of \$500-\$600.00 per year towards the salary of a medical man in charge of this district from Spuzzum to Spences Bridge & from here to Foster's Bar-within 20 miles of Lillooet & also intended asking the Indian Department for an annual grant towards the medical supplies. These are the main features of what we have been trying to do & the home societies have favourably received our application and at their annual meeting in March will, we hope make us the grant we have asked for and send us one semi-annl.

I feel sure that this is the only way we can get the Indians properly attended to, you know how the general practitioner out here neglects his Indian work & attends to his white practice, & to avoid a chance of this sort of thing happening we practically make his stay here depend on his doing the Indian medical work ~~thoroughly~~ thoroughly as if he neglects it we can withdraw the grant from the

Indian Affairs. (RG 10, Volume 6411, file 842-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Home Societies. I hope I have made this clear we shall be very glad if this meets your approval & you can further our application at Ottawa.

I do not know whether it would be right to ask the Department to make their annual grant payable also the Indian Hospital account so that the whole would then come from us. I doubt whether this could be done.

I have one other matter I wish to write to you about particularly in regard to the Nicola Indians on the Shulus Reserve. We have a school there and would ~~very~~ like to put up a Hospital & a decent School with rooms attached for the teacher's to live in. I feel certain the best way to reach the Indians is to give them Day Schools on the Reserve with teachers who will visit the Reserves & help to teach cleanliness in their houses & also teach sewing, lace making & a few other useful things in sewing classes to the Indians generally, not only the young ones, teach the older women to cut out and make clothes and so put them in the way of being independent & self reliant. The salary the Government pays the teachers is very small only \$400.00 a year, but if they will help us in the buildings we will add to it & try and get thoroughly 80.00 teachers.

Then we want a Hospital there badly, the Indians have been so badly treated by white doctors generally that they have no confidence in them, and we intend that the Dr. shall have charge of the Hospital & that he makes weekly visits there, we shall always keepfully trained nurses there & the doctors in the Valley can always look after any patient they send in.

These buildings will cost in all between furniture land, pump house & over \$7000.00 I shall be glad if you will kindly go into it & if you can support my application will you help us in getting a grant from the Department towards the buildings. If we can get 3000.00 towards the Hospital & school it will make it possible for us to set about it this year.

If any of these plans are not clear I shall be very pleased to answer any questions in regard to them.

Yours sincerely

(sgnd) Edward W.W. Hugh

Dear Senator Bostock,-

I have your note of the 27th of January with enclosure from Archdeacon Pugh. When the Archdeacon finds a physician to occupy the position as outlined, this Department will be prepared to pay a share of the salary; not more than \$6000.00, which must include the cost of medicines issued to Indians. It is also proposed to give some measure of assistance to the Hospital and Day School on the Shulus Reserve. It is thought best to confine whatever aid is to be give to the school, and I propose to include in the Supplementary estimates for consideration of the Superintendent General an item of \$3000.00 for the erection of school building. When the hospital is established we might also give the usual maintenance grant. We should I think be prepared to pay the current rate for teachers' salaries in British Columbia, otherwise it will be quite impossible for us to obtain qualified teachers for the work. In communicating with Archdeacon Pugh I trust that you will make it clear that the assistance to the school building depends upon the Department being able to obtain a parliamentary grant for the purpose.

Yours very truly,

Hon. H. Bostock,

MEMORANDUM:

Deputy Superintendent General.

Referring to the letter from Archdeacon Pugh of Lytton, B. C. which the Hon. Senator Bostock forwarded on the 27th of January I beg to say that the arrangement for a physician outlined by the Archdeacon is one that could be accepted by this Department. In fact the correspondence with Senator Bostock which led to this suggestion arose from the official correspondence with our own Office in Victoria endeavoring to obtain a medical attendant for the Indians of this district. As Senator Bostock approves, when Archdeacon Pugh finds a man to take the place we will be prepared to consider our share of the salary, which should I think be about \$600.00, including the cost of medicines.

I think we should also consider favourably the question of erecting a Hospital and Day School on the Shulus Reserve. Archdeacon Pugh's suggestion is that we contribute \$3000.00 toward the Hospital and School. We would prefer I think to erect the school building ourselves and give a maintenance grant toward the hospital. We should be prepared to pay the current rate for teachers' salaries in British Columbia. If we are prepared to take this action the recommendation of Archdeacon Pugh which are supported by Senator Bostock will have been favourably considered.

Sir,

The Department has just been advised by Mr. Inspector Green of your appointment as teacher of the Sholus School. Reference has been made to the amount of salary promised you, which the Department considers inadequate, and it has been decided to pay you at the rate of \$600.00 per annum from the time you took charge.

Should Mrs. Morris interest herself in work among the Indian girls and also among the women on the reserve and should results justify, the Department will consider the payment of a special grant for this work. I shall be glad to hear from you at intervals as to your work among these Indians.

It is hoped that the Church authorities, who are responsible for the erection of the buildings, will see that the accommodation is completed at the earliest possible date and the Indian Agent is being so informed.

Sir,

In Mr. Inspector Green's report on the Sholus school he speaks in very commendatory terms of the qualifications of Mr. R. G. Morris, who has recently taken charge, Mr. Morris has a college education and is taking hold of his work with much earnestness.

No salary had been fixed for a new teacher at this school under the improved conditions, as the name was not submitted to the Department and no report on the matter had been made by you. I may say that the Department will be prepared to pay a salary of \$600.00 per annum to Mr. Morris. It is said that his wife would be willing to assist the girls by teaching them sewing, etc. This will be quite satisfactory to the Department and, should results in the future justify it, some allowance might be made Mrs. Morris for this work. In future reports upon the work at this school will be expected at intervals.

regarding unpaid salary May 9th.

My Dear Morris. M.

The Orpheodeacon has returned but he is not quite certain when he will be able to get up the Nicola. He is away at the Coast just now. He asked me to advise you to write about your stipend to the Secretary of the Indian Dept, Ottawa, and tell him that you have been in communication with the Indian Agent here but have not heard anything from him. I believe the manner of proceeding will be for you to send in your quarterly returns to the Secretary of the Indian Dept and explain at the same time your position and difficulty. I am really very sorry you are being so severely troubled over the matter - it must be very irritating to you. Will you please tell the Indians that I shall be up at Shulus on Saturday Evening May 13, and will give them service then and the following morning.

Ottawa, April 25, 1912.

Very Reverend Sir,-

Referring to our conversation when you were in Ottawa recently in reference to the salaries paid at the Sholus and Lytton Day Schools I beg to state as follows:-

On February 12th, last, upon receipt of a report from Mr. Inspector A. E. Green on the Sholus School, in which the qualifications and work of Mr. R. C. Morris were spoken of in very commendatory terms, and as no salary had been fixed for Mr. Morris, the Department decided to pay him at the rate of \$600.00 per annum and further to allow Mr. Morris a special grant for her work among the Indian girls and the women on the reserve, should future reports justify the Department in making such a grant. It is considered, therefore, that this is a fair salary at the commencement for Mr. Morris, when it is taken into consideration that he has also a residence provided.

JMB

With reference to the Lytton School, which is in charge of Miss Blachford, I beg to say that the salary paid now is \$400.00 per annum, which is the usual Departmental grant to teachers of day schools in British Columbia. It must be remembered that Miss Blachford has no professional qualifications and also that the attendance at this school

is comparatively low. No returns have been received since the September quarter, last, but the last two which came to hand showed an average attendance of six and seven respectively. The Department recognizes that Miss Blachford is a faithful worker and, should she be able to show in future returns any substantial increase in the enrolment and average attendance, the Department will be prepared to consider the granting to her of some increase ~~in~~ her present salary.

I have to ask you to be good enough to request the teacher of both the Sholus and Lytton schools to forward duplicates of their returns for the December and March quarters in order that payment of the salaries due for these two periods may be made. These returns should be sent direct by the Teachers to the Department.

Mr. Pedley,-

In reply to the inquiry contained in your memorandum of the 17th instant I beg to say that I have no means of finding out how far Archdeacon Pugh's jurisdiction extends, but there are only two Church of England day schools in the Lytton Agency, one at Lytton and the other at Sholus. The teacher at Lytton is paid at the rate of \$400.00 per annum and the Sholus teacher receives \$600.00 with residence when completed. The Sholus school is in charge of Mr. R. C. Morris, whose wife assists him in the work. I should say that until Mr. Morris, who recently took charge, can show some results it would not be well to make an increase. Mr. Agent Drummond was informed that the Department would be prepared to pay this amount to Mr. Morris and that if his wife assisted in teaching sewing to the girls, etc., and the results justify it some allowance might be made her for her work. The Department has nothing to do with fixing the salaries at the boarding and industrial schools under Archdeacon Pugh's jurisdiction.

Sir,

I have to acknowledge the receipt of your letter of the 19th ultimo, and in reply I beg to say that the Department is ordering from the Government Stationery Office some supplies to be sent to your address. This will not be a complete list and any further articles needed will be gladly supplied upon receipt of requisitions on the forms provided, a supply of which is being sent you. The school material will also be supplied for the night classes.

As to the responsibility to which you refer I may say that you should report direct to the Department in all matters relating to the school through the medium of the Indian Agent, who, as the representative of the Department, is required to give you such assistance as may lie in his power.

It is to be hoped that the buildings will be completed in a satisfactory manner at an early date.

When you next visit Sholus, which you propose to do in the near future, the Department would like you to consult with Ven. Archdeacon Fugh in reference to the attendance at this school. Dear Sir:—

I have gone into the matter of your letter very carefully with both the Rev. S. B. Stenson and Mr. Indian Agent Graham with regard to the attendance at the Shulus Indian Day School. Mr. Stenson has already written to Mr. Graham several times drawing his attention to the fact that the average daily attendance is not what it ought to be, and has asked his assistance to enforce a more regular attendance, and he, Mr. Graham and the Chief have made some visits ^{together} to the various houses on the Reserve to try and insist on the parents sending their children to School regularly, so far without any success, and the attendance today is worse than ever as so many of the parents are away and have taken their children with them to various fishing places and trap lands. To my mind, and both Mr. Stenson and Mr. Graham agree with me, the only thing to do is to take an example of some of the parents and send to the Indian Industrial Schools such children as constantly refuse to attend the Day School. It is no use to keep on threatening the Indians that the Department will do so and then never do anything, like white people they naturally conclude that nothing will be done and pay no attention to what is said to them. Will you please enforce the act. I had hoped to see Mr. Inspector Genshag but unfortunately whenever he has been in Lytton I have been away.

I can suggest no better system than the one at present at Shulus. Mr. Stenson is an Oxford graduate with some years experience as a teacher, while Miss Williams is a grad-

uate of the foremost Teaching College in England, where ladies of private means learn the art of teaching, and as well as that she is very much in earnest and of such a real missionary spirit. Mr. Etison teaches some part of every day, and goes to the houses of the children to try and bring them to the School, and at the same time keeps Mr. Greenham informed as to the condition of affairs. Miss Williams to my mind has done more in the way of teaching the children than anyone we have ever had and has brought them on better. The present is an unfortunate time as so many of the Indians in B.C. are being excited by unscrupulous people over The Indian Lands question, so that it is difficult to deal with them and influence them, and unfortunately the Nicola Valley is one of the hot beds of this fomentation. In Lytton it is different and I have them more in hand as I live amongst them, and they have absolute confidence in me as they have known me for so long, and I have told them that the Government at Ottawa has their grievance at heart and is anxious to ^{do} what is right for them all; but in other parts of B.C. this is far from the doctrine that is preached to them. I really think that if you deal with them with a firm hand by sending up Mr. Green you will find that a lot of this carelessness will stop, he is able to influence them and at the same time to keep their confidence as he is always so quiet with them. It would be a great wrong to treat the Nicola School harshly as it has not had a proper treatment at this present time.

EXL.

Ottawa, July 25, 1913.

Very Reverend Sir,-

The Department regrets very much to see that there has been no improvement in the attendance at the Sholus Day School, in fact there has been a falling off during the past quarter when the average for the three months was only 6.6.

As you are aware, the Department is paying a salary of \$600.00 at this school, but, unless the Principal and his assistant can interest the Indians to a greater extent in sending their children to the school, it will hardly be possible to continue the payment of a grant to that extent.

LYTTON and SHULUS SCHOOLS.

The teaching staff of these two schools is very satisfactory, especially in the Lytton day school, where Miss Blachford has a splendid influence over the children and parents on the reserve as well.

The average attendance of the Lytton school may be considered satisfactory, but that of the Shulus is anything but satisfactory.

I would like here to ask the Department to consider the matter of raising Miss Blachford's salary to \$600.00 per year and put it on the same footing as that of the Shulus.

I herewith beg to enclose the Quarterly Return from the Shulus Indian Day School, which I regret is not as satisfactory as it should be, the attendance being very low for the number of children on the Reserve.

The Rev. Mr Eteson who has charge of the School and who is the Priest in charge of the Mission in that part does not seem to exert himself to see that the children attend, only two weeks ago I went round the Reserve and told the parents that they must send their children to School regually, and in nearly every case they promised me that they would send them, but if they dont, I cant quite see in what way we can punish them, as I see nothing in the Indian Act covering this.

April 23rd. 1913. 191

Dear Sir:—

I saw Mr. Indian Agent Graham on Monday in regard to his letter to the Department notifying them of Miss Waghorn's resignation of the position of Teacher at the Day School on the Shulus Reserve, Miss Waghorn sent in her resignation to me and also to the Indian Agent who advised me to accept it as she was evidently a person hard to get on with, at the time I told him Miss Williams would take on the work at the School, apparently this fact slipped Mr. Graham's memory, and on the day he called at the School Miss Williams had gone in to Merritt to see the Provincial Day School there and so Mr. Graham did not meet her, and the Revd. F. B. Eteson was taking the School that afternoon. I have no desire to change the plan I laid before the Department when I made request for the grant towards the buildings, viz. "that the Principal should be a Clergyman holding a University degree and that he should also have someone else at the School with him" The Revd. F. B. Eteson is a Master of Arts of Oxford, and has had four years experience as a Teacher, while Miss Williams is a graduate of Ambleside Teachers College and also holds Certificates of the Royal Horticultural Society as a fully qualified gardener. I am most anxious that the Shulus Day School should be a success and am prepared to do all I can to make it so, and I am quite sure that when the Inspector of Indian Schools, the Revd. W. E. Green sends in his report after his next visit, that the Department will feel the Shulus Day School is at least up to the standard.

Very Reverend Sir,-

By a letter dated March 15th h. last, Mr. Agent Graham advises the Department that Miss Waghorn has resigned her position as teacher of the Sholus school and that the Rev. Mr. Eteson has been placed in charge as teacher.

It is desired to know whether it is your wish that Mr. Eteson should be the regularly appointed teacher of this school. It appears to the Department that it would probably hardly be possible for him to give the necessary attention to this work in addition to his mission duties. As you are aware a salary of \$600.00 is paid at this school and for this sum the Department considers that it should obtain the services of one who could give practically his whole time to the school. However, if Mr. Eteson is prepared to carry out the regulations in their entirety and give the time called for him to the school work the Department will consider a permanent appointment upon hearing from you.

J. D. McLean Esq.,

Department of Indian Affairs,

Sir,

I have the honor to report for the information of the Department that on the 19th. of February I received a request from the Archdeacon of Yale, the Ven. E. W. W. Pugh, to go to Lytton, that he might consult with me regarding "Shulus" Indian Day School. So when in that Agency I went to Lytton on Feb. 25th., and had a long interview with Archdeacon Pugh.

The trouble at Shulus is between the teacher Miss. Waghorn, and the missionary in charge of the tribe, Rev. Mr. Eatsen. Miss. Waghorn was engaged last October by the Right Rev. A. U. De Pencier, Bishop of New Westminster, and sent to take charge of the school. At the close of the December quarter Mr. Eatsen insisted that he should be entered in the report as Principal, and the real teacher, Miss. Waghorn, as assistant. She rebelled at this and in January sent in her resignation to Mr. Pugh. At first he refused to accept it, and wished her to reconsider the same. But as they continued to disagree the Archdeacon wrote Miss. Waghorn on Feb. 24th., the day before I arrived, accepting her resignation to take effect on February 28th. All admit that Miss. Waghorn is an excellent teacher, but it is important that there should be harmony between the teacher and the missionary working among the same people.

The Archdeacon now requests that the clergyman in charge, Rev. Mr. Eatsen, be the acknowledged Principal of Shulus School, and will impart religious instruction, and have an assistant to teach. I have asked Mr. Pugh to make it clear to the clergyman that if he is Principal he will be expected to attend the school daily, and that we must look to him to be responsible for the proper running of the school, and for a reasonable average attendance.

Mr. Pugh assures me this shall be done, and a journal kept

File No 336204-1 dated Feb. 4th. 1913.

Having reference to your letter of the above date, asking for particulars as to the appointment of Miss Waghorn as teacher of the Shulus Indian Day School, and her qualifications, as for the latter I herewith enclose her qualifications, which I have just received from her.

I beg to state that Mr Eteson (Rev.) was appointed by the Bishop of New Westminster to take charge of that part of the Mission with head quarters at Shulus Reserve, on the understanding that he was to be responsible for the School, and was to give religious instructions daily in the School.

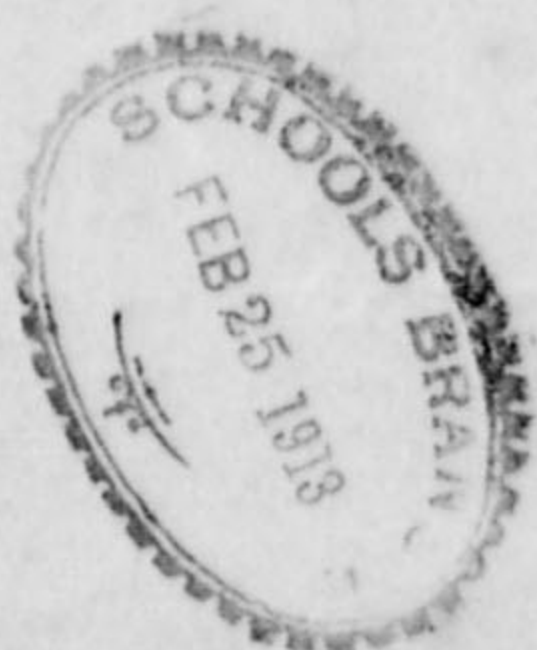

He Mr Eteson unknown to either the Bishop or Archdeacon Pugh applied to the Department for the position as Teacher, but Miss Waghorn had been appointed as teacher for the School by the Bishop, and took up her duties whilst Mr Etesons application was in at Ottawa.

I have the honor to be,

Your obedient servant.

Sir,

The degree I hold is Diploma of Scientific S. Mus. M.I.C. of the Musical International College, London Eng. received from the Principal Edwin M. Scott. Mus. Doc. Cantab. and for some time Lecturer at Trinity College Toronto.

My experience — I was a boarder at a College in England until 19 years of age, passed South Kensington and other Exams: after that was the Principal of a High School in Peterborough Eng. for nearly 15 years I had a staff of Masters & Mistresses yet always prepared the Candidates for the Oxford Examinations myself also for the Musical Exams: and was very successful. not having a failure, many receiving distinction in Senior Honors 1st Class. Amongst my pupils were the late Bishop of Worcester (Dr. Pearson) nieces, Bishop Holmes' two daughters, & the daughters of J. McSaven Esq. Sandringham. The Scholastic work of the latter pupils was often presented to Queen Alexandra as Her Majesty took an interest in their girls when at Sandringham. & she graciously expressed her satisfaction, especially with the French, Painting & music.

I am pleased to say that many of the best favored of my girls are now employed either as Governesses abroad or getting their own living in England as Teachers. I have had several Senior 16 prepare for the Scholastic profession; one Miss E. Sanford. (Rev. Sanford of Southwell) has a large School there with her sister. I receive many grateful letters of thanks from those whom I helped in my establishment.

Owing to family bereavement I came out to Canada four years ago with Bishop Holmes who escorted me up.

his Diocese Athabasca and asked me to take charge of the Indian School at White Fish Lake for a year while the Principal Mr. E. D. White & his wife were on furlough in Eng. There were 26 Indian children at that boarding school and I with only the Assistant Matron managed to give satisfaction. This was a great experience for me fresh from my refined home and cultured girls, but that change with the free Canadian life has been my help. & I have to thank Canada for teaching many things. I had no experience in teaching Juniors as I had a Kindergarten Mission at my own school but I took to the little Indians at once & especially to the boys.

The next year was spent at Lesser Slave Lake living with Bishop & Mrs Holmes, I taught their daughter preparatory for Haverhill College Toronto. and I had about 2 months at the Indian School teaching while the Master was away. The third year I accepted the Irene Training School at Fort Vermilion Peace River District when the Teacher went to St. John's College Winnipeg. I believe Mr. Dewhurst is the name. I got on splendidly there with big boys most of whom are half breeds but I found them most intelligent & could soon grasp Stocks!! in Arithmetic & Square root. & I began Latin & French with them.

The people of Fort Vermilion wished me to remain but my friend Bishop Holmes only asked me to fill this position for a year, hence I came away & on a visit to my brother in Vancouver last August the Bishop of New Westminster B.C. secured me to take this Shulins Indian School & it was offered to me by the Ven. Archdeacon Ingh. and here I am

Ottawa February 4, 1913.

Sir,-

I beg to acknowledge the receipt of the quarterly return and requisition for teachers salary of the Sholus Bay school for the quarter ended December 31st, last.

You were informed in official letter of September 9th, last, of the appointment of Rev. F.B. Eteson, as teacher of this school, his salary to be the same as his predecessor, namely, \$600.00 per year. The December quarter return, however, shows that Miss Frances K. Waghorn taught during that period and the requisition for salary is also made in her name.

The Department has no information regarding Miss Waghorn, and you will be good enough to state who appointed her to the position of teacher of this school and also as to what her qualifications are. It is necessary to have this information before the Department can decide as to the amount of salary she is to receive. In the meantime the December quarters salary, at the rate of \$600 per year, is being paid and the cheque for the amount of \$150 will be sent to her address.

The quarterly returns from the schools in your agency are not required by the Department in duplicate, one copy being sufficient.

Your obedient servant

On instructions given in your letter of the above date, I herewith beg to enclose a teachers salary list on behalf of Mr & Mrs Morris for work performed at the Shulus Indian Day School.

After a great deal of trouble I have been able to get a return from the present master the Rev. Mr Etison for the work performed during the month of August.

From Mrs Morris I am enclosing her letter which I have certified too, for which I have the Rev. Arch. Pughs word that the same is correct.

According to arrangements made with Mrs Morris she was to be paid at the rate of \$10.00 per month, at which rate I have entered her for on the pay list.

Trusting that you will find everything in order.

Ottawa, September 19, 1912.

Sir,-

The Department is in receipt of a communication from Mr. R. C. Morris in which he asks for pay for the month of August. This should have been a holiday month, as is provided for in the regulations governing Indian day schools, but, since Mr. Morris taught, the Department desires to pay him and I have to ask you to be good enough to request the present teacher to make out a return showing the attendance up to the time Mr. Morris closed the day school. You should then certify this and forward it at once to the Department for payment, as Mr. Morris states that he is ⁱⁿ pressing need of the money.

Mr. Morris further states that his wife performed field matron work during four months of the year. She has been asked to make out a statement showing the work performed and the dates on which she commenced and left off and forward this to you. When you receive it you will be good enough to certify it, if correct, and payment will be made her at the rate of \$300.00 per annum.

Sir,-

I have to acknowledge the receipt of your letter of the 18th instant in further reference to the salary due you as teacher of the Sholus Day School.

In reply I beg to say that this school should not have been open during the month of August, as the regulations distinctly state that July and August are to be holiday months unless other arrangements are made with the expressed consent of the Department. However, under the circumstances, the Department will pay you for this month, but no payment can be made until returns are received certified to by the Indian Agent. He will be written to today and asked to have the present teacher prepare a return showing the attendance up to the time you left the school.

The Department is also prepared to pay your wife for the work she did as field matron. It will be necessary for her to make out a statement showing the time when she actually commenced work and ceased, with a short account of the work performed from day to day during that period. This statement should be transmitted to the Agent for his certificate and he will be asked to forward it to the Department for payment.

It is regretted that these payments cannot be made until properly certified vouchers are received.

Sir

I have the honour to acknowledge receipt of your communication 336204/1. I must say Sir that I do think this is immensely unjust. The school opened on Aug 1st the children had one month holiday starting from July 1st to Aug 1st. I wanted to leave on Aug 1st but the Rev Archdeacon Pugh particularly requested me to stay until such time as he could procure another man to take my place which I consented to do. As I had promised the Archdeacon that I would do this I had to give up a business which was offered me in August where I should have probably made much more than \$1⁵⁰/₂ per day. My wife taught in night school for a period of four months besides calling on Indian Women and nursing sick babies and teaching them dressmaking. I would also call your attention to the fact that I also had night school; also that I was engaged at a salary of \$600 per year & not by the month. I do not ask you to take my word for school attendance during August; but if you will kindly write

With further reference to your letter re the quarterly return for the Shulus School ending December 31st. not having come to hand.

I beg to state that yesterday whilst I was at the Mission House going over back correspondence with the Archdeacon in reference to this School, we found the old School register.

Mr Pugh has made out the Report as near as he could but from what I can see this register has not been correctly kept and it was therefor impossible/ to fill in the whole thing.

Owing to the various changes in the teaching staff of this School, it seems almost impossible to have things done systematically. Mr Woodruffe the Teacher that was there up to the end of 1911 has since left the country, and it is impossible to locate him, so we are unable to get the full report.

I have certified to what has been sent in, and trusting that this will meet with your requirements.

Dear Sir,

I am writing to know if the Department will authorize an expenditure of \$10.00 on materials for a sewing class of women & girls held one night a week in our schoolroom during the winter months by my wife. Last winter we had a very flourishing class of twenty or more who came to learn how to make their own clothes instead of buying them at a store. The Diocesan W.A. sent us some materials last year but this year I doubt if we shall get any as every one is working for the war. I am sure I can add that the money is well spent for the class is a tremendous influence for good all round when it is most needed & after last year's effort was so well appreciated & backed up it would be a great pity if the thing was dropped.

Rev

The Department in a letter to me under date of June 15th last; dealing with the report of Mr Inspector Cairns in general, and on the Shulus Day School in connection with which several recommendations were submitted, among which the possibility of getting a trained teacher for that School.

I take it that a trained teacher does not always mean a certificate teacher, but one who would be most likely of getting the best results out of Children of the ages who are on the roll of the Shulus Day School.

There is no suggestion of any fault been found with the present incumbent; at the same time it is pretty generally conceded that a competent Lady teacher gets the best result obtainable with Children of the ages attending the Shulus Day School. I am therefore requested by the Department to take this matter up with you with a view of securing for that School, in accordance with the suggestion of the Inspector of Indian Schools; a competent teacher. I would say a Lady teacher believing a Lady teacher to be the best suited for such a School.

I will be please to hear from you on the subject, as I am expected to report on the same.

I have to acknowledge the receipt of your letter of the 30th ultimo reporting on your visit to the Shulus Indian Day School and stating that for some invisible reasons there is evidently a great lack of interest in the parents of these children in the school, which has become very much more pronounced during the present term, from no apparent fault in the efforts of the teacher.

In reply I beg to say that the Department would like to know whether you consider that the attendance at this school would be improved if there were a truant officer for this reserve and the Regulations relating to the Education of Indian children were put in force. If so, kindly state the name of a suitable person to act as truant officer and also what salary he would expect for this service. A copy of the Regulation is enclosed herewith for your information.

Sir,—

I beg to report that I paid an Official visit to the Shulus Indian Day School on Wednesday the 20th inst and spent the forenoon with the teacher and pupils, of whom there were seven in attendance; five(5) boys and two (2) girls.

I found the class room clean and orderly, and the teacher Mr Harwood(who, while not a trained teacher,) is in my opinion doing the very best possible under existing conditions.

The teacher has considerable difficulty in getting any thing like a reasonable attendance of the children of School age, or even of those on the roll. He having to go from house to house every morning and after recess to gather them up.

There are some twenty(20) children of School age on that Reserve, with seventeen(17) on the school roll; and only seven (7) in attendance on the day of my visit.

For some invisible reasons, there is evidently a great lack of interest in the parents of these children in the school, which has become very much more pronounced during the present term, from no apparent fault in the efforts of the teacher.

EXD.

In further reference to your communication of the 16th ultimo, and the Departmental reply thereto of the 3rd instant, I beg to say that it has been decided to allow Miss Hedden to remain temporarily in charge of the Lytton day school. The Department trusts that there will be an improvement in the attendance, as the continuance of Miss Hedden's services will be dependent upon the success with which she meets.

I would ask you to be kind enough to give her every assistance in your power towards maintaining a full and regular attendance.

I visited the Shulus Indian Day school on the 23rd ultimo, now in charge of Mr. Jack Hardwood, a young man no doubt of good parts. There were seven (7) children (six boys and one girl) in attendance on the date of my visit, and the record showed that nine was the highest for several months back. While there are seventeen (17) on the roll. The teacher informed me that the others were away with the parents camping and fishing and that he found it difficult to get those who are home to attend school without hunting them up every morning. In that way the children attend school in a very shabby appearance, they were not clean neither in dress or person.

Therefore with all due respect to the capacity and ability of a male teacher, it is generally conceded that with children of the age of those attending this school, a female teacher would give the best satisfaction and get the best results. As a rule children of their age get more attached to a lady teacher and they are usually better teachers for small children, they pay more attention to the appearance of ^{the} children attending school, both in their dress and cleanliness of their person. This is very noticeable since Miss Williams the late teacher has given up the work.

Mr. Inspector Cairns in a recent report on the Skulus Indian Day School states that it should be possible to get a trained teacher for this school and that the position is not isolated and should attract a teacher of the right type.

The Department would like you to take up with the Church of England authorities the question of securing a suitable teacher to take charge of this school.

GENERAL REMARKS.

480393

It should be possible to get a trained teacher for
this school. The English Church hospital is near the
school. The teacher boards at the hospital. The posi-
tion is not isolated and should attract a teacher of the
right type. I am of the opinion that with the employment
of trained teachers a great impetus would be given to the
work of our Indian schools.

Dear Sir:

My husband (Rev. A. H. Plummer)
& I have lately come here to work under the direction
of Archdeacon Pugh, of Lytton.

I am going to teach the Indian girls (sworn
too, I hope,) sewing, & I am told that the
Government supplies a certain amount of
material so I am writing to you for information.
It would be nice to have flannellette for
winter to make pinafores & dresses for the children
& blouses for the older women.

There is no material on hand. So I shall
wait until I hear from you before doing any
thing further. Thanking you in anticipation

18th. July, 1918.

Dear Mr. McLean:-

I beg to acknowledge the receipt of your letter of the 13th. inst. No. 336204-1, I am afraid I am to blame about it. I understood Mr. Fyall to tell me he had told Mr. Smith he was leaving, he married the Nurse at the hospital, and they left to take up work on his ranch in the Nicola Valley. I hoped to get a man who has a degree to take on the School but at the last minute he could not come. Then a man who had been a patient at the Hospital with Emyema, an old Malborough Public School man of excellent education asked me if he could get the job, he is hard up, with very little money only able to do the lightest work, he has a wife and ten children. I felt sorry for him and told him if he cared to go and see Mr. Cairns The Inspector of Schools for the Province and he was willing for him to have the School it was right so far as I was concerned, he went and Mr. Cairns agreed to the appointment and Mr. Hooper took up the work. I am afraid I left it at that and quite forgot to inform Mr. Smith, as a matter of fact I really thought Mr. Cairns would have done so, that is really what happened, Mr. Cairns as I know now expected me to write to Mr. Smith, I really am very sorry and will take care such a thing does not happen again. poor Mr. Smith is awfully touchy and although I seem to have done all I can to remove his prejudices it seems no good. He has heard me tell the Head Nurse always to give him meals and a bed at the Hospital whenever he may find it a help to stay there rather than return to Merritt, but it is no good. In regard to consulting the Department I really did not know that I should do that, I did really think that after consulting with Mr. Cairns the whole was alright so far as I was concerned. I hope to be in Ottawa in September for me hard. With kindest regards and many sincere apologies,

Yours very sincerely

Very Reverend Sir,-

The Department is in receipt of the June quarter return of the Shulus Indian Day School.

This return shows that the school was taught during the quarter by R. E. Hooper, who, the Department is informed, was appointed by you on the retirement of Mr. Fyall, who resigned at the end of the March quarter, but no notice of such resignation was received. The receipt of the return was the first intimation received of a change of teachers. I have to request that you will be good enough to state what qualifications Mr. Hooper possesses and the terms of his engagement.

The Department allows the church authorities the privilege of nominating teachers for the schools under their auspices, but all such nominations are subject to the approval of the Department.

Before a new teacher was appointed by you, the Department should have been consulted.

Sir,-

Replying to Department letter of date and file as above, with reference to the appointment of A. E. Fyall as teacher of the Shulus day School. I beg to say that the first knowledge I had of the appointment was on my visit to the School on the 11th of September, I found the present incumbent in charge. I was not consulted, or informed in any way, nor had I had any previous knowledge of any arrangement with any one to take charge of the School.

I never knew or heard of the man before I met him at the School on Sept 11th. The School was then opened six ~~xxx~~ days, and there were but two Children in attendance up to that time. Mr Fyall informed me that he was engaged and appointed to the position by the Ven. Archdeacon, and that he had lived in the Valley several years and had acquired a great deal of the Thompson language, I did not question him as to his age, religion or qualification to teach.

He represented to me that he thought that his knowledge of the language would induce a better attendance of Children to the School. I have no doubt, but it will.

I visited the School on the morning of the 15th inst, at 9.35 a.m. there were five children present, two girls and three boys. The teacher informed me that there ^{were} 10 the day before, and that it was early for the others, who would be in later.

It is evident that the Ven. Archdeacon consider that it is no business of mine to know who is engaged to teach that School.

I have to acknowledge the receipt of your letter of the 6th instant reporting that you have received notice from Mr. R. E. O. Hooper that he resigned the position of teacher of the Shulus Day School, which took effect on the 31st of December, last, and that he requested you to ask the Department to forward his cheque for the December quarter to his present address, which is 1135 Beach Avenue, Vancouver, B.C.

In reply I beg to refer you to official letter of the 10th instant, in which you were advised that Mr. Hooper's resignation was accepted and you were asked to take steps to secure another teacher for this school.

A cheque for \$150.00, the amount due Mr. Hooper as salary for the December quarter, last, was sent to the above address on the 7th instant.

REPORT OF INSPECTOR CAIRNS ON THE SHULUS DAY SCHOOL.

These children have average ability and if they had a fair chance they would make progress in the class-room.

I had a long conference with the teacher. I got him to see my objective. He is anxious to do good work. He should have the hearty cooperation of the Missionary, the Rev. G. Davies, so that the attendance may be improved. Mr. Davise was absent at the time of my visit, but has written me since his return. I am writing him to-day in reply.

I am quite sure the Agent of the district would lend his aid. He was away from home so I did not see him. I am trying to stimulate to more determined effort those who have the control of this school.

SMULUS DAY SCHOOL

This school was reopened after the influenza epidemic had subsided in February last with Rev. Geo. Davies, in charge, and who was later succeeded by Mr. A. E. Fyall, who is still in charge with an ^{average} ~~attendance~~ of about seven children in attendance. The difficulty of enforcing attendance still exists and I have been unable to secure any one who will take on the duties of Truant Officer. The teacher informs me that he finds the children willing and glad to attend the school but that the parents of the children are real hindrances to their attendance by frequently taking the children away without notice to their hunting and fishing expeditions. If this could be overcome, that is, if there were any way of severely punishing the parents who deliberately block the way of their children attendance at school, the roll could be increased and the attendance would be much more regular.

Sir,-

Inspector Cairns, who recently visited the Shulus Day school, states that the children have average ability and that, if they had a fair chance, they would make progress, in the class-room.

The Department trusts that you will do everything possible to increase the interest of the Indians' in their children's education. The attendance should be regular, and, no doubt, your influence will have a beneficial effect.

Sir,—

With further reference to Department letter under date of October 24th, 1923, file 154-33-1, regarding the closing of the Shulus Indian Day School at the end of March, I beg to state that I visited the above mentioned school on the 29th ulto., and am pleased to report that there has been a material increase in the daily attendance since the 25th of October last, on which date I attended a meeting of the Band on the Shulus Reserve. At that time I advised the Indians of the Department's decision to close the school at the end of the following March unless the daily attendance materially increased.

I am advised by Mr. Fyall that the daily attendance has increased from an average of five in 1923, to sixteen at the present time. In view of the fact that there are only about 21 children of school age on the Shulus Reserve, the increased attendance is a marked improvement. I would therefore suggest that the Department keep the school open until the 30th of June, on which date it could be closed until the First of October, as during the months of July, August and September, most of the Indians of this Reserve are away from home.

It is noted that you have taken this matter up with the Band, and that the Chief assured you that he will do all in his power to improve matters, and that a more regular attendance of Indian children can be looked for in future. In reply to Department letter of July 31st., file 154-33-1, I beg to state that I have interviewed Mr. A.E. Fyall the teacher at the Shulus Indian Day School, and instructed him to reopen the school on October First, and to keep same open until March 31st only.

Mr. Fyall would rather defer in giving an answer as to whether he would consent to conduct the school for a period of six months each year, at present, but states that he has hopes that the attendance may increase during the coming term. If, however, this does not prove to be the case, I am of the opinion that the closing of the school for the period of one year, sending the few pupils to Lytton Industrial School, would be the most advisable.

As I intend to call a general meeting of the Indians of the Shulus Reserve in October, and this matter will be put before them at that time, and may have the desired effect, and cause the parents to send their children to school, as I feel sure they would much prefer their children to attend a day school than to have them sent to an Industrial School some distance from home.

Sir:

Mr. Inspector Cairns, in a report on his recent inspection of the Shulus Indian Day School, recommends that this school be kept in operation from October 1, 1923, to March 31, 1924, only. He states that the attendance is so small that he does not feel we are justified in keeping it open more than 6 months in the year. He further states that unless the Indians take more interest in the school it might be well to close the same for a year, and place 4 or 5 of the pupils in the Lytton Industrial School.

If you consider it advisable to carry out the Inspector's recommendation, you may inform the teacher that the school is not to re-open until October 1st, and that it will be conducted for 6 months only. I shall be pleased, however, to have your views in the matter, and a report as to the action taken by you in carrying out the Inspector's recommendation as to the advisability of conducting the school for a period of 6 months each year. You should state whether, if this is done, the teacher would consent to remain and teach for that period only.

GENERAL REMARKS.

I would respectfully recommend that this school be re-opened October 1, 1923, and kept in operation till March 31, 1924. The attendance is so small in the summer that I do not feel we are justified in keeping open more than six months in the year. Only some three or four pupils are making progress. Unless these people wake up it might be a good policy to close the school for a year and take four or five of the pupils to the industrial school at Lytton.

I beg to inform you that I paid a visit to the Shulus Indian Day School on the twenty-ninth ulto.

I am very glad to state that I found the daily attendance had increased to sixteen. This is a great improvement over last year, when I think the average was only five. The general conditions seem to be much improved.

Mr. Agent Helmsing, Kamloops, has forwarded a recommendation that an increase be granted in the salary of Mr. A. E. Fyall, teacher of the Shulus Indian Day School, to date from April 1st, last. He states that Mr. Fyall has been very faithful in his duties and takes considerable interest in the Indian children in his care. Mr. Fyall is a married man and has been in the employ of the Department for about seven years. Over and above his ordinary duties he has for some time attended to janitor's duties, for which he receives no compensation. The salary which he receives is at the rate of \$600 per annum, plus the bonus. The last return received shows an enrolment of 22 pupils, with an average attendance of 14.

As you are no doubt aware Mr. Fyall has no professional qualifications, but it appears that the work at this school has progressed under his charge. I shall be pleased if you will give your views as to whether you would recommend that an increase in salary be granted him or not. You are no doubt cognizant of the work which Mr. Fyall is performing. Your early reply will oblige,

At Kamloops, B.C.,

October 27, 1924. 19.....

Sir:-

With reference to Mr. A.E. Fyall, teacher at the Indian Day School on Shulus Indian Reserve, I beg to draw your attention to the fact that Mr. Fyall is, and has been for the past seven or eight years a very faithful servant of the Department, and takes considerable interest in the Indian children in his care. This is very much in evidence when making a visit to the school while in session, and he appears to be very much liked by the children themselves. Mr. Fyall is a married man living some mile or a mile and a half from the school, and is, I believe, in receipt of a salary of \$600.00 per annum, which was the initial salary upon which he first engaged himself to the Department. Over and above his ordinary duties, he has for some considerable time attended to the janitor's work, scrubbing and keeping the school clean for which he received no compensation. I also find that various little things that he requires for teaching, instructions in natural history or animal life, he has purchased himself, not wishing to trouble the Department, which goes to show nevertheless, that the man has the interest of his work at heart. I am not acquainted with the agreement made with Mr. Fyall, nor the conditions under which he was engaged by the Department, but I am convinced that for eight years service, the man is most assuredly entitled to an increase in salary, and I would most respectfully ask that the Department give favourable consideration to a recommendation of mine, that his salary be increased \$15.00 per month as from April 1st., last, as the man is undoubtedly having a difficult time in making his way and meeting his necessary obligations.

Mr. Fyall is a man, whom I have reason to believe would never ask this for himself, but being a man who gives his whole life to the interest of his work, I would recommend that at least his services be recognized by the increase mentioned.

All of which is most respectfully submitted.

I have your letter of the 12th inst., together with copy of your letter to the Department regarding the proposed increase in salary of Mr. Fyall, teacher of the Shulus Indian Day School.

After our conversation of the other day, I must say that it came as a considerable surprise and shock to me to see your attitude in the matter.

As you say, Mr. Fyall is in receipt of a salary of \$600.00 per annum, which you will admit is far from a living wage for a man by himself, never mind a married man. The bonus you speak of, of \$150.00 a year is a mere bagatelle and is not permanent by any means, so that the total of \$750.00 per annum is far from being a reasonable remuneration for services rendered as ordinary every day laboring men earn far more than this.

In the second paragraph of your letter you state that Mr. Fyall is in receipt of a salary of \$62.50 per month for twelve months in the year. In the fourth paragraph of your letter you state that if the bonus is cut off on March 31st., that you would then recommend that he receive a salary of \$75.00 a month for his work. These two paragraphs appear to me to be somewhat conflicting, as surely if Mr. Fyall's work in March next, after eight or nine years' service is worth \$75.00, it must surely be worth that much at the present time and since the First of April of the present year as stated in my recommendation.

I am forwarding a copy of this letter to Dr. Scott in order that he may see the attitude that I adopt, and I still maintain that Mr. Fyall is entitled to the increase in his salary, bonus or no bonus.

Sir; This acknowledges your letter of Nov. 4th. concerning an increase of salary to Mr. A.E. Fyall, teacher at the Shulus Day School.

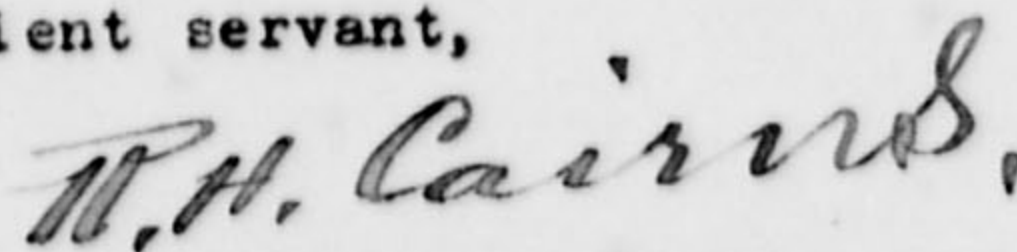

Mr. Fyall is receiving at the present time the sum of \$600.00 per annum plus a Bonus of \$150.00 making the total \$750 per annum. He is kind and considerate in his dealings with both pupils and parents. The manual work is neat.

He has no teacher's certificate. No pupils are farther than the Book 11. All work is very elementary. I believe he is getting all he is worth as a teacher. I am under the impression that he gets a small sum as janitor.

If the Bonus should be cut off March 31st., then I would recommend that he receive \$75 per month for his work.

After careful consideration I do not feel that I would be justified in recommending an increase.

I have the honour to enclose herewith copy of letter written today to Mr. Inspector R.H. Cairns, of Vancouver, B.C., with reference to the requested increase in Mr. Fyall's salary.

Under date of the 12th inst., Mr. Cairns forwarded me a copy of his letter to the Department in which he refused to recommend an increase. I might state that a few days ago, while Mr. Cairns was in Kamloops, I spoke to him on this matter, and he agreed with me that if he was approached in the matter, he would be willing to recommend an increase, but apparently since leaving Kamloops he has changed his attitude.

From the explanation given in my letter to Mr. Cairns, I am sure that you will agree with me that paragraph two of his letter conflicts with paragraph four, and I would ask you to use your kind offices in bringing about the increase for this man whom I can assure you, sir, is a faithful and loyal servant of the Department who has his work at heart, and the interests of the Department and Indians always take prior place in his work.

Thanking you in anticipation of your very kind consideration in this case, I am,

Yours obediently,

(H.F. Helmsing)

December 12, 1925. 19

Sir,—

I have to report that on Tuesday, the 8th of December, in company with Mr. R.H. Cairns, Inspector of Indian Schools, and Mr. A.H. Barber, attached to this office, I visited the Shulus Indian Day School, and Mr. Cairns made his annual inspection. After the inspection was completed Mr. Cairns expressed himself very favourably with the progress of the pupils, and also the conduct of the school by Mr. A.E. Fyall, the teacher.

During our visit the matter was brought out, that Mrs. A.E. Fyall is doing a tremendous amount of work among the Indian children, particularly the girls, in teaching them sewing, knitting, etc., and to my knowledge she is also doing quite a lot of missionary work among the Indians at Shulus village, who are sick, aged or destitute. She has, to my personal knowledge, on several occasions supplied dainties, soups, jellies, etc., as well as warm clothing to several of the Indians coming under this category. For all of this Mrs. Fyall receives nothing. I took the matter up with Mr. Cairns, in Mr. Barber's presence, and we discussed the thing very fully, and Mr. Cairns was very strongly in favour of my recommending to the Department, that, if at all possible, in view of the good work which is being carried on gratuitously by Mrs. Fyall, she be granted a small monthly remuneration of, say, \$15.00 monthly. This work has been going on for a considerable time without any compensation, and should the Department decide against my recommendation, I do not hesitate to state that the work will continue to go on, as Mrs. Fyall is that type of woman who would not see any of the Indians suffer for want of clothing or medical attention, and is too interested in the children to discontinue teaching them sewing and knitting just because she is not receiving any remuneration for her services. Mrs. Fyall is a woman whose services are invaluable to the Department among a Band of Indians such as the Shulus, who are in a very low financial circumstances generally, and she is very popular among them, and is looked upon with a great deal of respect and kindness by the Indians of that village.

I am positive that if the Department should approach Mr. Cairns, he will strongly recommend and support these statements of mine, in fact he gave me to understand very forcibly, that he would do so, and I most respectfully submit that favourable consideration be given the matter of granting some monthly compensation to Mrs. Fyall for her time and expense in doing these works of charity and kindness for which she is, I understand, well known.

Mr. Fyall, on the other hand, I might state, is a man who has the interests of the Indians at heart and devotes a great deal of his time outside of his regular school duties to the welfare of his charges and their parents.

Respectfully submitted.

Yours obediently,

Inspector of Indian Agencies, Kamloops, B.C., dated
July 14th, 1950, on his inspection of the Nicola
Indian Agency.

Original on File 77-169.

I inspected the Day School at Shulus Reserve.
There were sixteen in class on the day of my visit, and
the children seemed to be doing very well. Mr. Fyall,
the teacher in charge, examined the children in my
presence. He also showed me some manual training work
the boys were doing, and with what tools they have at
their disposal, they have done some very nice work. Mr.
Fyall is well fitted to give such instruction, and I
think it would not be a bad idea if one bench and some
tools could be arranged for, for this school.

Mrs. Fyall takes the girls in sewing, and
once a week the children take tea with Mr. and Mrs.
Fyall. The children at this Day School are particularly
lucky in having Mr. and Mrs. Fyall to instruct them.

- spl The school house needs painting outside very
badly, as the sun has cracked off most of the paint.

Sir:

I have your letter of the 14th instant, enclosing a communication from Mr. A. E. Fyall, teacher of the Shulus Indian Day School, requesting one month's extended leave of absence, together with a communication from Mr. Agent Barber, recommending that this leave of absence be granted.

In reply I beg to say that the Department will be pleased to allow Mr. Fyall leave of absence until the 1st of October, next, with salary for the month of September. It is hoped that Mr. Fyall will return and resume duties on or about the 1st of October, next. Please inform him of the extended leave granted.

Dear Dr. Scott:-

I beg to enclose copy of letter from Mr. A.E. Fyall, school teacher of Shulus Indian Day School, Shulus Reserve, making application for an extended leave. I also enclose letter from Mr. A.H. Barber, Indian Agent, explaining and recommending that the leave be granted. I also have much pleasure in recommending that this leave be granted.

Mr. Fyall is deserving of every consideration that we can grant him as he is a most conscientious worker, and in addition has done a tremendous lot of good and charitable work amongst the Indians, of which no one will ever know except those on the spot, as he is not given to boasting. In fact, I always say that Mr. Fyall is one of the best missionaries that we have, though, of course, he is not in Holy Orders.

Mrs. Fyall also does a lot of work amongst the Indians, training them in various ways and trying to get the Indian girls to have some idea of house and child management.

I therefore strongly recommend that this leave be granted, and if possible, although he does not ask it, without his pay being stopped. Please note that it is important that Mr. Fyall knows before the 28th of this month.

Dear Sir:-

I beg to forward herewith a copy of a letter received from Mr A.E. Ryall, teacher of the Shulus Indian Day School, which is self explanatory.

In regard to Mr Ryall's application for one months leave, I would respectfully recommend that same be granted, as to my knowledge he has not been quite in the best of health, being run down, for some time past, also, as he states, the majority of the Indians of this Reserve leave for the hop fields at Agassiz during the latter part of August, taking their children with them, returning about the middle of October.

As you know, Mr Ryall is a very conscientious worker among the Indians, doing a great deal for them in a very quiet way, also co-operating with and doing all he can to assist the officials of the Department.

In view of the above, I would be pleased if you would kindly take this matter up with the Department, at your earliest convenience, in order that Mr Ryall may be advised in the matter as soon as possible.

Dear Sir:-

I am writing to ask if you would be kind enough to consider my application for leave of absence for the month of September this year. For some time past I have been run down in health, and desire to take advantage of an offer of an ocean voyage, which is expected to extend for about eight weeks, ending sometime towards the end of September. I would point out that during the twelve years I have been at the school, I have never requested or had, any special leave, other than the authorised statutory holidays.

May I also mention that during the month of September, most of our Indians are away from the district, engaged in the hopfields of the Fraser Valley district, so there would not likely be any harm, or inconvenience to the Indians if the school were kept closed until the first of October.

Feeling that I will greatly benefit in health by a sea voyage, I trust that you will look with favour upon this, my first request for leave during my twelve years of service.

Thanking you in anticipation,

I am, yours obediently,

A. E. Fyall,

P.S. I would be glad to receive a reply on or before the 28th, of the current month, to allow me to complete my arrangements.

I have your letter of the 12th instant, reporting on the work that is being performed by Mrs. A. E. Fyall, the wife of the teacher of the Shulus Indian Day School, in visiting the sick and destitute, and in teaching the girls sewing, knitting, etc., and requesting that a salary be allowed her for her services.

In reply I beg to say that the Department does not wish to increase its establishment by the addition of an assistant teacher and matron at this school. In view, however, of the excellent services being performed by Mrs. Fyall, it has been decided to grant Mr. A. E. Fyall, the teacher, an increase of \$10 per teaching month in his salary from the 1st of January, 1926. This will make his salary from that date at the rate of \$90 per teaching month. This increase is allowed in lieu of any remuneration to Mrs. Fyall for her services. It is hoped that Mrs. Fyall will continue her work among the girls and Indians on the Reserve. Please inform Mr. and Mrs. Fyall of the increase in salary allowed.

Sir:-

In reference to Mr. A.E. Fyall, teacher at Shulus Indian Day School, of this Agency, I would be pleased if the Department would kindly advise as to his status as an employee of the Department.

Mr. Fyall has been teaching at this School since 1916 continuously, being in a receipt of a salary of \$600.00 per annum during the period 1916-1924, 8 years. From October 1924 to December, he received an annual salary of \$650.00, and since Jan. 1926 he has received \$900.00 per annum, he being now in his sixteenth year of service with the Department, and he recently informed me that he did not know what his status with the Department is. Whether he is classed as a permanent employee, or Civil Servant, or only as a temporary. He has not contributed any part of his salary to the superannuation Fund, and it is in this regard that Mr. Fyall has consulted me.

I would, therefore, appreciate it, if the Department would advise as to the status of Mr. Fyall, and if he is entitled, or was entitled, to become a contributor to the Superannuation Fund under the Act. Not unnaturally, Mr. Fyall, being a married man, and hoping to spend many more years in the service of the Department and the Indians, is beginning to think of the future.

Mr. Fyall, I would respectfully advise, is very greatly interested in his work with the Indian children, and both he and Mrs. Fyall spend most of their time, irrespective of school hours, working among and with the children, and are greatly respected by all the Indians of the Lower Nicola. Mrs. Fyall gives her services as sewing teacher to the girls at the School, one half day each week, a service for which she receives and expects no remuneration.

I shall appreciate hearing from the Department in this regard, as to any possibility of Mr. Fyall being brought under the Superannuation Act, and whether or not he is classed as a Civil Servant, permanent, or temporary.

Dear Sir:-

It is with regret that I find I have to tender my resignation as school teacher, Shulus Indian Day School, Nicola Agency, as from October 31st., 1935.

I find that my health forbids my carrying on, and owing to this ill health and state of my nerves, I feel I cannot undertake the task of teaching children. I am therefore having to lay up anyhow until I hear from you.

I regret this apparently abrupt action after 19½ years in teaching for the Indian Department, which latter has been very considerate to me.

However, the matter is unavoidable as I fear a complete breakdown.

I have consulted with Mr. Inspector Pragnell, Kamloops, B.C., in the matter. I might point out that Mr. Indian Agent Barber is away on the Indian trial in Vancouver.

Dear Sir:-

It is with regret that I enclose the resignation of Mr. A.E. Fyall, Day School Teacher at Shulus Indian Day School, Shulus Reserve, Nicola Agency.

Mr. Fyall consulted me in the matter, and in the apparent state of health in which he is, I can only concur in the fact that he is forced to this action.

In recommending the immediate acceptance of this resignation, I wish to draw the attention of the Department to the 19½ years of unselfish service of Mr. Fyall, assisted in every way by Mrs. Fyall.

During the time I have known him and his work, I have always, with pleasure, been able to report very favorably on his work, both as teacher and in his gratuitous care of the Indians. To teach, however, for so long a period in one place is undoubtedly a strain on one's nerves. I hope that in accepting this resignation every consideration possible will be given by the Department to the fact that Mr. Fyall's long service has not been paid so highly that much saving could be done by him, and recommend that as long a retiring leave as possible be given him. I think that this matter had better be dealt with by telegram as immediate. I have sent a copy of the resignation and my letter to you to Assistant Commissioner Perry.

Sir:

The Department received a communication from Mr. Inspector Pragnell, enclosing the resignation of Mr. A. E. Fyall, teacher of the Shulus Indian Day School as from the 31st instant, on account of his ill health. As this school is conducted under the auspices of the Anglican Church, the nomination of a teacher is in the hands of the church authorities. In this connection I have to confirm the following night lettergram to you of yesterday's date:-

"Department received resignation A. E. Fyall, teacher, Shulus School, effective thirty-first instant. Consult Authorities Anglican Church and submit full particulars regarding teacher nominated by them."

At the time Mr. Fyall was appointed, the nomination for the position was made by His Lordship the Bishop of Cariboo, Vancouver. You should consult the church authorities, with a view to their nominating the services of a fully qualified teacher - one having British Columbia qualifications - and you should submit the name of the person nominated, together with full particulars as to qualifications, experience, etc. Should the services of a teacher not be available immediately after Mr. Fyall's retirement, the school will have to remain closed until a new teacher is engaged.

Mr. Inspector Pragnell is being informed that the matter of obtaining a teacher has been placed in your hands.

I have your N-G-2292 of the 21st instant, enclosing the resignation of Mr. A. E. Fyall, teacher of the Shulus Indian Day School, who, on account of ill health, wishes to retire as from the 31st instant.

The Department regrets the retirement of Mr. Fyall. His resignation is accepted as from the date mentioned above.

As this school is in Mr. Barber's agency, he was wired to consult the Anglican Church authorities, who have the nomination of a teacher. Mr. Barber was requested to submit to the Department, at an early date, full particulars regarding the name, qualifications and experience of the teacher nominated.

In view of Mr. Fyall's lengthy service, the Department will allow him a gratuity upon retirement of two months' salary, this being the full amount that can be paid under present regulations.

Dear Sir:

I am in receipt of your letter of October 29th, in which you make application for a teaching position at the Shulus Indian Day School, Lower Nicola, B. C.

For your information, I may say that recommendations are now being made direct to the Department of Indian Affairs, Ottawa, by the Church authorities under whose auspices the School is conducted, whenever a vacancy occurs. Although it is true that on certain occasions in the past I have recommended to the Indian Agents that the qualifications of one or another candidate for a vacant position might well be considered, I am no longer doing this.

Your original letter of application is being forwarded to the Department of Indian Affairs, Ottawa, together with a letter of recommendation on your behalf which I have received from the Rt. Rev. Walter R. Adams, M.A., D.D., Bishop of Kootenay. Copies of the above communications have been kept in this office for our files.

In conclusion, may I say that were I in your place I should write a detailed letter of application for the position you seek to the Rt. Reverend Bishop of the Cariboo, Kamloops, B. My dear Sir,

Mr. Job tells me that he has applied for the Shulus Indian School, and I have pleasure and confidence in writing on his behalf. Though I have only known him since I took over "Kootenay" just under two years ago, I have from personal experience found that he is a man of consistently high principle and wholly interested in the allround training of child life, identifying himself with their out-of-school activities and sound moral development. Of his academic qualifications I have had no opportunity to judge, but he has held his appointments at various schools for some years in succession, and has always won the esteem of the people of the various districts.

As Bishop of Cariboo I know the Shulus School well and its needs, and I think that he is admirably suited for such a post; he will carry on its best traditions and yet be ready I think to introduce such improvements as are needed. Teaching with him is not merely an occupation or profession but a vocation to social and altruistic service.

yours very faithfully,

Dear Sir:

I am informed by Mr. A. R. Lett, of Lytton, B. C. that there is a vacancy in the Indian Day School, Shulus Indian Mission.

I beg to make application for the same. I hold a First Class B. C. Teachers' Certificate and Certificated Teachers' Parchment, Board of Education, England, with 18 years' experience in B. C., and 7 years English experience. Of the former one year was spent at the Indian Mission School at Lakalzap (Greenville) 1926 -27. I am out of a position through no fault of my own after resigning from Castledale, Upper Columbia Valley.

I am 49 years of age, single, have my own car, shoot, fish, am familiar with most games, playing tennis & badminton regularly, have specialized in folk-dancing, nature study & agriculture in which I took course at summer school, 1927, at which time I met a Captain Barry, who may have been yourself. I am an Anglican, choir-trained, sing and am capable of conducting and training four-part choir.

Trusting my application will be successful,

Yours sincerely,

Dear Sir:

I am forwarding herewith, for the information of the Acting Superintendent of Education, letter of application received from Mr. Frederick Job for the vacant position as teacher of the Shulus Indian Day School, Nicola Agency.

A letter from the Rt. Rev. Walter R. Adams, B.A., D.D., Bishop of Kootenay, recommending Mr. Job for the appointment referred to above, is also forwarded.

It has, of course, been necessary to acknowledge receipt of the above-mentioned letters, and I am attaching copies of my letters for Departmental files. I understand that the Shulus Indian Day School is located in the Diocese of Cariboo, the address of the Bishop of Cariboo being Kamloops, B. C.

Sir:

I beg to acknowledge receipt of your 15/41785 of the first instant, with reference to the Shulus Indian Day School. The Department has carefully read the correspondence that you have forwarded, and the action that you have taken in this matter meets with our approval.

Mr. Agent Barber was written on the 26th ultimo and instructed to get in touch with the Bishop of Cariboo, with a view to nominating a teacher for the Shulus School. We have not yet heard from Mr. Barber.

Dear Mr Barber -

Thank you ever so much
for your kind letter & deep interest
you have taken shown on my behalf.
I fear it would be impossible for
me to return & take up duties
immediately, my health would not
permit it after the nervous strain
to which I have been subjected,
in fact I have been in the D.C. care
for a few days.

I may also state that D. J. J. Gillis
had a conference here with my
lawyer during part of which I was
present. The result of this meeting
was that my lawyer advised me that
it would be unwise & unsafe for me
to return to the district at the present
time. I may say that my lawyer
knows all the facts of the case.
I much regret having found it necessary
to tender my resignation after almost
20 years of service. I would however
withdraw my resignation - all parties

My dear Mr. Barber,

Job who has applied for the Shulus School is in every way a good man ; he not just a " teacher " but one who has always made the whole of the children's interests his own , and never spared himself to help them both in and out of school. If his academic qualifications are good, and I think that they are , you can recommend him for the post with unqualified assurance. He will carry on the best that Fyles gave to the children and yet be ready to make improvements where such are wanted. I hope you will be able to appoint him.

I am glad that this worrying cloud of uncertainty under which you have had to exist these last months shows signs of being finally settled - I refer to the Canford Reserve trouble. With every good wish

yours sincerely,

Dear Sir:

I am informed by Mr. A. R. Lett, of Lytton, B. C., that there is a vacancy in the Indian Day School, Shulus Indian Mission.

I beg to make application for the same. I hold a First Class B. C. Teachers' Certificate and Certificated Teachers' Parchment, Board of Education, England, with 18 years' experience in B. C., and 7 years' English experience. Of the former one year was spent at the Indian Mission School, Lakalzap, (Greenville) on the Nass River, 1926-27. I am out of a position through no fault of my own after resigning from Castledale, Upper Columbia Valley.

I am 49 years of age, single, have my own car, shoot, fish, am familiar with most games, playing tennis and badminton regularly, have specialized in folk-dancing, nature study & agriculture in which I took course at Summer School in 1927. I am an Anglican, choir-trained, sing and am capable of conducting and training a four-part choir, am familiar with all wood-working tools, building myself an 18ft. launch in 1915 when at Arrow Park.

Trusting my application will be successful.

Yours sincerely,

Frederick Job

Merritt B.C.
Nov. 20th, 1935.

I would be pleased to be instructed by the Department as to what further action I should take, or in the event that the Department desires that I interview Mr. Job, if I could be given particulars as to the salary which will be paid a new appointee. Mr. Fyall, the resigned teacher, received \$900.00 per annum.

In view of the fact that the year is so far advanced, and the school has now been closed for one month, I would respectfully submit that there is no urgent necessity of making a new appointment immediately, and that the School could remain closed until the start of the new term after Christmas holidays. That is, if the Department desires that I should interview the applicant, Mr. Job, myself, or perhaps have him get in touch with Mr. Barry, the Inspector of Schools.

I beg to enclose herewith attached, the application of Mr. Job, also letters of recommendation of both Bishop of the Cariboo, and Bishop of the Kootenay. Also the School report, made up to the 18th, when Mr. Fyall left.

An early reply will be appreciated.

Respectfully submitted.

Sir:-

In reference to Shulus Indian Day School of this Agency, which has been closed since the 18th day of October, when the teacher, Mr. A. E. Fyall, suddenly and unexpectedly tendered his resignation to the Department through Inspector Pragnell, Kamloops B.C., I now respectfully submit the following report:

I was away from the Agency from the 3rd of October to the 30th, attending the trial of the George Brothers at Vancouver. Therefore, I was unaware of the closing of the School until I received the telegram from the Department dated October 25th, which was forwarded from my office.

On the 26th Mr. Fyall called on me at my hotel in Vancouver and advised me of his resignation and told me of his troubles, which were of a personal nature, and handed over to me the keys of the School.

On the 31st October I interviewed Bishop Wells of Cariboo, at Kamloops, in regard to the School, and at my suggestion he agreed not to make any recommendation in regard to appointment of a new teacher until I had given Mr. Fyall an opportunity to return and take up his duties, which I did. However, Mr. Fyall states he is not fit to resume his duties for several months, but hopes to return after some months rest.

I have since taken up the matter again with Bishop Wells, and in consequence now forward the application of a Mr. Frederick Job, Vernon B.C., for the position of Teacher at Shulus Indian Day School, together with the letters of recommendation on his behalf from both Bishop Wells of Cariboo and Bishop Adams of Kootenay.

Mr. Job's qualifications will be noted in his letter. Also it will be noted that Bishop Wells states he has seen his credentials and recommendations, and is of the opinion he will make a good teacher for the School.

I have not seen Mr. Job, whose address is Vernon B.C. but have written to him advising that his application is being forwarded to the department for consideration, and that he will hear further in due course.

Dear Mr. Barber:

With reference to our conversation of Friday last, I should be glad if you will allow me to tender my resignation as teacher of the Indian Day School at Shulus with a fortnight's notice, instead of the usual month; having had a school at Ashton Creek, near Enderby, offered to me,

In many ways I am sorry to sever my connection with your department, and the financial position under the B. C. Authority is not so good as under the Department of Indian Affairs; but I feel that working in a white school with the higher grades will be more congenial than the work among the Indians, consisting as it does, of so much Kindergarten and Primary work, for which a special training is necessary that I feel myself not so qualified as I thought.

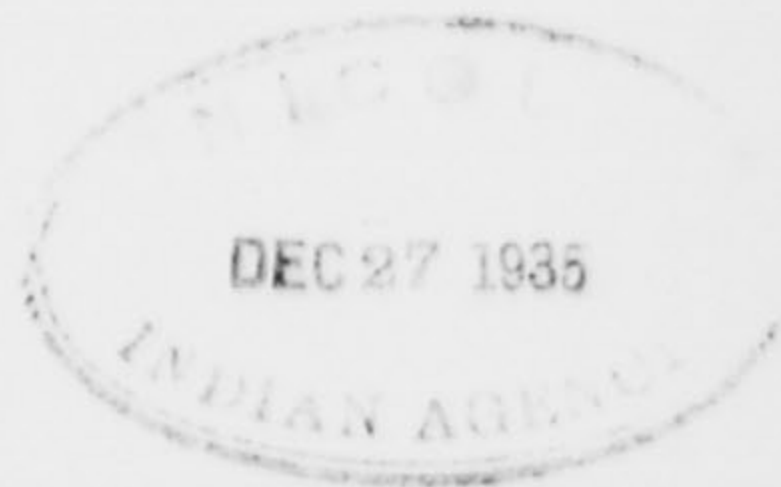

I am advising the Bishop of the Cariboo by this same mail of the step I have taken and my reasons for doing so.

With kind regards to Mrs. Barber, yourself and family, and every good wish for Christmas and the New Year.

Yours sincerely,

Dear Sir:

I have your letter of the 27th ultimo, enclosing a communication from Mr. Frederick Job, who was recently appointed teacher of the Shulus Indian Day School, in which he tenders his resignation as from the end of December, last. In this connection I have to confirm the following night lettergram to you, of yesterday's date:-

"Reference letter twenty-seventh ultimo, have Bishop Cariboo nominate teacher, Shulus School. Considered female teacher, age twenty-five to thirty, with British Columbia qualifications, most suitable. If satisfied regarding qualifications Bishop's nomination, make appointment. Advise name, qualifications and date begin duties. Salary ninety dollars per teaching month."

In order that there will be as little delay as possible in obtaining the services of a teacher, the Department will approve, as stated in the telegram referred to, of His Lordship the Bishop of Cariboo and yourself selecting a qualified teacher and making the appointment. However, you should advise the Department of the name, age, qualifications and experience of the teacher appointed and also state the date on which the teacher began duties. It would appear inadvisable to appoint elderly teachers, and, as stated in our telegram, it is considered that it would be more suitable to obtain a female teacher, as our experience in the past has been that elderly teachers do not readily adapt themselves to conditions. It is hoped that a suitable teacher will be obtained in time to re-open the school as soon as possible after the present holidays. The salary, as stated, will be at the rate of \$90 per teaching month.

In regard to Mr. Job's salary for the month of December, I have to say that the cheque in payment was sent him in time to reach him before the school closed for the Christmas holidays. Mr. Job should therefore arrange to reimburse you for the sum which you advanced to assist him over the holiday period.

Thos. Bevan, Esq.,
LOWER NICOLA, B.C.

Dear Sir:-

I am in receipt of your application for employment as teacher at the Shulus Indian Day School.

In reply, I may say that I was not aware that there was a vacancy for a teacher at the above-mentioned School at the present time. I also wish to draw your attention to the fact that I no longer recommend individual teachers for positions on the staffs of our Indian Schools. Your best course would, therefore, be to communicate with the Department of Indian Affairs, Ottawa, who would, of course, know of any vacancy that might occur in British Columbia. As a rule when a vacancy occurs in one of the Indian Day Schools, the authorities of the Church, in connection with whom the School is administered, nominate a suitable teacher. The Department of Indian Affairs in Ottawa reserves to itself the right to accept or reject any such nomination. Teachers with certificates obtained in some Province of Canada would almost certainly receive preference from the Church authorities, as well as from the Department of Indian Affairs. I am, however, forwarding your letter to the Department for their consideration.

Your obedient servant,

Gerald H. Barry.

Dear Sir:-

I am in receipt of your letter of the 10th instant, in which you recommend that Mr. T. Bevan be given consideration as a candidate for a teaching position should a vacancy occur at the Shulus Indian Day School.

At present I do not know that there is any vacancy for a teacher at the above-mentioned Indian Day School, but in case such a vacancy may have occurred without my knowledge, I am forwarding your letter, together with an application from Mr. T. Dear Sir:

The Department is in receipt of your telegram of the 7th instant, with reference to a teacher for the Shulus Indian Day School, and, as you requested, Mr. Agent Ferguson was sent the following telegram today:-

"Agent Barber requests you be advised regarding teacher, Shulus School. Department approves appointment male teacher nominated by Bishop of Cariboo, on understanding that he will remain at school until June thirtieth and a qualified female teacher engaged to take charge of school on September first."

As you were informed in official letter of the fourth instant, the Department considers it would be advisable to secure a qualified female teacher for this school, and, for this reason, we only approved the appointment of the male teacher for the balance of the academic year. You should keep in touch with the Bishop of Cariboo, with a view to securing the teacher desired by the Department. As soon as His Lordship is able to supply you with a definite recommendation, you should forward the name, age and qualifications of the teacher nominated by him for the Department's consideration.

Dear Sir:-

I wish to apply for position of teacher at Shulus Indian Day School. I may say that I have resided here since 1920, keeping a general store and Post Office, therefore I know all the Shulus Indians quite well and the school children are well acquainted with us. Although I have only been teaching school in South Wales as a pupil teacher for two and a half years, I know that I could fulfil this position satisfactorily to all concerned. I am writing to the Rev. Jas. Thompson of St. Martin's Vicarage North Lonsdale, North Vanc. who will no doubt furnish you with a brief outline as to character etc.

Dear Mr. Barber,-

Re Teacher--Shulus Indian School.

I have received notification of the resignation and departure of Mr. Frederick Job from the Indian School at Shulus. It would seem that the job did not suit Job.

I have had several applications for the position and am now in position to make a recommendation.

The enclosed application from David Westaway gives full information regarding the young man. I have been in touch with him for the past year and have confidence in his ability and character and determination. I think he will be satisfactory. The fact that he is preparing to go on to University and is anxious to provide funds to carry him through his course is a kind of guarantee that he will stick to the school for two years or until September 1937.

I would recommend him for the post.

Dept. file No. 169-13-1.

In reference to the position of teacher at Shulus Indian Day School of this Agency, and to Departmental letter of Jan. 23rd last, in which the appointment of Mr. David C. Westaway to the position until the end of June was approved, and in which the Department expressed a desire that his Lordship, the Bishop of Cariboo, would nominate a qualified female teacher for this school, to begin duties on or about September 1st next.

I have taken this matter up with the Lord Bishop of Cariboo, and attach hereto his letter, in which he recommends that Mr. Westaway be continued in the position, on the understanding that he takes the Special Course at Summer School.

*OK on
this condition*
I have interviewed Mr. Westaway, who has stated that he intends to attend Summer School, in the course suggested by Inspector Barry, and that he is very anxious to continue in the position at Shulus.

I would respectfully advise that he has done very well at the school since his appointment. The attendance has increased, the school is kept in better condition, and the pupils are neater and tidier. He is very interested in the work, and I would recommend that he be reappointed to the position for the next school year.

I will appreciate if the Department will advise in the matter at an early date, in order that Mr. Westaway may be notified before the closing of the school for summer vacation.

EXTRACT FROM LETTER OF MR. INSPECTOR BARRY, FOR-
WARDING HIS REPORT ON HIS INSPECTION OF THE SHULUS INDIAN
DAY SCHOOL ON FEBRUARY 25th, 1936. **EXD.**

Original on No. 169-13-6.

While the officials of the Department of Indian Affairs in Ottawa know my views on the employment of untrained teachers in Indian schools on the recommendation of Anglican Bishops, I wish them to know that I have done everything in my power to make Mr. Westaway's work a success. Dozens of suggestions have been noted by him during this inspection. He seems a very nice young man, and knows that he is only appointed for the balance of the term.

I wish to suggest to the Department that in this particular case, AND IF MR. WESTAWAY GOES TO THE VICTORIA SUMMER SCHOOL IN JULY, he be given a chance at Shulus for the school year 1936-37. If his work is not a success when I next inspect the school in the early part of 1937, I shall at once recommend that a new teacher be appointed for the 1937-38 school year. This will provide a reasonable check on the work done at this school and protect the interests of the Indian children. It will also probably satisfy the Right Reverend the Bishop of the Cariboo. I hope that the Department of Indian Affairs will agree with me in this, and I would ask that this letter be kept as a confidential document.

EXTRACT FROM REPORT.

Mr. Westaway is a theological student with one year's standing at the Anglican Theological College in Vancouver. This college is attached to the University of B.C. Mr. Westaway passed the Senior Matriculation Examination in Kamloops where he attended high school.

He has no qualifications whatever as a teacher. I have advised him to attend the next Provincial Summer School for Teachers to be held in Victoria and to take a course in Primary Work and a second course depending on which subjects are on the Programme of the School. I have explained to him that the Department may not sanction the continuation of his appointment here after the end of the present school year even if he does take a Summer School Course, as even then he would not have a Teachers Certificate. I have explained to him that it is unlikely that I shall be giving a course at the Summer School myself, but that if he asks me later when the Programmes are published, I shall do my best to indicate a course suitable as his Minor Subject, the work in Primary Subjects being his Major Course.

Mr. Westaway was anxious to take any hints given during my inspection. I had him write full notes of all suggestions so that he would not forget them later. I look on him as a boy who has probably been a good student with no particular intention of taking up teaching as a profession. He obviously wishes to get as much money as will take him through the remainder of his Theological Course, a further two years. The greater part of the time during this inspection was devoted to the instruction of this young man, programmes of work to be covered in the various Grades and Sub Grades being indicated, and a number of short lessons taught. Methods in teaching some of the most important Primary and Junior work were indicated on the blackboard. In fact I believed that the Department would wish me to do my best in the very limited time to give Mr. Westaway some idea of what he should do in the schoolroom, and in this belief I did all I possibly could for this young man.

While this young man knows nothing about teaching from a professional point of view, his attitude is good, he appears to be liked by the people, and if he will go to the Provincial Summer School in Victoria this next July, might be quite a success here. In any case I have done the best I can for him at the moment.

RECORDED

Sir:-

In regard to the appointment of a new teacher for Shulus Indian Day School, of this Agency, vice Mr. Job, resigned.

I beg to advise that in accordance with Dept. instructions contained in telegram of the 3rd instant, I took up with Bishop Wells the matter of a new appointment, and as a result of his advising me that he was not able to nominate a female teacher who had B.C. qualifications, at this time, but was strongly recommending a young man named Westaway, who was personally known to him and in whom he had every confidence, I wired the Department as follows:

" Reference telegram of 3rd instant Bishop nominates male 23 years no qualifications but year university for Shulus School agrees female most suitable none available Stop my opinion qualifications necessary at this salary but if department desires will have this man start immediately Stop advise by wire Kamloops office. "

In reply to this I beg to acknowledge receipt of Departmental telegram addressed to Agent Ferguson, as follows:

" Agent Barber requests you be advised regarding teacher Shulus School Stop Department approves appointment male teacher nominated by Bishop of Cariboo on understanding that he will remain at School until June thirtieth and a qualified female teacher engaged to take charge of school on September first."

Mr. Westaway was notified of his appointment until the 30th of June. He reported to me for duty on the 11th instant, and the school re-opened to-day, the 13th instant.

Mr. Westaway agrees to remain at the school until the 30th June and understands that a qualified teacher will be appointed to take over the school on September 1st.

For the information of the Department I would advise that whilst Mr. Westaway appears to be a very decent and ambitious young man, he has no experience or qualifications for teaching, and the nature of the work at Shulus being all Primary, up to Grade Three, is new to him. But I think he will be able to manage very well until the end of the School year, when a qualified teacher will be appointed.

Regarding the view of the Department that a qualified female teacher between 25 and 30 years of age would be most satisfactory, this is certainly so, as a girl of the right type, who has some experience in this work will be able to give far more satisfactory results than we have yet had at this School, as far as the teaching part is concerned.

I have informed Bishop Wells as to the views of the Department in this matter, and I have no doubt that he will be able to nominate a suitable qualified person in time for the re-opening of the school after the summer holidays.

She was for some time a teacher of the Senior Division at
St. Michael's Indian Residential School, Alert Bay, and for
a short time teacher at Massett. She has had some years of
Provincial Rural School experience previous to joining the
Staff of the Indian schools.

Remembering our conversation when I last had the
pleasure of meeting you, and the fact that you would like to
have an experienced female teacher, I am prepared to recommend
the appointment of Miss Edith Aylwin as teacher of the Shulus
Indian Day School. She is possibly a little weak in discipline
but makes up for this by her fine work in Vocational Training,
Music, and general care of the pupils. She understands what
is required in each Grade and Sub Grade and you will find her
an excellent teacher. She has been a great success at Kincolith.

A copy of this letter is attached as you may wish
to forward the original to the Indian Affairs Branch in Ottawa.

With all kind regards,
Yours very truly,

Gerald H. Barry

Dear Sir:

The Department is in receipt of your letter of the 7th instant, with reference to the Shulus Indian Day School.

In view of the information contained in Inspector Barry's report, you should notify Mr. D. C. Westaway that his services as teacher will not be required after the end of the current academic year, viz.: June 30th. You should also inform His Lordship the Bishop of Cariboo that Mr. Westaway's services are unsatisfactory and request him to nominate two or three qualified female teachers. The names of these should be forwarded by you to Inspector Barry, in order that he may have an opportunity of making a confidential investigation of their qualifications. He will then notify you which teacher he considers best adapted for the work at the Shulus School, and you can forward this name to the Department for our decision.

Yours truly,

Sir:-

I beg to forward herewith the quarterly report of Shulus Indian Day School, which I trust will be found satisfactory.

In regard to the teacher at this School, Mr. D.C. Westaway, I would refer the Department to the report of School Inspector Barry, dated March 20th, a copy of which I have received and in which a change of teachers is recommended, Mr. Westaway's teaching ability and qualifications not being entirely satisfactory, according to the inspector.

I would ask to be advised at an early date in this regard, in order that Mr. Westaway may be given ample notice before the end of the school year, and give him an opportunity to find another position or plan accordingly in the event a change is to be made.

HEALTH

Many colds and coughs on the reserves and an epidemic of measles at Shulus Indian Reserve, necessitating the closing of the Day School. These were undoubtedly brought from Lytton during the New Years holidays. There are twelve cases on the reserves and care is being taken to avoid it being carried to other reserves as much as possible.

Sir:-

I beg to advise that in view of an outbreak of measles on Shulus Indian Reserve (Lower Nicola No. 1) and the non attendance of pupils through it, I have closed Shulus Day School for one week on the advice of Dr. Gillis, with whom I was at the Reserve to-day, finding no pupils in attendance and six new cases of measles among the children on the Reserve, this making eleven cases.

Instructions are being given and care taken to confine the outbreak to this one Reserve as much as possible.

It is thought that the measles were brought up from Lytton during the holidays.

I trust that this will be in order.

Your letter of the 4th inst received.

In view of the fact that D.C. Westaway has been advised that his services will not be required after June I now submit to you the following name for the position of Teacher in the Indian School at Shulus.

Miss Edith M. Aylwin.

30 Years of age.

Second Class Permanent for B.C.

Four Years teaching in Indian School at Kincolith B.C.

Good reference from Clergyman at that point.

Teaches various kinds of handwork and singing.

Can play organ.

I think this is all I have to say. It would seem that Miss Aylwin is the kind of teacher your Department would like to have.

Dear Sir,-

With reference to your letter of the 15th instant, the Department approves the appointment of Miss Edith M. Aylwin, at present teacher at the Kincolith Indian Day School, as teacher of the Shulus Indian Day School for the academic year 1937-38.

It is noted from your letter that Mr. D. C. Westaway, the present teacher of the Shulus Indian Day School, is giving up duties at the end of the current month.

The Kincolith Indian Day School is situated in an isolated place and, as a result, the Department allowed Miss Aylwin a salary of \$100 a teaching month. However, the salary rating at the Shulus School is \$90 a teaching month and you should inform Miss Aylwin at once that, in appointing her to the Shulus School, she should understand that her salary will be at the latter rate.

REPORT ON ADULT EDUCATION OF THE MEN AND WOMEN
ON SHULUS INDIAN RESERVE

In August of 1944 I was commissioned to teach at the Shulus Indian Day School. This school had not been operated for two years hence it was necessary to gather the children together preparatory to the re-opening of the school.

This necessitated my visiting all the homes on the Reserve and brought me in contact with the parents and young people. After the school became a going concern and I had spent much time in visiting the parents to gain their co-operation, I felt there was a need for something in the educational life for the older people, even if it was only to encourage cleanliness and a right way of living.

After chatting with them and becoming friendly which took some time to accomplish - at first they would shut their door and talk to me outside, now it is "Come in, Come in" - they volunteered that they would like to meet together to learn to improve themselves.

On November 29, 1944, the first meeting was held with about 20 present, a mixed company of adults. From then on for two evenings a week, Tuesday and Fridays, (7:30 p.m. to 10:00 p.m.) a study was made of Reading, Writing, English, Arithmetic, Geography and Singing. The adults were placed in two classes, Beginners and Advanced Beginners. Some of them could not read at all, but were all very interested in learning, and during the year have made fairly good progress. A few adults could write quite nicely, others had to start from zero. As spelling improved it was found easier to write, and spelling was made as pleasant as possible by its connection with stories. Some elementary lessons in Grammar were taught to improve their use of the English language in order to eradicate some of their peculiarities of speech. The men often brought their problems to night school, as how to measure hay on the stack by the ton. This for instance brought in a review of their neglected arithmetic. In Geography they were interested in deep sea and inshore fishing as compared with their own efforts on the lakes and rivers. A special study was made of all the provinces in Canada with their different resources. During the course of each evening a period was set aside for singing. At first they were very bashful but the more acquainted they became the greater was the volume of sound, and to my joy I found that the sound was "real harmony" giving me the idea of a future "Toy" Symphony Orchestre.

Finding that Sundays were spent by the Indians very often in not to be desired occupations, I gave Sunday evening classes which consisted of Bible Study and Singing. The Indians seemed to appreciate this very much, often bringing their children.

One product of these evenings was a sacred concert on Good Friday of this year when the white people and Indians gathered together in the Hall and the Indians gave such a creditable performance that the white people were astonished beyond measure.

For the purpose of teaching singing it was necessary to have a reasonably decent piano, I was fortunate to be able to rent from "Lower Nicola Community". When about sixteen Indians brought a truck to return it on June 20, 1945, they asked for music before taking it away, and at the end insisted on singing, "God be with you till we meet again." It was a sad moment when the piano disappeared from sight; wondering what would happen with regard to the future and whether I or some one else would be able to continue along the lines we had started and develop a higher culture among the Indians.

With regard to their social life, they overcame their shyness and as their English improved they entered into conversation quite easily. At first their manners were not particularly polite but there is a marked difference in this side of their character.

Cleanliness, as learned through the children and night school has made vast strides, both in person and in their homes. The adults know I am going to visit them and they know that I am prepared to eat with them on occasion when they so invite me therefore they put forth their best efforts to have everything as nice as possible. I find that "visiting them" is an education in itself and will eventually draw goodly numbers to the night school (provided that I return in the fall to carry on with the work).

There was an average attendance at night school of 22, with about 33 names on the roll.

I did find the Indians very appreciative of all that I have done for their welfare, the climax coming when they gave me a "Farewell Party" presenting me with a gift accompanying it. I received various small personal gifts and the cry was "Please come back," "Please come back with us."

No words could express how much I have enjoyed the work among the Indians during the past year. At times it has been strenuous and hard but there has been a great joy in "much serving."

If circumstances over which I have no control prevent my return to Shulus I hope that some one else will be prepared to give their time and talents to carry on this work I have so much enjoyed and not find the extra burden too great.

All of which is respectfully submitted,

Miss Mosher, recently appointed teacher at the Shulus Indian Day School, has advised me that it is possible she may find it necessary to reside in one of the rooms at the school until more suitable accommodation can be secured as she has no means of getting to and from the school if she takes up residence in the town of Merritt, some three miles away. It appears too that she prefers to fix up the existing accommodation at the school for living quarters rather than reside at the Mission house, feeling that she would be more at liberty to use her spare time visiting the Indians, etc., if she had her own self-contained quarters.

Some items of furnishings such as single bed with spring and mattress, an easy chair and ordinary chair, a few dishes and pots and pans may be necessary to assist her to become established and I should appreciate authority to purchase these at your early convenience. The cost will be kept as low as possible. Please let me have a reply by airmail.

Replying to your letter of the 15th instant, file 169-13-1, with reference to the employment of Miss V. V. Mosher as teacher of the Shulus Indian Day School, I would advise that the usual forms in this connection will be forwarded as soon as completed.

In respect to your inquiry as to the rate of bonus in Provincial schools I would advise that this will be dealt with on receipt of the information from the Provincial Department of Education.

Perhaps the statement that Miss Mosher received a salary of \$100.00 per month plus cost of living bonus was somewhat misleading but was based on information supplied by Mr. Indian Agent Christie who advised in reply to inquiry regarding this matter as follows:

" Since interviewing Miss Mosher, I received copies of your letters to Bishop Stanford and Miss Mosher regarding salary. I am under the impression, however, that Miss Mosher will not insist on as high a salary as she is receiving at West Quesnel, which guarantees her \$100 clear after paying taxes, if the Department or Indians could be persuaded to put up a small cabin, (Miss Mosher advises me that she is not very particular about the size, as long as it is fairly warm). At present she is living in a small cabin down by the river approximately 12' x 12' on which she no doubt has to pay rent."

Miss V.V. Mosher, Quesnel, B.C., has been nominated by the Rt. Rev. Frederic Stanford, Bishop of Cariboo, for the position as teacher of the Shulus Indian Day School. Bishop Stanford's letter of May 10th nominating Miss Mosher is enclosed herewith.

Miss Mosher is a certificated teacher and is at present teaching at the West Quesnel Public School. She is receiving a salary of \$100.00 per month, plus bonus.

As properly qualified teachers are extremely difficult to secure, I would recommend that the Department approve of the appointment of Miss Mosher at a salary of \$100.00 per month plus cost of living bonus, duties to commence September 1st. A reply by airmail would be appreciated.

The Indian day school on the Shulus reserve was visited several times during the month, and I noticed an increase in the attendance. Also noticed the pupils clean and tidy appearance. Miss Edith Aylwin the teacher, fully agreed with the departments instructions in closing the school during September. Many children, during September, are out in the harvest fields and berry picking.

AIR MAIL

Dear Sir:

I am in receipt of your letter of the 9th instant in which you advise the Department of the death of Miss Lily Blachford, teacher of the Boothroyd Indian Day School.

If the Church authorities recommend the transfer of Miss Aylwin from Shulus to Boothroyd salary will be allowed her at the Boothroyd School at the same rate as was allowed the late Miss Blachford; namely, \$950.00 a year.

Handwritten initials
In the case of the new teacher, however, whether appointed to the Boothroyd or Shulus School, salary will only be allowed at the rate of \$850.00 a year.

With regard to the janitor services I find that we have been allowing \$50.00 a year at Boothroyd and \$30.00 a year at Shulus. This is an old arrangement made some years ago and I cannot see any reason for there being any difference in the amount allowed at the two schools. Possibly it would be fairer to allow in future \$40.00 at each of them. This would not increase the total expenditure. Please let me have your opinion regarding this suggestion.

Dear Major MacKay;

Confirming our conversation of last Friday, I should like to nominate Miss H.D. Sawyer, Qualicum Beach P.O. B.C. to be the new teacher at the Shulus Indian Dayschool.

From correspondence with her, from enquiries about her and from an interview with her I am convinced that she would be a very suitable person to teach and to train the group of children at present attending the Shulus School.

Enclosed, at your request, are two copies of a letter from Miss Sawyer to me, which will give you the information you desire.

I shall be much obliged if you can deal with this matter as soon as possible, for I have pointed out to Miss Sawyer that it would be desirable for her to contact the present teacher, Miss V. Mosher, before the latter leaves the school at the end of the present school term, in order that she may become acquainted with the methods Miss Mosher has been using with the children to obtain the very excellent results which have shown from her work there.

In this regard I am anxious that there shall be no break in the continuity of the progress of the children.

Yours very sincerely.

Fredric Cariboo.

Copy of parts of a letter to the Bishop of Cariboo, from Miss
D. Sawyer, of Qualicum Beach P.O. V.I.C. B.C. Re teaching
in an Indian Day School.

April 10. 1946

"I am a full member of the Church of England. I was born
of English parents and educated in England. I have taught
for 10 years in India and 18 years in Hong-Kong, where for
16 years I was Headmistress of the Diocesan Girls school,
thus I am used to work among different races and among
people of different religions.....
Until the last 6 years I have always taught in Church
schools. I tried to go back to Hong-Kong, but have been told
definitely that I cannot return, so now I feel that I can
offer my services to the Indian Mission for as long as I
can serve...

I have been teaching for the past five years in the Boy's
Private School here, (A brother lives at Q. F.C) and
thus have some knowledge of the Canadian curriculum.

I shall be glad to know as soon as possible if you will
consider my request, because I should like to tell Mr
Knight of my plans, so that he may can fill my place on
his staff.

I am very strong, Dr East gave me a certificate stating
that I was "in excellent health" when I was applying
for permission to return to Hong-Kong last year, and
only twice in the last five years have I had any medical
attention.

I am quite used to living alone and looking after my-
self and am not afraid of a lonely station...

I shall be very grateful if you will forward my letter
to the proper person.

With Kind regards.
Yours sincerely.

INDEMNITÉ DE VIE CHÈRE (AOÛT) 1941
DÉCLARATION À REMPLIR PAR LES CHEFS DE FAMILLE

Cette déclaration doit être remplie, en deux exemplaires, par les titulaires d'un emploi continu, susceptibles d'être considérés comme chefs de famille, et dont la rétribution est inférieure à \$108 par mois, et par toutes les femmes mariées au service de l'Administration. Elle doit être remise au ministère qui en garde un exemplaire et envoie l'autre au délégué en chef du Trésor, pour être transmise au Bureau de paye.

"Chef de famille" signifie une personne mariée, homme ou femme, une personne (homme ou femme) célibataire ou divorcée, ou veuve, qui entretient un établissement domestique d'un seul tenant, et qui y fait vivre réellement une personne entièrement à sa charge, lui étant unie par les liens du sang, du mariage ou de l'adoption.

- (i) "Etablissement domestique d'un seul tenant" signifie un logis, un appartement ou autre semblable lieu de résidence contenant au moins une chambre à coucher et dans lequel, en règle générale, l'employé couche et où ses repas sont préparés et servis.
- (ii) Une personne unie à l'employé par les liens du mariage signifie son époux ou épouse, les père, mère, oncles, tantes, neveux, nièces, grands-parents et arrière-grands-parents du conjoint de l'employé, les beaux-fils, belles-filles, beaux-frères et belles-sœurs de l'employé.
- (iii) Une personne unie à l'employé par les liens du sang signifie ses parents, parents nourriciers, grands-parents, arrière-grands-parents, enfants, petits-enfants, arrière-petits-enfants, frères ou sœurs, oncles ou tantes, neveux ou nièces.
- (iv) L'expression "unie à l'employé par les liens de l'adoption" comprend l'adoption de fait aussi bien que l'adoption légale.

Report on Adult Education of the men and women on
Shulus Indian Reserve.

Night classes were continued this year with much success. From Nov. 22 1945 - Easter 1946 three classes were held each week, Tuesdays, Thursdays and Sunday Evenings, with an attendance of 20 adults and 10 children. We continued with Arith. Geo. Hist. English, Singing, etc.

At Christmas we had a concert of sacred and comic numbers by children and adults. Thursday in Holy Week we had a sacred concert by the children. At both the children played the Rhythm Band instruments which we started this year. At our Christmas concert we raised enough money to buy the set of instruments for our school. I continued my visits among the Indians helping them in times of sickness, sorrow, etc. I feel that through my visits at their homes as well as through our classes, there is a big improvement in their appearance, health and manners.

I am more convinced than ever that a teacher through the Indian Day Schools can be a great help in developing a higher culture among the Indians.

The Indians have been very grateful to me for all I did for their welfare. My sincere wish is that the work I have so well started and enjoyed will be continued with much success.

All of which is respectfully submitted.

We have documentary evidence from Miss H. Dorothy Sawyer, teacher of the above Indian day school, to show that

- (a) she attended the University of Oxford in 1903-04 and passed examinations in Mathematics, French, German, Modern History and Religious Knowledge,
- (b) she attended the Cambridge Training College for Women for three terms from January 1917 to December 1917 and completed the full course of training.

At the time Miss Sawyer took these examinations there were the only certificates required to teach in a non-government school. Therefore we are classifying her as a second class teacher.

You will recall that at the last Session of Parliament, amendments were passed to the Civil Service Act whereby it was made increasingly difficult to employ anyone as a Civil Servant, either temporary or permanent after they had reached the age of sixty-five.

Our records indicate that it will be necessary to obtain an Order-in-Council before we can retain the services of the following teachers in your Province:

- (1) Miss H.D. Sawyer - Shulus Indian Day School
(Date of Birth - January 10, 1884).
- (2) Mrs. I. Snodgrass - Bella Coola Indian Day School
(Date of Birth - October 3, 1883).

It is felt that this matter should be brought to your attention now so that you can give an expression of opinion as to whether you feel that an attempt should be made to have such an Order-in-Council obtained covering the employment of these teachers.

I refer to Mr. Phelan's letter of May 7th, 1948 concerning the retention of Miss H.D. Sawyer, Shulus Indian Day School and Mrs. I. Snodgrass, Bella Coola Indian Day School, both of whom have now reached retirement age.

There has been a considerable increase in the number of applications of teachers for positions in our Protestant Indian Day Schools and in view of this it is felt that there is no necessity for retaining the services of teachers in Protestant Schools in B.C. who have reached the age of 65.

It is recommended that these teachers be notified as soon as possible of the fact that their services cannot be retained.

Dear Sir,

On June 1st of this year, I received a letter from the Vancouver Indian Office stating that the Department from Ottawa had informed them that because I shall attain the age of 65 during the next academic year it will necessitate my retirement from the Shuluss Indian Day School at the end of June. This date I naturally took to mean June 1949 as I do not reach the age of 65 until 1949, and at the same time I expect to be given more than one month's notice if such retirement is necessary. Because of this I made no plans to give up my work last June, and now I find myself at a loss as to what to do. The news that my successor has been appointed and intends to take up work this coming Fall was given me by a friend. I at once wrote for confirmation of the fact to the Agent in Merritt. He referred me to the Commissioner in Vancouver who gives me no further explanation of the matter. I now address this letter of protest to you. I have been given no notice in which time I could save up money for such an emergency. I am now planning to return to England as soon as I can. I have no home in Canada and shall have to dispose of certain possessions, get a passport and a passage etc. all of which takes time. Had I had proper notice of my dismissal I could have planned differently, and should not have left Shuluss for these

- holidays. The Government requires me to give at least 3 months notice, thus I feel that 3 months notice is due to me. Will you please explain why it is that I am being treated in this way? I was in Alberta when the news was sent to me by my friend & it was not until August 10th I heard from Mr. Sharpe, and August 17th from Mr. Arneil of Vancouver. I am on my way back to Merritt now, but do not expect to be there before August 28th.

If I am compelled to give up my work now I shall require at least 4 months salary in lieu of notice, as I am not 65 until Jan 1949.

Believe me

Yours faithfully,
(Miss) H. Dorothy Sawyer.

Your file 153-3-1 (E)

I refer to Mr. Neary's letter of August 25th,
and a copy of the above-named teacher's letter which was
attached.

Following the receipt of Mr. Neary's letter
dated May 26th, in response to our letter in which we
recommended that Miss Sawyer no longer be retained at the
Shulus School, we informed her in a letter dated May 31st
that in view of the fact that she would reach the age of 65
in the coming academic year it would be necessary for her
to retire at the end of June.

We also notified Supt. Sharpe that we were seeking
a replacement for Miss Sawyer. Subsequent to this we
received an application from Mrs. Jane Massey requesting a
transfer from Hazelton to some school closer to Vancouver.
Mrs. Massey was then offered the Shulus School and her
application was forwarded to the Department on July 21st with
a recommendation for her appointment. This application was
approved by the Department.

I do not consider that Miss Sawyer has any reason-
able grounds for complaint and no action in line with her
request is indicated.

The Superintendent of Education

Sir,

In reply to your letter of Sept. 21st 1948 I submit that I have been prematurely retired, that is virtually dismissed, without adequate reason, and further that I did not receive even a month's notice.

Retirement. I knew that I should be eligible for retirement, unless invited to continue, on reaching the age of 65; and I assumed that this would be, at the earliest, at the end of the academic year in which I attained that age i.e. June 1949.

According to your letter teachers are compulsorily retired at the end of the academic year previous to that in which they become 65 years of age, in my case at the age of 64 years, 5 months. If this be so, I submit your Department is responsible for the losses I have sustained by failing to make this explicit.

Notice. I believe that had I wished to vacate my post it would have been necessary for me to give the Department 3 months notice. I assumed that likewise I should receive 3 months notice of any decision to retire or dismiss me. According to your letter however, only one month's notice is requisite.

I submit that I did not receive even one month's notice. In the first place the letter addressed to me by the Commission on May 31st 1948, a letter which purports to constitute one month's notice did not reach me in Shulus until sometime after the beginning of June. I say "purports to" as this letter does not in fact constitute notice to the effect that my appointment would terminate at the end of June 1948. The letter is so worded, that its only effect was to corroborate my belief that my appointment would terminate "in the coming academic year"..... "at the end of June".

I would again point out that this premature retirement without adequate notice has cost me dearly. I have suffered financial loss through cessation of salary before reaching the age of 65. I was obliged to return to Shulus from my holidays to make what was virtually a forced sale of my furniture and other belongings. I was compromised in the eyes of my friends and acquaintances who, like me, received the news of my "retirement" so suddenly that it bore at least the resemblance of dismissal.

Superannuation. I have now received a cheque for \$145.58 "being refund of 'Retirement Fund' ", which I have returned to the Chief Treasury Officer as inadequate.

I submit that I am entitled to "one month's pay for each year of service" according to the terms of the Civil Service Superannuation Act; the refund

of premiums which has been sent to me would only be justifiable if I had been dismissed or had voluntarily retired.

I therefore repeat my request for reasonable financial treatment both in regard to salary in lieu of notice, and superannuation benefit.

Unless I receive satisfaction within the course of this month I shall feel obliged to take steps for the matter to be raised in the House of Commons.

I am,

Yours faithfully,

(Miss) H. Dorothy Sawyer.

Dear Miss Sawyer:

I have for answer your letter of October 7 which arrived when I was absent from Ottawa on a school inspection trip to the Province of Manitoba. I regret that you have not apparently become thoroughly acquainted with the difference between employment as a "temporary civil servant" and as a "permanent civil servant", as outlined in various issues of the Indian School Bulletin.

As an Indian day school teacher, you were classified as a temporary civil servant until such time as your application for appointment as a permanent civil servant was approved in the prescribed way. The details of this procedure were outlined in issues of the Indian School Bulletin. You did not, apparently, make application for classification as a permanent civil servant.

I also note that, had you done so, you would not have been eligible because of the fact that you do not hold a teacher's certificate granted by one of our provincial Departments of Education. While we are allowed to give credit for an English teacher's certificate for the purposes of our salary schedule, our regulations specifically require the holding of a provincial teacher's certificate before the classification of Permanent Civil Servant can be requested. These points were made very clear in the June 1947 issue of the Indian School Bulletin, as follows:

"The classification of permanent civil servant for the purposes of superannuation will be applied only to certain of our teachers as detailed below:

- (a) Teachers who are in possession of permanent teaching certificates as granted by Provincial Departments of Education.

Indian Affairs. (RG 10, Volume 6411, file 842-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

- (b) Teachers who have been employed for a period of at least two years as Indian Day School Teachers and upon whose work satisfactory School Inspectors' and Indian Agents' reports have been submitted.
- (c) Teachers who otherwise qualify within the regulations laid down in the Civil Service Superannuation Act.
- (d) Teachers of day schools in operation for a full academic year of ten months.

Note: Married women to be eligible must provide proof of the fact that they are, of necessity, self-supporting."

The Retirement Fund was set up for temporary civil servants and since September 1, 1939, a deduction has been made from the salary of all such civil servants. This subject was clarified in the December 1946 issue of the Bulletin, as follows:-

"Teachers in Indian Day Schools are at present classified as temporary Civil Servants. Like all temporary civil servants a deduction, therefore, is made from the salaries of those who have joined the service since 1 September, 1939. This deduction is at the rate of 5% and is called a Retirement Fund withdrawal. Please note that this deduction is not made from the salaries of teachers who were in the service prior to 1 September, 1939.

When teachers leave the Service the total amount of these withdrawals is returned to them with interest at the rate of 4%."

You will note that I stated in the beginning of my letter that I had recently inspected schools in Manitoba. As a result of my visit, we are opening three temporary classrooms as additions to present day schools. I found a serious shortage of teachers in Manitoba and since I have returned to Ottawa, I understand that we may be able to get special authority

to hire teachers approaching or past the age of 65, for teaching services in that province.

These positions are at the Peguis Centre and North Day Schools, near Hudson, Manitoba, and at the Fairford No. 3 Indian Day School, near Oxbowville, Manitoba. I note from one of your previous letters that you are anxious to return to England. If you are interested in one of these positions, I would like to hear from you as soon as possible. I can then provide you with further details as to location, number of pupils, etc. A furnished teachersage will be provided and you will share this accommodation with another female teacher, already appointed. Therefore, I would suggest that you send me a "Collect" wire as soon as you receive this letter, advising if you are interested in one of these positions. I can then immediately apply for authority to retain your services up to June 30, 1949. I am requesting an answer by wire so that arrangements can be made for you to report for duty by November 1, 1948. Your salary would be at the rate of \$186.00 a teaching month, plus free house and fuel (to be shared with another teacher).

Yours sincerely,

Bernard F. Henry,
Superintendent of Education.

Dear Sir,

I am in receipt of your letter dated October 16th 1948, part of which has been briefly answered already by cable, as requested. It is not now possible for me to accept the situation offered as I have recently made plans for the immediate future.

I wish to thank you for the detailed reply regarding Superannuation benefits, and I note that I am entitled to the repayment of pay deductions plus 4% interest. I should be glad if you would kindly give further instructions to the Chief Treasury Officer accordingly.

Unless the offer of a position was so intended your letter does not refer to my claim for compensation in view of the fact that my appointment was prematurely terminated at the age of 64 years and 5 months without notice; for the letter which I received in June cannot be considered adequate in view of its date and content.

In law and equity I am entitled to the compensation already requested. This matter having been promptly and satisfactorily settled, along the lines already indicated, I shall then be happy to consider, on its merits and as circumstances may permit, any post which you may then care to offer.

Yours truly,

H. Dorothy Sawyer

REGULATIONS GOVERNING THE EMPLOYMENT OF TEACHERS
IN INDIAN DAY SCHOOLS

1. An Indian day school teacher may be notified of his (or her) appointment or dismissal by official letter or by an Indian Agent acting under instructions from Head Office.
2. An Indian day school teacher is not required to sign a formal contract and may be dismissed for cause at any time. It is the policy of the Department, however, to give a month's notice prior to dismissal and it is expected that a teacher desiring to resign shall notify the Department at least one month prior to the date on which the resignation is to become effective.
3. Teachers of Indian day schools are temporary government employees and do not come under the Civil Service Act. They do not contribute to the government superannuation fund and do not qualify for superannuation allowance.
4. Teachers of Indian day schools must hold the complete academic and professional certificates required by the Province in which the Indian school is located.
5. Salaries are paid monthly. The teacher is required at the end of September, December, March and June to prepare a quarterly return and to send this promptly to the Indian Agent. The illness of a teacher, or the closing of a school, for any cause, should be immediately reported to the Agent.
6. Teachers in Indian day schools are required to be protected by successful vaccination against Smallpox, and by the toxoid treatment against Diphtheria, and evidence of such protection, in the form of a certificate from a qualified physician, should, if possible, be included with the application for employment.
7. Teachers should send all requisitions for school supplies to the local Indian Agent. They should notify the Agent when repairs to school buildings are required. Strict observance of this regulation will obviate unnecessary delay and ensure prompt action when duly authorized requests for supplies reach the Department.

Dear Miss Sawyer:

I have for answer your letter of October 19 and I regret that you are unable to accept the position offered to you in the Province of Manitoba.

I have requested our Chief Treasury Officer to forward to you again your Retirement Fund cheque which you previously returned.

The regulations governing the employment of teachers at Indian day schools are quite clear concerning the question of dismissal. These regulations have been in effect for some 10 years and should be found on file in every Indian day school.

Regulation 2 reads as follows:

"An Indian day school teacher is not required to sign a formal contract and may be dismissed for cause at any time. It is the policy of the Department, however, to give a month's notice prior to dismissal and it is expected that a teacher desiring to resign shall notify the Department at least one month prior to the date on which the resignation is to become effective."

I note that you are at present employed but that there is a possibility of your returning to our service according to the offer made in my letter of October 16.

Dear Mr. Arneil:

Reference your 1-11-3 of April 9, 1948,
0-11-3 " 15, 1948.

You will recall the letter forwarded to you recently with regard to co-operation with provincial Departments of Education insofar as it concerned the future educational plans for Indian children.

A study of Inspector Davey's reports and the late Inspector Coleman's survey (February 25, 1947) indicates clearly that Hazelton is one of the places at which we could co-operate with local educational authorities. It would seem obvious that, if arrangements can be made for these Indian children to attend the new white school, this arrangement would certainly be better than constructing our own Indian school just across the road from their new school. It would be appreciated, therefore, if you could discuss this matter with Inspector Davey and have him visit educational officials in Victoria to ascertain if they are interested in such a proposal. The Parliamentary Committee feels that we should be generous in making these agreements and there is a possibility that we might even be able to get authority for a partial payment of capital cost. This latter point is a difficult thing to discuss with provincial authorities as we are not sure whether we have the necessary constitutional authority under the old Indian Act. However, Inspector Davey could discuss with provincial educational officials:

- (a) their reaction to the operation of such a school,
- (b) their ideas as to how the school could best be financed.

It must be emphasized that we would not wish to have any control over the administration of the school, the hiring of the teachers, etc. We would be quite prepared to leave this in the hands of the local authorities and would pay them on a pro rata basis for the education of the Indian children of Hazelton.

You will recall that on November 16, 1948, you forwarded to the Department the letter of dismissal sent to Miss Sawyer, formerly teacher at this school. This letter read as follows:

Mr. J. L. Gibson, M.P., has contacted our Division with regard to claims made by Miss Sawyer concerning the payment of back salary. You will also recall previous correspondence with regard to superannuation and to the payment of four months' back salary. It would seem that the only claim which she now has on the Department is with regard to the wording of the dismissal notice sent her. Her claim is of course that she interprets your letter to mean that her dismissal was to be effective at the end of June, 1949. If you will review this letter yourself, you can understand how it

is possible to take such a meaning out of it, particularly when money is concerned.

It may be necessary therefore to make a payment to Miss Sawyer of one month's extra salary, in lieu of the month's dismissal notice required by our regulations. I would suggest that in future every care be taken to ensure that dismissal notices are very clear and that no ambiguity exists. Mr. Gibson is again writing to Miss Sawyer and we will hear from him further when he has had a reply.

Dear Mr. Gibson,

I wish to thank you for your letter of 5th inst.
There is no doubt in my mind that I was prematurely released from the service without adequate notice. This sudden severance not only embarrassed me financially but also cast a slur upon my professional reputation. The latter was removed by the offer of re-employment, and your letter suggesting one month's salary in lieu of notice is some acknowledgement of the monetary loss I sustained.

I should like to assure you that in pressing my claim as I have done, I have been motivated solely by a sense of justice and fair play both for my professional colleagues and myself and not in any spirit of vindictiveness or mere desire for financial recompense, although I am by no means a 'well-to-do' person.

In view of the foregoing I am prepared to accept the suggestion you have made, one month's salary, \$186.00, in lieu of notice in full settlement of my claim against the Department.

I am deeply indebted to you for your interest and help. I felt any appeal to you could not fail to receive sympathetic consideration and prompt action.

Yours gratefully,

St. Dorothy Sawyer.

Dear Sir:

I have for acknowledgment your
letter of February 21, with attached letter from Miss
Sawyer.

We have prepared the necessary
memorandum to our Chief Treasury Officer for the
payment to her of \$186.00 for teaching services in
the month of September, 1948.

I have asked our Chief Treasury
Officer to advise me when this cheque has been for-
warded and I will immediately write you further when
I hear from him.

Yours very sincerely,

Memorandum:

CHIEF TREASURY OFFICER

Re: Shulna Indian Day School, No. 842.

(MR - IAE - 842 - 3000)

The Department has now been advised that Miss H. D. Sawyer, formerly teacher at this school, is entitled to salary for the month of September, 1948. She was classified as a Grade II teacher with credit for a second class certificate, 2 years of Indian school experience and 36 years of English and provincial experience and is therefore entitled to payment at the rate of \$1,860.00 an academic year, or \$186.00 a month.

7.1 This cheque should be mailed to her at the Qualicum Beach School, Qualicum Beach, B. C. Could we please be advised when this cheque has been mailed.

Dear Sir:

You will recall my previous letter of March 1 with regard to the payment of \$186.00 to Miss H. Dorothy Sawyer, for teaching services at the Shulus Indian Day School.

I have just been advised by our Treasury office that this cheque will be sent to her today.

We are pleased to have her original letter of February 9 indicating that she will be satisfied with this amount. We appreciate your co-operation in this matter and hope that it is now settled to the satisfaction of everyone concerned.

Yours very truly,

I am enclosing District School
Inspector Davey's report covering his inspection
of the Shulus Indian Day School on April 5th.

Mr. Davey reports very favorably
with regards to the operation of this school, but
in order to relieve over-crowding, it is suggested
that an effort be made to secure the admission of
Grades 4 and over to the Provincial school.

Superintendent Sharpe is receiving
a copy of this report with a request that he approach
the local School Board.

General Comment:

It is a pleasure to visit this class-room. The children have made excellent progress in the basic subjects of reading, number work and language and have developed good work habits and attitudes. They quite obviously enjoy their work in school.

It will be noted that the school enrolment has reached 32 and I believe an effort should be made to secure the admission of Grades 4 and above to the Provincial school. I have already asked the Superintendent to investigate this possibility. This proposal would leave an adequate pupilage for a primary school and would avoid the construction of an additional room in the near future, as well as give the advantage of joint education. Since the pupils would have to be transported on the Provincial school bus some 4 or more miles, I do not believe we should seek the admission to the Provincial school of the three primary grades.

Ottawa, April 8th, 1910.

Very Reverend Sir,

In the month of January, last, the Department received through Senator Bostock a communication from you in which, among other things, application was made for a grant to erect a school and a hospital at Shulus.

Senator Bostock has no doubt communicated to you the reply of the Department, which was to the effect that a salary of \$600.00 would be allowed a physician, this to include cost of medicines, and that assistance would be given to establish a day school.

I may say that the Department quite agrees with you as to the benefits to be derived from day schools on the reserves under competent teachers and to enable you to carry out the programme you have in view Parliament has been asked to appropriate the sum of \$3000.00 to erect a modern school-house at Shulus.

Anticipating that this sum will be voted the Department would like to have from you a report in which you should deal with the size of building necessary, the material of which it should be composed, the best means in your opinion of having the work performed, whether by day labour or by contract, and ^{state} whether a suitable site on the reserve

Very Reverend Sir,

I have to acknowledge the receipt of your letter of the 14th ultimo in further reference to the erection of a school and a hospital at Shulus, B.C.

In reply I beg to say that, as the attitude of the Department in the matter of assistance towards these projects is apparently not clearly understood, it would appear expedient to recall previous correspondence.

In your letter to Senator Bostock of January 20, last, after dealing with the necessity for two new buildings you wrote as follows:-

"These buildings will cost in all between furniture, land, pump-house, etc., over \$7000.00. I shall be glad if you will kindly go into it and if you can support my application will you help us in getting a grant from the Department towards the buildings. If we can get \$3000.00 towards the hospital and school it will make it possible for us to set about it this year."

Senator Bostock was told that the Department was disposed to grant the assistance asked for and that the sum of \$3000.00 would be inserted in the Supplementary Estimates for consideration, but that it was thought best to confine whatever aid was to be given to the school.

In official letter of the 8th ultimo you were

advised that Parliament had been asked to appropriate \$3000.00 to erect a school-house and the Department, anticipating the vote, asked for certain information as to the proposed building. This grant was made and the sum of \$3000.00 is now available to proceed with the erection of the school building.

In view of the fact that the Department has complied with your original request and provided the required amount (\$3000.00) your application in letter of the 14th ultimo for a grant towards an hospital building, so that both buildings might be erected at the same time, is not understood. True the Department confined its aid to the school building, but made such provision that the Church will not be called on for any part of the cost and will thus be in a position to devote its available funds to the hospital. The Department was asked for aid and responded to the extent asked.

You will be good enough, therefore, to send a sketch of a building you think would be suitable for school purposes, stating the number of pupils to be accommodated and an approximate estimate of the cost. You might also say whether there are contractors in the neighborhood who would be competent and willing to undertake the work. No doubt better prices could be had if both buildings were erected at the same time.

With reference to the salaries I beg to say that in the letter to Senator Bostock it was stated that the Department would pay the current rate for teachers' salaries in British Columbia. The amount to be paid will depend upon the qualifications and the work done. If field matron work is undertaken the services of those engaged will

influence the children to attend regularly as a mass case through the parents; Senator Bostock in his letter says the Department is willing to pay the ordinary rate of teacher's salary, if we have a fully qualified teacher - in this country the lowest rate of teacher's salary is \$55.00 per month - but judging from Senator Bostock's letter & also Mr. Bradley's I should think they did not anticipate more than \$600.00 per year to this our friends at home have promised \$960.00 per year so that I hope to be able to have three teachers on the Reserve and to aim at doing all we can for the well being of the Indians in every way, teaching them about farming, gardening and stock-raising.

We hope to put up buildings near the Reserve touching the road on a piece of land suggested by the Chief as there is splendid drainage and it is a particularly healthy site. I have not had any plans drawn out yet as I do not know how much money we shall have until your grant has been made, for the school buildings themselves I would like one big and two smaller class-rooms with porch and lavatory outside, and the teachers' house attached and the necessary closets and outbuildings, a deep well must be dug and an engine put in to pump the necessary water for school - house - and Hospital - if we cannot ^{put up} the Hospital immediately then we shall have to do so as soon as possible.

At Sytton we have a resident Medical Officer, & I also studied medicine at Cambridge, but he does not wish for any grant for the present from the Department, he has been here for two months or so & before long we had R. Scott but he went home to take up an appointment offered to him there; our present medical officer was also in the staff of one of the London Hospitals and intends returning home in the autumn and will get a young man to come out & they will both settle down here, so that if one is away the other will be at hand; such is the present intention, between the House & Mission Fund \$960.00 is provided for the salary of the Resident Medical Officer independent of any Government grant.

With regard to Shuleas what I distinctly feel is it would be a tremendous advantage if the Government could give us a grant towards the building of a Hospital now so that both buildings could be put up at one time, they must be frame buildings, plastered or cemented, with furnaces & put up by contract, the greater part of the lumber will have to come from the Vancouver Mills and it will such a saving loss in cost of freight & handling expenses to have the whole lot done at once. These plans had Mr. Towell's entire support and approval.

Dear Sir,

In answer to yours of May 11th 1910 No 336204/1
I am sorry I misunderstood your intention. I did ask for
\$3000⁰⁰ for the Hospital & School buildings for the Skulie
Indians, but not for \$3000⁰⁰ toward the School alone
& I understood from your letter of April 8th 1910 No. 336204/5
that the grant would be only toward the School, as you say,
"the sum of \$3000⁰⁰ to erect a modern School-house at Skulie".
So I took it that we were expected to put up a \$3000⁰⁰
building for the School-house itself which rather up-
set our plans a bit & would necessitate quite an
elaborate School-house. Thank you very much for
your explanation that the grant will come toward
the these buildings & not as I misunderstood.

We shall have to delay matters a bit as the Bishop's
letter has rather brought things to a stop with the English
Committee & we shall have to make arrangements when
the Bishop is appointed. I will try & write next
week.

I have to acknowledge the receipt of your letter of the 6th instant in reference to the site of the proposed Shulus school-house.

In reply I beg to say that the Department can erect a building only on reserve land. Under existing conditions the suggestion to obtain a surrender of a portion of the reserve cannot be given consideration. The Department can, however, with the consent of the Indians give the Church right of occupancy so long as the proposed hospital and other buildings are used for the purposes of Indian education and the land remains an Indian reserve.

The Department is prepared to proceed with the preparation of plans for a school-house so soon as a satisfactory site is decided upon and information in respect to the accommodation needed is furnished. It would be well to give full particulars as to the number of children to be provided for, materials to be used in construction, best means of heating, etc.

You will be good enough to communicate the contents of this letter to Venerable Archdeacon Rugh.

Sir,

I beg to advise you that the Department has under contemplation the erection of a new school-house at Shulus, B.C., and an appropriation of \$3,000.00 has been granted for this purpose.

It is desired to put up a frame building of a sufficient size to accommodate the necessary number of pupils with teachers' rooms attached. It will also be necessary to sink a well. The site has already been selected by Venerable Archdeacon Pugh and the Department would like you on the first convenient occasion to visit the location and confer with the church authorities. If the Department has not on hand a plan which will prove suitable for a building such as is required one will be made and Archdeacon Pugh has promised to forward a sketch of a building he thinks would be suitable.

As the season is advancing little time should be lost in forwarding the Department all necessary information to proceed with the work. A report from you will be gladly received.

The Department will undertake the erection of the school building. The sum of \$3,000.00 has been voted for this purpose and it is thought that all this amount will be required to put up a creditable building, heated by a furnace and with teachers' rooms attached, if thought necessary. Dear Sir,

Last week Mr. Drummond gave me your letter of Feb 15th in regard to the proposal of the Indian Chief at Shiloh that in view of the fact that now Mr. Smitte declares to sell the piece of land adjoining the Reserve on which we were anxious to build, that the Indians give us three acres immediately immediately adjoining the line of the Smitte's place & on the S. W. corner of the Indian Reserve along the C.P.R. right-of-way. This was a suggestion of the Indians themselves & quite spontaneous when they realized the difficulty of draining &c which makes the present "School Reserve" with our funds an impossibility.

I shall be glad if the Department can reconsider your decision of Feb: 15th as expressed in your letter to Mr. Drummond. We are prepared to expend about \$6000⁰⁰ in Hospital & other outbuildings if we can secure about 3 acres of land immediately adjoining the Reserve & I think you will quite agree that we cannot spend that money ~~that money~~ over again later on unless we do so on land which is our own. Mr. Drummond quite agreed with the offer of the Chief & said that he would convey the suggestion to you & further advised that in order to secure the title absolutely if the Indian Department agreed to the arrangement that we pay the Provincial Government their price for what they claim as reversionary

interest.

The whole question has been hanging on so long because of the indecision of the owner of the adjoining property & also the difficulty in the matter of drainage in almost every other locality. The land we asked to purchase is worthless from an agricultural point of view but I have offered him \$500.00 for the 3 acres, he first of all agrees for \$50.00 an acre & then changes & now declines to sell unless I agree to buy the whole of his quarter section. It has been peculiarly humiliating all through as the several Home Societies have agreed to support my application & promised to help in paying \$150.00. a year toward a doctor's salary \$200.00. a year to a resident married clergyman & other Societies have promised help in furnishing & paying the salaries of the nurses at the Hospital & the whole time we have been kept back & we were playing with us, unfortunately the man's health has been bad but he is again to be very last promised as the land. The only other place for purchase the least bit suitable would be across the River this puts every thing away from the Reserve where I particularly want it. I am due at the Coast again in the first week of April & shall try my best, if I cannot manage it I sincerely hope you will find it practicable to withdraw any objection to the piece of land offered & the chief thing made over to us.

Very Reverend Sir,

I have to acknowledge the receipt of your letter of the 24th ultimo in further reference to the establishment of a day school and hospital on the Sholus Indian Reserve.

In reply I beg to say that the Department, while most anxious to expedite this matter, cannot under existing conditions consider the surrender of any portion of the reserve, nor can buildings be erected outside the confines of an Indian Reserve unless on land the title for which is vested in His Majesty the King.

Referring to the plan recently forwarded the Department by Mr. Drummond would it not be possible, provided the Church authorities are able to make satisfactory arrangements for the piece of land marked "A" on the tracing, to so place the buildings that those erected solely by the Church would be on the property belonging to it and a school-house, which would be erected by the Department, ^{would be located} on the piece of land marked "B", the use of which for school purposes has been agreed to by the Indians. This would mean that the Church buildings would be west and the school-house east of the boundary line of the reserve as shown on this plan.

Dear Sir,

we have again to peruse the land I referred to
in my former letter & which I desired to purchase for
the Indian Agent's Quarters but the owner positively declines to
sell any part unless we buy the whole of his quarter section.
There again we quite decided that the School Reserve is at
present an impossible location for any building as
it is flooded during the irrigating season & the great cost
of drainage to place it quite outside any but those who
are prepared to spend several thousand dollars in sewage
system alone. So we have decided to build on the Reserve
on land adjoining the Snell's pre-emption & the rail-
road, it is near a good spring of water, dry gravelly
soil, free from houses and mosquitoes. It is to all
our minds quite the best piece anywhere on the
Reserve & closer to the Indians themselves as being
the most suitable.

I enclose rough copies of the plans
of the Hospital, School & dwelling-house

The amount of the contract is \$7000.00 for these buildings alone, we have not yet decided about the pump-house & nor electric light and hope to have one engine to run both these systems, The fitting up of the Hospital will amount to \$2500.00 probably more.

The original plans were rather more elaborate & we have had to modify them as at the present price of lumber they totalled up to much more than this and again I would rather wait a bit and feel our way as the land is not our own, still the work is for our people. I have been much away lately & have no time to write to you & this week the contractor told me if he could not go at it immediately it would be impossible to finish the work by the Fall.

I shall be up north until July, if your letter is urgent please mark it so that it may be forwarded. I find that only the ground plans are copied and the elevations but they will be sufficient to give you an idea.

Yours faithfully

E. W. W. Pugh.

Ottawa, June 14, 1911.

Sir,

The Department is in receipt of a communication from Ven. Archdeacon Pugh in which he advises that the Church of England has decided to erect the teacher's residence, hospital and school building on the reserve.

In this connection I may say that the Department will be prepared to contribute its share of the cost of these buildings, viz.- \$3000.00 when properly certified vouchers showing that an expenditure of this amount or over has been made are forwarded. The plan for the school-house was not altogether satisfactory and I enclose herewith for your information a copy of the reply sent to Archdeacon Pugh.

Ottawa, June 9, 1911.

Very Reverend Sir,

I have to acknowledge the receipt of your communication of the 27th ultimo enclosing ground floor plans of a hospital, dwelling house and school building which it is proposed to erect for the Indians on the Sholus reserve.

In reply I beg to say that the Department is pleased to learn that you have decided to erect these buildings upon reserve property and it ^{will} be prepared upon completion of the work to give the amount of the grant promised, viz.- \$3000.00, it to be understood that the school building is to be solely the property of the Department.

Certain modifications, however, in the plan of the school building are considered advisable. In the first place the height of the wall is given as only ten feet. The larger of the two class-rooms provides floor space for 24 pupils, but, if only ten feet in height, the cubic air space would only be sufficient for 16 pupils. The floor space of the smaller room has accommodation for 21 children, but the air space will only accommodate 13. You will see from this that it is absolutely necessary that the ceilings be higher to provide adequate air space for the number of children in each room for whom there is floor space. The ceiling should be at least 15 feet high. This, however, will not add very much to the cost of the building.

The wisdom of having two small class-rooms in a building

building of this size is not apparent, in fact one teacher would have no difficulty in teaching the number of pupils for which space would be provided even with the ceilings 15 feet high, as suggested. Two class-rooms will necessitate two teachers. The Department will, of course, be pleased to provide two teachers should the attendance of Indian children at the school warrant such action. It is suggested that there should be only one class-room of the size at present occupied by the two rooms, or, if it is considered advisable to provide two class-rooms, that the space be increased by adding a few feet to the width of the building and to the length of the class-room by reducing the width of the teacher's room and waiting room. I would ask you, therefore, to re-consider the plan of the school-room, which can no doubt be ^{arranged} ~~done~~ to the mutual satisfaction of yourself and the Department.

I would also add that it would save delay if these matters were brought to the attention of the Department through the office of the local Indian Agent. In the meantime could not the contractor proceed with the erection of the residence and hospital buildings? Adequate provision should be made in the class-room and hospital buildings for a system of artificial ventilation.

Those men at work told me that they were paid in full to date and his receipts shew payments to others.

The lumber was obtained locally at Merritt and has been paid for; also the hardware.

As he had only one set of receipts, he does not wish to part with them.

He has received at date \$2,500.00 and is to receive another thousand dollars this week.

The rates of wages paid were, carpenters, ~~six~~ nine hours per day, four dollars and a half per day; plasterers, eight hours per day, seven dollars per day; plumbers, nine hours per day, seven dollars per day.

He shewed me where he had paid out on the school alone \$ 2,409.00 and this with very little figuring.

The wage bill on the house and school at date paid was \$886.30 outside of wages paid on account of the hospital, and lumber for the school and house \$ 1,335.00 besides that for the hospital.

I trust that with this knowledge the Department will see it's way clear to pay the voucher.

School House, etc at Shulus.

I beg to acknowledge receipt of your letters 336204/5 of August 28th and October 5th respectively.

I now reenclose voucher with receipts attached signed by the Contractor, Mr A. Goodison.

On the 14th inst I was on the Nicola-Mameet or Shulus Reserve, saw the contractor and the men on the work and beg to report;

1. The school house is finished with the exception of the installation of a sink: the ~~suggestion~~ suggestion contained in the Department's Letter, numbered 385066, a copy of which was attached to a letter to me, 336204-1 of June 21 with regard to the school room has been carried out and there is now a class room 30 by 24 by 10 in the clear in height instead of two rooms.

There are also in this building a teacher's room 15 by 15 by 10; two cupboards, lavatory and porch.

2. The residence in connection with the school and hospital is 75 to 80 per cent finished.

3. The hospital is 65 to 70 per cent finished.

The total value at date of buildings is for insurance \$ 6,500.00; the character of the lumber supplied is of the best, being well seasoned and where necessary full clear.

The plumbing and plastering are likewise of first class workmanship and finish.

With regard to receipts asked for re material and labour, I went into this matter with the contractor, saw his files and also the two men who are finishing up the buildings.

Dear Sir:-

To cover the amount of money advanced by me towards the building of the school and house on the Indian Reserve at Shulus B.C. I have asked Messrs. H. Bell-Irving & Co. Ltd. of Vancouver B.C. to insure the buildings for \$3200.00 for three years.

The amount of the premium for same is \$66.00.

I have advanced \$2500.00 on these buildings and have to take this course to protect ourselves in case of fire.

Will you kindly advise me as to whether the Department of Indian Affairs at Ottawa will continue this insurance or will be only responsible for that portion of time until the buildings are completed and the money advanced paid over to my account

With reference to that portion of your letter of the 19th June, in which you refer to the balance of grant which the Department agreed to make towards the Shulus Day School building, and your statement that accounts for these amounts were sent to Mr. Drummond by Archdeacon Pugh, I beg to say that the Department apparently did not receive the account in question. The Department agreed to make a grant of \$3,000.00 towards the erection of the school-house in question on the Nicola-Mamet Reserve. \$2500.00 of the amount in question was paid in October 1911 upon the presentation of a voucher for that amount. Before the balance of the grant can be paid, it is necessary that the Department receive a voucher covering the same. Although the voucher for \$2500.00 was accepted, it was not altogether satisfactory and it is now desired that you will forward a voucher for the \$3,000.00, the full amount of grant. If it is found, ~~upon receipt~~, to be satisfactory the balance of the grant will be paid. The Department should be furnished with receipted accounts from all persons who supplied material for the erection of the building, or who were paid for labour. They should show in detail the amount of material purchased with prices and the labor paid for; also rate of wages and they should be attached to the voucher for the \$3000.00 which should be certified to by you.

I have to acknowledge the receipt of your letters of the 9th and 10th instant regarding the balance of the cost of building the Sholus School.

In reply I beg to say that it will not be possible for the Department to pay the \$500.00 until detailed accounts are furnished and both you and Archdeacon Pugh should endeavour to obtain such accounts from the persons who supplied the material. Should it, however, not be possible to obtain these accounts the Department might be able to make payment upon receipt of a declaration from the Archdeacon setting forth the fact that he had handed the original accounts to the late Agent and that they have been lost or mislaid and since then he has made every endeavour to have them duplicated without success and you should also make a declaration to the effect that you have searched the papers in the office unsuccessfully. The Department regrets that it cannot comply with the Archdeacon's request to make an immediate payment. In reply to yours of the above date re the grant of \$3000.00 towards the building of the Shulus School.

I beg to say that I have given the Office a thorough search but can find no correspondence whatever in connection with the matter.

I have interviewed the Rev. Arch. Pugh & he states that he handed everything that was in his possession over to the late Indian Agent, so it is impossible for him to give you any more receipted accounts or detail as asked for by you.

If it is absolutely necessary I can go up to the Reserve & see the contractor & try & get a detailed account from him, if he is able to give it.

I am enclosing a general statement made out by the Contractor for the different classes of work performed on the said building; also a list of payments made to the contractor Diocesan Treasurer with dates to same, this will show you that up to date the Contractor has been paid \$ 5500.00.

If there is any way of having this matter settled without all this extra work which will cause no end of delay, & then it is doubtful whether we will be able to get the detail.

I am

Your Obedient Servant

A. Graham.

Dear Mr. Graham:—

I shall be glad if you will kindly notify the Department that they have not yet sent me the remaining cheque for \$500.00 paid by me for the Shuswap House and School at Shulus. The Contract was for \$3000.00 and the plans were submitted to the Department for their approval and the School altered to their suggestion, the money was paid over by me to the Contractor, Mr. A. Goodison, on the completion of the work, which he tells me he told you. I shall be glad if you will send on this letter to the Indian Department immediately so that the amount may be paid me, as I am sadly inconvenienced by the delay.

Yours very faithfully

Sir:-

Referring to your letter of the 31st ultimo, I beg to transmit herewith cheque No. 2531 for \$500.00 in favour of the Venerable Archdeacon Pugh being final payment in connection with the erection of the Shulus Day School and Hospital on the Shulus Indian Reserve. The delay in payment is due to the fact that the request contained in official letter to you of the 23rd July last has not been complied with. A form of declaration is transmitted herewith, and it is desired that you will ask Archdeacon Pugh to make a declaration thereon in accordance with the requirements set forth in the letter quoted, copy of which is also enclosed herewith. The declaration should be forwarded to the Department together with voucher in favour of the Archdeacon for \$500.00. When the declaration has been made you may give the cheque to Archdeacon Pugh.

I, Edward W.W. Pugh, of Lytton, in the Province of British Columbia, Archdeacon of Yale, in the diocese of New Westminster.

DO SOLEMNLY DECLARE

1. That I have had the supervision of the building of the school-house at Schulus on the Nicola-Mamet Reserve, towards the construction of which the Department of Indian Affairs agreed to contribute the sum of \$3000.00, and have a personal knowledge of the matter in question.

2. That, of the said amount, the sum of \$2500.00 has already been paid.

W.W.P.
3. That vouchers for the remaining \$500.00 were furnished ^{the Contractor} by ~~me~~ to the late Indian Agent, Mr. E.B. Drummond, ^{at Schulus in my presence} who it appears had mislaid or lost them.

4. That I have made search in the office of the Indian Agent for the said vouchers but have been unable to find them, and further have been unable to procure duplicates of the same.

5. That, in addition to the expenditure of the \$2500.00 already received, I personally know that more than the said \$500.00 has been legitimately and properly expended for material and labour in the completion of the said school-house.

Sir:-

I respectfully request authority for the expenditure of a sum not exceeding Twenty Five Dollars (\$25.00) for the purpose of renewing the screen windows and door of Shulus Indian Day School.

The screen on the nine windows of this School has been in place over twenty years, and, as can be imagined, is now absolutely no use for the purpose it is intended; and, flies and mosquitoes being very bad at this spot during the summer, I strongly recommend that I be allowed to replace these screens and also purchase a new screen door.

Dear Sir:-

I have the honor to transmit herewith a duplicate report (No. 7) of inspection of the Nicola Indian Agency by Inspector G.S. Pragnell,-----

The Inspector's remark in the concluding paragraph on the school should, it is thought, be especially noted, as I have no information that the understanding of the Inspector is supported by the practices in vogue with respect to the superannuation of Indian Day School teachers.

NICOLA AGENCY INSPECTION REPORT NO. 7 (CONT'D)

S C H O O L S.

In company with the Agent, I visited the Day School at Shulus Reserve, which has been in charge of Mr. Fyall for so many years. The school was neat and tidy and everything in good order. There were present sixteen children out of a roll of 17. The children were divided into Grades 1, 2, and 4, besides beginners.

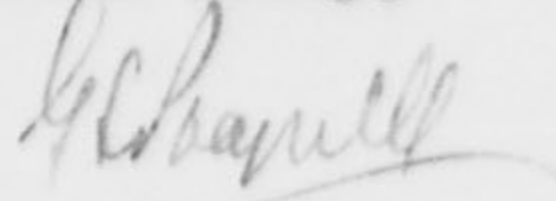

Both Grades 1 and 2 read well and grade 2 seems a little ahead of their work. Grade 4 also read well. This grade was good at mathematics, and the lower grades up to their work. The children seemed bright and intelligent and not too shy, but anxious to show what they could do. Discipline was excellent and Mr. Fyall knows how to handle and interest the children.

I am very pleased with the school throughout, and I know that both Mr. and Mrs. Fyall are, in an unobtrusive way doing excellent work in other ways on the Reserve, not only amongst the children but parents as well. Mr. Fyall gives the children a certain amount of manual training and his wife teaches them sewing and mending besides health hygiene.

Indian Agent Barber expressed every satisfaction with Mr. Fyall's work in every way.

I understand that Mr. Fyall has now been with the Department for eighteen years, but is not on the Superannuation list. I understood that this was now obligatory.

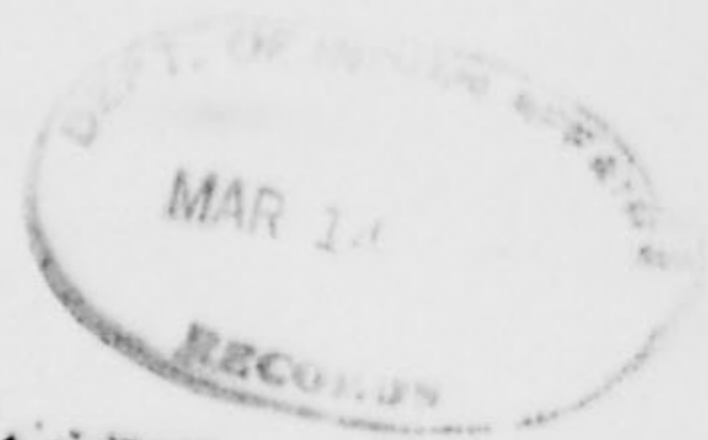

Yours truly,

(Geo. S. Pragnell)
Inspector of Indian Agencies.

Sir:-

I beg to forward herewith requisition for
School supplies and material for Shulus Indian Day School.

It will be noted that a requisition is made
for sewing materials. In this regard I would advise that
the Department recently furnished the school with a new
sewing machine, and that Mrs. Fyall, wife of the teacher,
furnishes sewing instruction to the girls at the school
without any recompense and has in the past spent a consider-
able amount on materials.

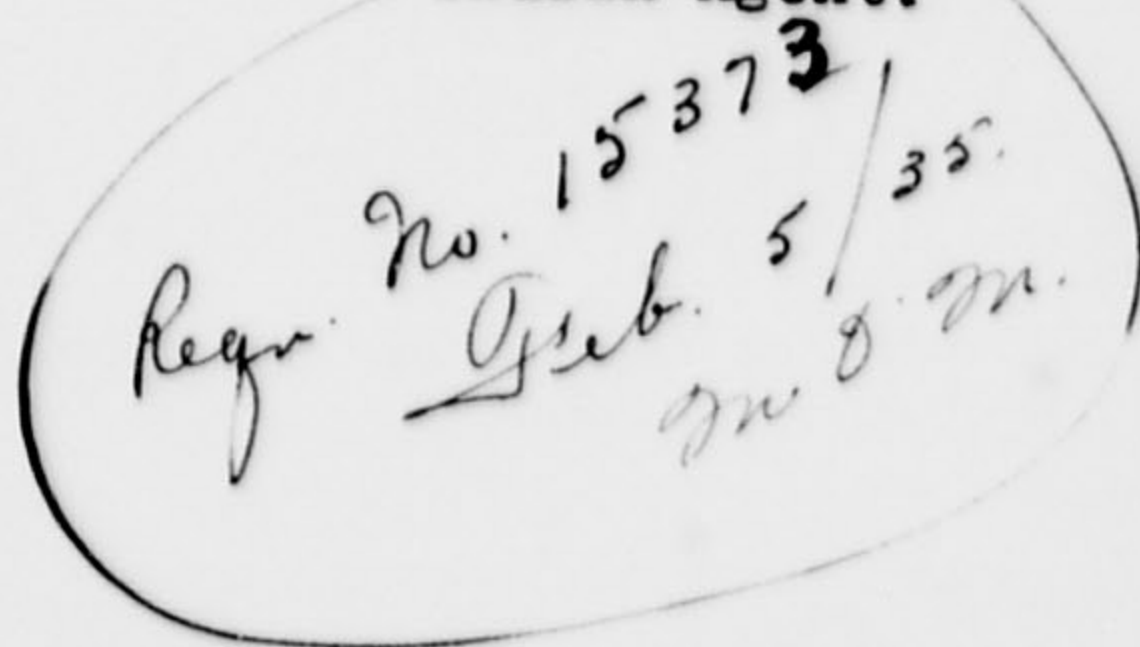

The school is very pleased to have the new
machine and I would respectfully recommend that authority be
given to supply the material requisitioned for. The finished
articles, of course, are given to the pupils in need of clothes,
and the aged and indigent on the reserve.

EX'D.

Ottawa, March 12, 1936.

Dear Sir:

With reference to his inspection of the Shulus Day School, on the 25th ultimo, Inspector Barry states as follows:-

"The desks should be placed on strips of wood. At present they tilt all over the place and make control of the pupils just that much harder. If more pupils come to school, as seems likely, owing to the popularity of the teacher, the desks might be placed at right angles to their present position, so that the children will have light from over their left shoulders. If the desks are placed on strips in the way indicated to the teacher, there will be enough seating for about 24 children. By the present arrangement in short rows several available desks are not made full use of, owing to the absence of REAR SECTIONS."

Please arrange to have the Inspector's suggestion carried out. The cost should be kept as low as possible.

Yours truly,

A. F. MacKenzie,
Secretary.

EXTRACT FROM REPORT OF MR. INSPECTOR BARRY,
DATED FEBRUARY 25, 1936, ON HIS INSPECTION OF THE
SHULUS INDIAN DAY SCHOOL.

Original on No. 169-13-6.

MAR 10 1936

1. K. Barry
2. Salry

The desks should be placed on strips of wood. At present they tilt all over the place, and make control of the pupils just that much harder. If more pupils come to school as seems likely owing to the popularity of the teacher the desks might be placed at right angles to their present position so that the children will have light from over their left shoulders. If the desks are placed on strips in the way indicated to the teacher there will be enough seating for about 24 children. By the present arrangement in short rows several available desks are not made full use of owing to the absence of REAR SECTIONS. The teacher is doing his best. His control is fair at present. I have shown the teacher how the room might be cleared of useless articles, and the school in general made more tidy outside.

Many of the children come a mile or more I am informed. They bring bread for their lunch. They are drinking tea without milk or sugar at the school. I should like to think that the Department would consider this problem and if possible make a small grant of say \$2 per month throughout the year, so that the teacher might provide COCOA, MILK & SUGAR for these little children. I have asked the teacher to take this matter up with the Department through his Indian Agent.

EXD.

Ottawa, June 25th, 1936.

Dear Sir,-

The Department is in receipt of your letter of the 15th instant, addressed to Asst. Commissioner Perry, recommending certain expenditures at the Shulus Indian Day School.

Owing to lack of funds, the Department can only authorize the following:-

| | |
|---|-----------------|
| Reshingling roof | \$ 90.00 |
| Painting inside of school | 20.00 |
| Repairs to steps; pieces of new
flooring & general repairs | <u>25.00</u> |
| Total | <u>\$135.00</u> |

It is understood that the above amounts cover the cost of both material and labour. Materials should be purchased from firms on the approved list and Indian labour should be employed, if possible.

Yours truly,

A. F. MacKenzie.

Dear Sir,-

S.D.
H.

The Department finds it necessary to return the voucher which you submitted in favour of S. P. Dixon, for \$71.75, in connection with repairs to the Shulus Indian Day School.

If you had a quotation from Mr. Dixon stating what he would do for the amounts mentioned on the account, you should attach this to the voucher. If, however, he did not hand you a quotation before starting the work, it will be necessary to show, in connection with each item, the number of hours he was engaged and the rate per hour.

Yours truly,

A. F. MacKenzie.

EX'D.

Sir:-

I respectfully return herewith Voucher in favour of S.P. Dixon for \$71.75, for painting, reshingling the roof and repairs at Shulus Indian Day School, together with quotations received from Mr. Dixon, on which he was given the work, as requested by the Department.

In this regard I would advise that in accordance with instructions in Departmental letter No. 109-13-5 dated June 25th, authorising the work to be done, I endeavoured to get some of the Indians of the reserve to do at least part of this work, without success, they all being busy in the hay fields, and able to make more money with their teams than I could pay them. Therefore Mr. Dixon was eventually given the job.

The quotation on scrap of paper, attached hereto, was Dixon's original estimate, on which my letter of requisition to have the work done, dated June 15th, was based.

Also attached, please find Dixon's tender of Aug. 10th, on which date I visited the School with him, when he undertook to work at the figures shown.

I might say that the work was well done, and at less cost than if it had been done by day labour.

Yours obediently,

AHB/ES

Dear Sir:

With reference to your letter of the 5th instant, you may purchase and install a new lock for the Shulus Indian Day School at a cost of \$6.00. You may also purchase 12 yards of towelling, 6 bars of soap, and 16 feet of rope for the swing.

An amount not exceeding \$9.00 may be expended in the purchase of sewing material. It is felt, however, that it would be preferable to teach plain sewing rather than fancy sewing.

Sir:-

I beg to forward herewith the quarterly report of Shulus Indian Day School, together with requisition for School material, on which it will be noted a lock and key is the first item.

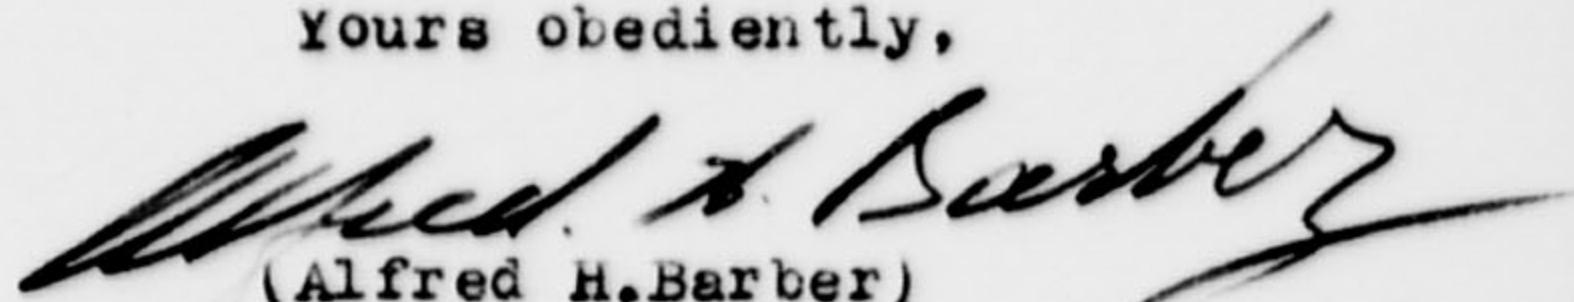

I have inspected the School and find that the outside door lock is broken, and the teacher is at present unable to lock the building.

I would be pleased to be authorized to have a new lock installed, at a cost of approximately \$6.00. I find suitable locks are priced at \$4.00 and Yale at \$5.25, plus a reasonable charge for installation.

Early authorization of this in order that the building may be securely locked whilst closed for the summer, will be appreciated.

Yours obediently,

AHB/ES

OFFICE OF
INDIAN AGENT

Nicola Agency
Merritt B.C.
July 22nd, 1938.

Dear Sir:-

Provision has been made in my estimates for the past several years, for the following:

Shulus Indian Day School.

| | |
|-------------------------------|------------------|
| * Painting Exterior of School | \$ 90.00 |
| Tar or Stain for Roof | 45.00 |
| Total | <u>\$ 135.00</u> |

I would be pleased to be advised if authority could now be granted to have this work carried out.

The roof of the School was re-shingled in 1936, and to ensure longer life of the shingles, the roof should be either stained or tarred at this time.

The exterior of the building is very badly in need of paint for the protection of the wood work, which is now beginning to check and crack, and I respectfully recommend that authority to expend the above sum on this work be granted.

The figures shown are based on tenders obtained for the work in 1936.

Yours obediently,

AHB/ES

EX'D.

Dear Sir:

I have your letter of the 22nd ultimo with reference to painting the Shulus Indian Day School.

In preparing our appropriation for the current fiscal year it was found possible to include an amount of \$100.00 only for the above purpose. It is noted from your letter that the exterior of the school can be painted for \$90.00. Consequently, funds are available for this work. If the material required does not cost over \$50.00 you may proceed with the painting immediately. If, however, the material will cost over \$50.00 it will be necessary for you to let me have full details regarding the paint required in order that purchase can be arranged by our Purchasing Branch.

Owing to lack of funds it will not be possible to tar or stain the roof this year.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa,

Dear Sir:

Reporting on his inspection of the Shulus Indian day school on October 4 Inspector Barry states that as the Anglican Missionary no longer lives in the Mission House at Shulus the teacher and her elderly mother have rented this residence from the Church authorities in order to be close to the school. The Inspector further reports as follows:

"The teacher in this way is of much greater assistance to the Indian Agent as she can assist with community efforts in the Indian village. Miss Aylwin is, I understand, paying some \$10.00 per month for the use of this Mission House, which she has furnished. I would request that if possible she be allowed a sum of \$5.00 per teaching month towards its rent, and that she be further allowed \$30.00 worth of coal for heating her home per year. Some correspondence has, I understand, been received from the Indian Agent in this matter. In the northern part of the Province fuel is provided in many schools for the use of the teacher, even when the latter is Missionary and living in a Mission House. Here the extra assistance given by the teacher due to her residence on the actual Indian reserve is in my opinion worth more than the suggested assistance towards rent and fuel. The winters are very cold indeed at Merritt and I am most anxious that Miss Aylwin be given the assistance noted above so that we may make use of her services among the women and children of the reserve, the Indians being in many ways quite backward."

SHULUS DAY SCHOOL

The Anglican Missionary no longer lives in the Mission House at Shulus. The teacher and her elderly mother have rented this Mission House from the church authorities to be within a few yards of the school. The teacher in this way is of much greater assistance to the Indian Agent as she can assist with community efforts in the Indian village.

Miss Aylwin is, I understand, paying some \$10.00 per month for the use of this Mission House, which she has furnished. I would request that if possible she be allowed a sum of \$5.00 per teaching month towards its rent, and that she be further allowed \$30.00 worth of coal for heating her home per year. Some correspondence has, I understand, been received from the Indian Agent in this matter. In the northern part of the Province fuel is provided in many schools for the use of the teacher, even when the latter is Missionary and living in a Mission House. Here the extra assistance given by the teacher due to her residence on the actual Indian reserve is in my opinion worth more than the suggested assistance towards rent and fuel. The winters are very cold indeed at Merritt and I am most anxious that Miss Aylwin be given the assistance noted above so that we may make use of her services among the women and children of the reserve, the Indians being in many ways quite backward.

EXTRACT FROM LETTER OF COMMISSIONAR MACKAY, dated Oct. 13, 1939

With reference to the penultimate paragraph of Inspector Barry's covering letter, I would endorse the recommendation made, provided it is the policy of the Department to extend such assistance to our day school teachers and also that Miss Aylwin undertakes to visit the Indian women and children in their homes and does what she can to assist them in the ways suggested to her by the Inspector.

Dear Sir:

With reference to your letter of the 8th instant the Department will allow an amount of \$2.00 a month for the months of November and December, 1939, and January and February, 1940, in order to purchase supplies for midday lunch at the Shulus Indian day school. This is the same amount as was allowed last year.

Dear Sir:-

I beg to requisition the Department for the authority to expend the sum of \$12.00 (\$3.00 each month during November, December, January and February) to buy Cocoa, milk, sugar, biscuits, etc., to be supplied to the pupils of Shulus Indian Day School, re midday lunch.

Many of these small children walk long distances to school and home, and a hot nourishing drink aids greatly in preventing colds, and undernourishment.

Provision is made in the estimates for this expenditure, and the Department has granted the expenditure during the past two winters.

Dear Sir:-

Cleaning Supplies-Shulus
Indian Day School.

When Miss Aylwin, teacher at the above School, sent her requisitions to the Department in June, there were included the following supplies, authority for purchase of which has not yet been received.

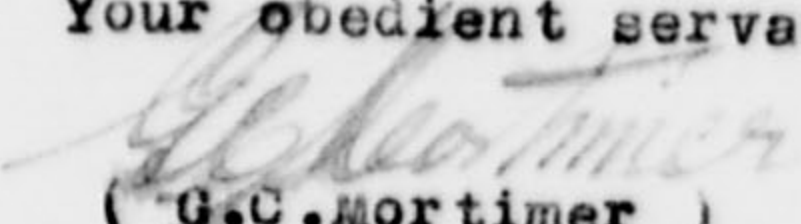

| | |
|--|-----------------------|
| 2 Brooms | 1 Door Mat |
| 1 Scrubbing Brush | 1 Water Pail |
| 10 Yds. Cheesecloth | 2 Pkg. Scrubbing Soap |
| 6 Bars Lifebouy Soap | 1 Dust Pan |
| 8 Yds. Towelling | 1 Thermometer |
| 5 Gals. Coal Oil | 2 Large Pkgs. Kleenex |
| 24 Tooth Brushes.
(Children's Size) | Paper Mkfs. |

As supplies are running very low, it would be appreciated if authority for purchase of these be granted at an early date.

The authority for Sewing Material was forward to this office by the Commissioner, after being returned from the Indian office at Hazelton, so it is though that perhaps the second authority may have gone astray in like manner.

Your obedient servant.

With reference to the above, I feel that painting the interior of the building and lobby should be all that is required at this time and have been able to get tenders from only one man, as he seems to be the only one doing this sort of work.

The tender submitted by S.R. Dixon, Merritt, includes all material, paint etc, as well as staging.

I recommend that this tender be accepted.

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver, B.C.

In looking over the wood-shed at Shulus School I found the roof in very bad shape. The roofing is past fixing and will take one roll of new roofing.

4 An Axe is also badly needed for the wood-shed.

4 Rope for swings in the yard would give the children something to amuse themselves with in their play-time.

4132 As Miss Mosher, to give entertainments for the children during the winter as well as teach older girls after school hours, lamps will be needed and coal oil.

I had hoped to get soft-balls but find it impossible.

I have been trying to work out a scheme to make the building warmer by building a board form around the outside walls from the ground to just above floor level and about twelve inches away from the wall and having this filled with saw-dust or shavings. This I am sure would make the building much warmer and keep out the drafts in windy weather. If this meets with your approval I will obtain tenders for lumber and filling.

Re: Shulus Indian Day School.

It has been the custom in past years for the Department to allow the sum of \$2.00 per month for the purchase of cocoa and milk and sugar to be used to supply the pupils at the school with a hot drink at lunch time. Most of the children have to take their lunches during the winter months.

It is therefore requested that the sum of \$8.00 be allowed, to cover the months of November, December, January and February. This expenditure was provided for in the Estimates.

Re: Aid to Christmas Fund, Shulus School.

While at the School this afternoon Miss Mosher requested me to ask if there was any hope of this Department granting any money toward providing the pupils of the Shulus School with small presents at a Christmas Tree Party to be held in the school at the Christmas season.

There were thirteen children in class today and that is about the regular number now.

She is very much put out that Mr. Ashley wont be interested as he states that the church is in no way connected with the school. (I can see quite clearly now why she lives at the school).

I would greatly appreciate any help you might see fit to get for this first Christmas of the re-opened school.

Indian Agent.

Indian Affairs Branch, Dept. of Mines and Resources,

I enclose herewith Mr. Indian Agent Sharpe's letter of November 29th, requesting a grant for the purpose of providing small Christmas presents for the pupils of the Shulus Indian Day School.

I am not aware of what the Department's policy is at the present time but, if possible, would recommend that Mr. Sharpe be authorized to expend an amount not exceeding \$5.00 for this purpose.

A reply by airmail would be appreciated.

With reference to your letter of the
2nd instant, it has not been the practice of
the Department for some years to allow any
amount for Christmas presents for the pupils
at Indian day schools. Under these circum-
stances favourable consideration cannot be
given to the request received from the Shulus
Day School.

Re Material for Shulus School.

I am now able to give an estimate of cost on the job of insulating the foundation, roofing the wood-shed and putting the paper on the teachers living quarters.

Labour is estimated at 3 days @ \$5.00 per day, \$15.00.

| | |

| 10 lbs of nails, mixed ----- | 1.00 |
|------------------------------|------|

| | |
|---|----------------------|
| 2 1/2 roll of blue plaster board paper for room | 2.35 4.70 |
|---|----------------------|

| | |
|---|-----|
| 2 packets of tacks for putting on paper @ .10 | .20 |
|---|-----|

| | |
|---|------|
| 1 dozen teaspoons for childrens cocoa @ .20 ea. | 2.40 |
|---|------|

~~\$38.88~~
~~\$49.64~~
\$51.99

I think it is quite necessary to line the teachers room for warmth at night when the school room is not heated.

Miss Mosher asked for the spoons as the children are being served cocoa from now until March.

I trust this is all the information necessary.

I would recommend that a Coalman Coal Oil Lamp be purchased from Armstrong's Department Store Ltd., at the price of \$9.10, for use at Shulus Indian Day School.

Also 5 gallons coal oil at .40¢ per gallon \$2.00.

As I explained in a former letter, the teacher's night classes take far more fuel and light than anticipated.

Major D. M. MacKay, Indian Commissioner for B.C.,
Box 70, Vancouver, B.C.

I have your letter of the 5th
instant, with reference to purchasing a piano
at a cost of \$100.00 for the Shulus Indian
Day School.

I have discussed this request
with Mr. Hoey and we feel that it would not be
advisable to purchase this piano. Our experience
has been that to make effective use of such an
instrument it is necessary to have a teacher who
is able to play the piano, and such teachers are
the exception rather than the rule. If a piano
is not being used it would soon deteriorate.

Miss V.V. Mosher, teacher of the Shulus Indian Day School, has since December last been renting a piano for the school at the rate of \$3.00 per month. This instrument was rented from the Lower Nicola Public School Board and as they are at present endeavouring to sell the piano the Department will no longer be able to have the use of it unless we buy it. The price asked is \$100.00 and as it has been of great value at the school and Miss Mosher has given excellent service as a teacher, I would recommend that if funds are available authority be granted for the purchase of the instrument.

An early reply would be appreciated as if the Department is unable to buy the piano, it will be necessary to return it to the Lower Nicola School Board before the end of June.

Re: Repairs to Shulus School

I have at last found a carpenter to alter the windows at Shulus School so as to allow more blackboard space.

He estimates the total cost of labour, material and paint, at \$45.00.

If authority is granted the work will be done on a long weekend.

I would also request authority to supply a screen door for the school at an estimated cost of \$5.00. It is a large door and needs to be made to order.

With reference to Mr. Phelan's letter of August 28, 1945 approving a rent of \$3.00 per month for the academic year 1945-46 only for the piano used at the Shulus Indian Day School, Mr. Indian Agent Sharpe has submitted the attached voucher in the amount of \$8.00 covering the cost of tuning the instrument, and following inquiries to him it has been ascertained that he wishes to continue to rent the piano for the 1946-47 academic year at the same rate. Inasmuch as the piano apparently has been in use for three months in the current academic year already I would recommend that his request be approved for this year only and subject to the matter being looked into when the School Inspector assumes his duties.

RE:- Rental of Piano for Shulus School.

Will it still be possible to have an item in the
Estimates for Rental of Piano for Shulus Indian Day School
1948-49? I again overlooked this in making up the estimates.

The teacher is very anxious to have the use of
it even if she is unable to play. The Missionaries' wife comes
in for musical period to assist.

It can be had from the Lower Nicola Community
at the rate of \$2.50 per month for the 10 School months.

To: The Indian Commissioner for B.C.
From: Inspector of Indian Schools.

Re - Rental of Piano for Shulus School -

I believe the provision of a piano at the above mentioned school would be of considerable assistance to the teacher.

It is noted that she is unable to play it but has made arrangements with the Missionary's wife to come in and assist during the music period.

I would recommend that authority be granted to rent this instrument at a rate of \$2.50 per month for the 1947-48 academic year.

RE:- Additions to Shulus Indian Day School,
Lower Nicola I.R. No.1.

I am forwarding a plan of the proposed construction. This has been made for me by a local building contractor, (J.Okert)

Mr. Davey expressed the desire to have the classroom enlarged if possible and several changes in its appointment such as dimensions and lighting etc.

In the enclosed plan you will note that we have moved the north wall of the present class room back approximately four feet taking that chimney out entirely.

The main entrance has been moved from the south west corner to the centre of the west side. Windows from South side moved to the East side to light from the left side of seating arrangement.

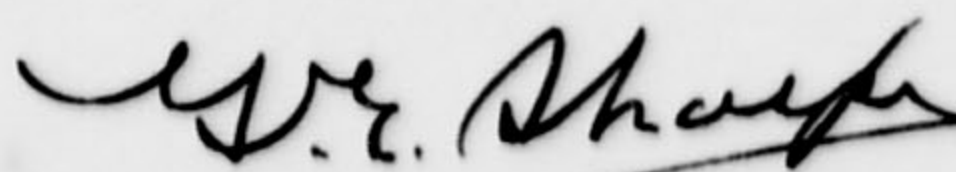

The extension to the north of 14 feet with an added extension at the North West corner will make a fine teacherage of 3 rooms and bath. The rooms marked bathrooms at both sides of the main entrance are in hopes of inside toilets when running water is put in and will do away with the present out houses, 3 in number.

If this plan is approved, Mr. Okert will submit his estimate of cost completed to your specifications and be prepared to do the work as far as time will permit this summer holidays. He is a good workman and the only carpenter in the area.

The plan shows the location of two chimneys one for the kitchen and one for the class room which will also serve for the teacherage living quarters.

I am sure that Mr. Davey, having examined the present building will readily understand the new plan.

Mr. Okert will not dismantle the roof except to extend it to cover the addition on the north.

Superintendent.

Re: Teacherage, Shulus Indian day School

I refer to Mr. Superintendent Sharpe's letter of June 22nd with the attached plan for the alterations to the above mentioned school.

In my opinion, the plan submitted by Mr. Sharpe is an excellent solution to the problem. It will be noted that Mr. Sharpe has made provision for the installation of plumbing in the hope that at some later date running water will be made available on the reserve. I feel that this is particularly desirable but it will not be necessary to incur an expenditure for plumbing this year.

I would strongly recommend that if it is at all possible that this work be completed this year.

RE:- Repairs to Shulus Day School.

Mr. Okert has submitted the enclosed quotation
on the proposed work.

He says that he will start work as soon as possible
to have it completed while school is out if given the contract.

He is supposed to build a new school at Douglas
Lake but as they are very slow with ~~excepting~~ his plan he assures
me that our work will be first. I might say that he has proven to
be very conscientious in his work and has made all his work to a
good standard. With the exception of gyproc or other finishing
material has used local lumber.

Any further specifications as to material to be
used will have to be gone into later as he is very busy with finish-
ing two contracts.

RE:- Shulus Indian Day School Teacherage.

Mr. Okert considers that the job can be done both cheaper and faster under contract. He uses 4 men and himself. His daily comes to \$52.40 per 8 hr. day. He uses power saws and concrete mixer. On contract he would assemble and cut in town by power and haul out to the school ready to go up. This in window and door casings alone would save many hours of time over hand sawing and fitting.

On day labour this work would all be done out on the job by hand as there is no power out of town. He has several jobs waiting on him and would much rather do this on contract at the figure stated, but if the Department insist will do it on a Day Labour Basis.

He is quite anxious to get at the job as he has a school to build at Douglas Lake. In my opinion it would be better to let him do it by contract and be free from the purchase of material with its numerous vouchers and accounts.

My time is so taken up this summer that I dread the thought of added work.

Re: Addition to Shulus Indian Day School

We have for some time been considering what construction would best meet our requirements in the matter of accommodation for the teacher at the above-mentioned school and recently decided that an addition to the existing building would not only be most suitable but less costly.

For your information I am enclosing Supt. Sharpe's letter of June 22nd and enclosures, memorandum dated June 25th from Mr. Davey and further communications dated July 6th and 18th from Supt. Sharpe. You will note that we are in a position to secure the services of Mr. J. Okert, building contractor, who will remodel the building in accordance with his plan for the sum of \$4900.00, which amount covers both material and labour. Mr. Okert is the only carpenter in the area and I doubt very much whether we can interest anyone outside the area in this small project. I would recommend that if at all possible his tender be accepted and that the work be put underway at the earliest possible date.

Shulus Indian Day School Teacherage.

As previously advised by Army Signal on July 29, the Minister has approved the tender of Mr. J. Okert of Merritt, B. C. for the erection of a teacherage and alterations required at the above school.

Please find attached the standard contract form used by the Department for such tenders. Please have Mr. Okert sign this in triplicate and return here for signature by the Deputy Minister. Two copies will then be returned to you, one for your files and one for Mr. Okert.

Please note particularly article 3 (b) regarding progress payments. We will also attach for Mr. Sharpe the standard forms used by the Department and which he can submit at the end of each month, in accordance with this section of the contract. Mr. Sharpe signs for Engineer.

Bernard F. Neary,
Superintendent of Education.

The enclosed account for bolts and nuts supplied to J. Okert was made necessary when the renovation of Shulus Day School was in progress. It was discovered that the support in the centre of the school room was causing more harm than good. It was causing the floor to sag under its weight. Mr. Okert, the contractor, agreed to put in a proper overhead truss at no extra cost if we would supply the necessary bolts and nuts.

I would recommend that this be passed for payment.

Re: Painting - Shulus Day School

I am forwarding Supt. Sharpe's letter of Sept. 9th and enclosure and a subsequent letter dated September 20th with enclosure which gives a breakdown of the cost of painting the interior and exterior of the above-mentioned school. Although Mr. Sharpe suggests the contractor's price is high, it would appear to me to be more or less in line with prices being secured elsewhere on similar projects.

It is considered that the exterior painting might well be left until next year but it would be wise to have the interior painted, possibly during the Christmas holidays. I would recommend acceptance of the tender of Reg. Eagles and Sons for interior painting at a cost of \$376.00.

I enclose estimates on painting both
inside and outside of the school.

I still think the rate far too high
and would recommend that if any work is done it
be on the inside.

Re: Painting Shulus School

A paint job is very badly needed on the school. All the new rooms in the teacherage need either painting or papering. (The teacher would like paper for walls and ceiling.) The floors should either be covered with Linoleum or varnished. The class room is now a mixture of old and new lumber after being enlarged and needs to be re-painted.

The outside is partly old siding and partly new the same as the roof with old shingles and new.

I had the local painter look it over and submit an estimate. But to me his estimate is very high. I am enclosing a copy.

Your advise will be greatly appreciated. It would seem that the work and expense only starts with a new construction but we have a nice building now at least.

Commissioner's Office,

Sir:

Submitted By

I have the honour to transmit herewith copy of report dated July 14th, of G. S. Pragnell, Inspector of Indian Agencies, with respect to the inspection of the Nicola Agency. In regard to item No. 4 in which the Inspector offers the suggestion for the provision of certain manual training equipment for use at the Day School at Shulus Reserve, I wish to say I have advised the Inspector that it is the policy of the Department that manual training accommodation be furnished to residential schools only, although an exception might be made where the day school attendance is very large, such as at Nanaimo. In the case of the Shulus School, however, I have examined the blue book and find that last year the attendance showed an average of 9 out of an enrolment of 14 - 7 boys and 7 girls. It is pleasing, however, to learn of the satisfactory work done by Mr. and Mrs. Fyall at this school and, if it is found that the attendance from now on is steady, the inclusion of an item such as suggested by the Inspector might be feasible of consideration in connection with next year's estimates and the Inspector has been advised to this effect.

Your obedient servant,

(SGD.) W. E. DITCHBURN.

DEPT. OF INDIAN AFFAIRS
NOV 22 1934

EXTRACT FROM REPORT OF INSPECTOR G. H. BARRY
ON HIS INSPECTION OF THE SHULUS INDIAN DAY SCHOOL
ON OCTOBER 23, 1934.

Original on No. 169-13-6.

Mr. Fyall has been here a very long time. He is not a Normal trained teacher, but he is trusted by the Indians. His main value to the Department lies in activities outside the actual laid down Programme of Studies. I particularly wish to see regular Manual Training started at this Indian Day School. If the Department would supply two sets of tools, as was done at Metlakatla Day School, and sufficient lumber for making useful articles, the whole costing less than \$50.00, a very great advance in the educational value of the school would result.

Girls' Work:

I hope that the Department will supply the Singer Sewing Machine recommended above. Mrs. Fyall, who is paid nothing for her work, has rendered excellent service to the Indian girls by teaching them to sew, knit, etc. With a treadle sewing machine, the girls could be taught to make their own clothes, Etc. I certainly believe that in out of the way Indian schools like this the vocational training is one of the most important things for the children. I, therefore, ask that a small sum be taken from the B. C. Special Grant for this purpose.

EXTRACT FROM LETTER FROM INSPECTOR G. H. BARRY
DATED NOVEMBER 9, 1934, FORWARDED WITH ABOVE REPORT.

I wish to recommend that vocational training be given a trial at this school. I understand that when the Deputy Superintendent General visited the Metlakatla Indian Day School, near Prince Rupert, and saw what we have done there, he was pleased with the result, and wished this manual training, etc., carried on at other Indian day schools. Mr. Fyall is just the man to make a success of such training. Mrs. Fyall is doing splendid work with the girls.

I am certainly glad to report favourably on this little day school. I shall try to visit it more often in the future as requested by the teacher.

Sir,-

The Department is in receipt of Inspector Barry's report regarding his inspection of the Shulus Indian Day School on October 23rd, 1934.

Mr. Barry strongly recommends that manual training be started at this school and, for this purpose, he suggests that two sets of tools and sufficient lumber for making useful articles be purchased. Mr. Barry estimates that the cost of the equipment just mentioned would not exceed \$50.00. You may incur an expenditure to this amount and, when forwarding vouchers, you should mark on them "Payable from B. C. Special".

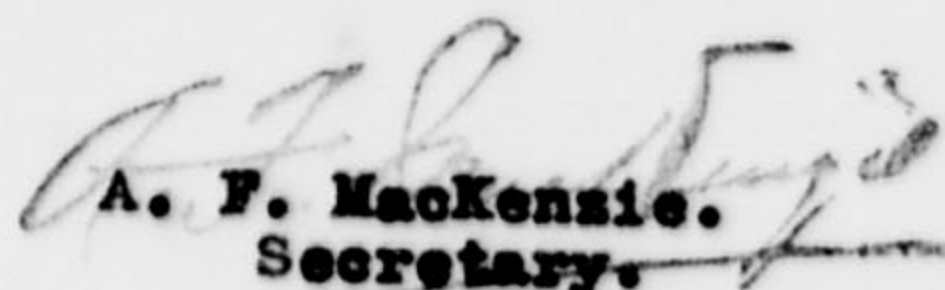

You should communicate with Mr. Barry and ascertain what tools should be supplied. Mr. Fyall will, no doubt, assist you in choosing the proper lumber.

A sewing machine is being ordered by the Department for the Shulus Indian Day School from the Singer Sewing Machine Company and will be shipped to you.

Dear Sir:

I am in receipt of your voucher No. 4574-42 covering the cost of supplies purchased for the Shulus Indian Day School. This account is being paid but I would point out that we do not appear to have given any authority for the expenditure. As you are aware, the only way the Department can control expenditure is to have an opportunity of deciding whether or not funds are available. In future it will not be possible to consider unauthorized expenditures for supplies at this or any other school.

Yours truly,

Dear Sir

We have in our village
38 children over 6 years of age
and 64, over 4 years of age.
and a large number under
four —

Owing to our location on the map
it is difficult for us to send
our children to any of the
Government schools now in
operation, and when we do send
them we are not able to see them
from year to year.

There is here excellent land for
gardening purposes.

The inlet abounds with Salmon
halibut and herrings for the taking

There is a local saw mill from
which building material can be
purchased

Dear Sir

We the undersigned members of
Skidegate band of Indians and councillors for the
village, hereby make application to the
Dept. through you, for ourselves and our
people, that a boarding school with
accommodation for twenty five or thirty
children be opened in or near our
village.

We want our children educated but do not care
to send them far away.

On our own island we have excellent land and
suitable sites for such an institution.

Indeed we think that after a few years it should
be almost self supporting:

Sir,-

I have the honor to enclose herewith original Petition, forwarded me by the Skidegate Band of Indians, with reference to the placing of a Boarding School on or near the Skidegate Reserve, in this Agency.

The Skidegate and Massett Bands are both anxious to have Boarding Schools, in order to allow their children to remain at their homes during the Fishing Season. It is plain that the demoralizing effect of the cannery life, on the young Indian, will mean the destruction of the race. They learn all that is bad there, and nothing for their good. They are away from their pastors and agents and are under no restraint. If we ever do anything to uplift the Indian, there is a surety that they must be kept in their homes. When they go away it is nothing but disease, demoralization and dead bodies we get, in return. Here they learn; are away from evil influences; have their Church and School to uplift them. We can watch and punish the erring and fit them from something that is now dragging them down, - to take their places in the land which so many of them seem fit to occupy.

Let

Sir

I have the honour to acknowledge the receipt of your letter 72nd dated May 11th 1896 enclosing a copy of a letter written by the Reverend S. J. Southland referring to the Skidegate Indian Day School and requiring my report in duplicate concerning the Skidegate school.

The Teacher of Skidegate Indian School was informed by me early in the year 1895 and also in February 1896 that the Indian Department had no vote of money for a teachers salary for Skidegate school but that I had reported in favour of Skidegate and Kitamatt schools, and that I had no doubt but that it would be granted soon.

I informed her personally in accordance with your letter 203rd of April 5th 1895 that until the grant of salary was made to the school there was no necessity of sending quarterly returns to the Indian Department.

I also promised her on the 12th day of February 1896 that I would again remind the officers of the Department that her school was worthy of Government support, which I did May 9th 1896.

I know of no reason why Miss Ross should fancy that Mr. Todd will not help us to get it acknowledged by Government.

Sir,-

In a letter from the Department, dated March 3rd, No. 126932, in reply to one of mine of February 26th, forwarding returns from the day school at Skidegate, B.C., it is stated "that as no returns have been received from this school for nearly three years no provision was made in the estimates for a salary for a teacher;" also "that the Department will be unable to contribute anything toward the maintenance of this school." On receipt of your communication I wrote to the Rev Thos. Crosby of Port Simpson, Chairman of the District, on the subject, and in a letter of his dated April 8th. I find the following:-

"Permit me to say that it is two years next August since Miss Ross went to Skidegate, Q.C.I., and I have no doubt but the returns have been faithfully made out since that time. Before that the Rev Mr Freeman taught the school himself."

The above statement by Mr Crosby would seem to be confirmed by the following letter from the teacher at Skidegate, Miss Kate Helen Ross. I may say that her letter was not in answer to any communication from the Mission Rooms, nor from Mr Crosby as I know, and hence her reference to returns, &c., are quite incidental, and for that reason have greater force:-

"May I beg of you to send me one dozen Forms for Indian Day School reports. I cannot make up last quarter's Report because I have not enough Forms. December report took eight Forms. Mr Todd returned what I sent him, they were not properly filled out. I have not enough to make all out, March included. even using those that came lately from the Mission Rooms. I trust that you will favor me with quite twelve forms. I am sure you I will be careful not to waste them. Mr Todd, Indian Agent, was here on last boat. He looked over the school register, and spoke well to me about the school, but I fancy Mr Todd will not help us to get it acknowledged by Government. I trust that Government aid will be granted, for they are the most intelligent children I have yet met with in the Indian

"work. One boy of ten years reads in the second reader, and understands well what he reads.

"I find the children like coming to school, and usually come to school as soon as they return to the village from camp or elsewhere."

It seems clear from the foregoing that default in regard to returns is not with the teacher, and if there is foundation for Miss Ross' allusion about the attitude of the Agent, there is some reason to infer that the neglect in forwarding any returns has been with the Agent of the Department. I submit therefore that we are fairly entitled to the grant for this school for the period during which it is said that returns were not received.

Sir,

I have to acknowledge the receipt of your letter of the 23rd ultimo enclosing copy of an application made to Mr Indian Agent Todd, by Miss Ross, who is acting under the auspices of the Methodist Church of Canada for permission to open a Day School for Indian children at Skidegate, Queen Charlotte Islands,; and in reply I beg to say that the Department will not object to the school being opened but it must be distinctly understood that it is not to be called upon to contribute anything towards its support, as we have no funds from which such contribution could be made.

The Department will, however, forward to Miss Ross Register and blank forms of School Return as requested by Mr Todd.

Indian day school in December 1894 and that her request was acceded to by the Department, and in doing so it stated that no funds were available for the payment of a grant for a teachers salary at that point. An item to cover a yearly grant to that school was, however, inserted in the estimates of this Department for the fiscal year 1896-'97. From January 1st, 1894 to date only one ~~firm~~ Return from the Skidegate school was received at this Office and it had to be sent back for correction, and up to the present time it has not been returned.

With respect to the Kitamaat Indian day school I may remark that as far as I can ascertain only one report was received in connection therewith and it was for September Quarter 1895; but as no provision had been made in the Estimates of the Department for that Institution no funds were at hand for the payment of a grant thereto. As in the case of the Skidegate school provision was made in the estimates for the approaching fiscal year for an item to cover the cost of a teachers salary at Kitamaat.

Reserve I append herewith, viz:- An application in duplicate, for the privilege sought should be made to the Indian Superintendent for the Province, through the local Indian Agent for the district in which it is contemplated to erect the building for school purposes, and carry on the same, etc.

The application should be explicit in detail stating the number of Indian children of school age (from 6 to 15 years-both numbers inclusive) in the immediate vicinity and whether in the event of the establishment of a school on the Reserve selected, a good continuous attendance ^{could} ~~should~~ be secured. Any other matters of interest bearing upon the application should not be omitted to be stated.

If the consent of the Department to enter upon the Reserve be obtained and a grant towards a teachers salary be authorized the same is paid at the rate of \$75.00 per Quarter, irrespective of attendance-although the Department expects that every effort will be put forth by the teacher to secure as large and constant an attendance as possible-This is in case the average attendance does not exceed 25 scholars, but where a greater than 25 pupils attend the school an additional allowance

A Register of attendance is kept and entries made therein as called for by the various columns ruled thereon. At the close of each of the four quarters in the year a report, copied from the Register, is made out, in duplicate, and forwarded to the local Indian Agent whose duty it is to carefully examine the same, and see that it is made out in accordance with the instructions thereon contained. When the Agent has satisfied himself that such is the case he shall then forward the same to this Office, first having signed the certificate thereon provided.

The Register of attendance and all the necessary forms are supplied for the School by the Department.

Pupils should be thoroughly grounded in the work of one standard before being advanced to that of a higher grade.

THE GENERAL SECRETARY

The Methodist Church,

MISSIONARY DEPARTMENT,

153682

(Dictated.)

Toronto, 2nd March,

1897.

Sir,-

I find myself under the necessity of calling the attention of the Superintendent General to the course pursued by Mr Indian Agent Todd, of the North-West Coast Agency, British Columbia, in regard to certain Indian schools conducted under the auspices of the Missionary Society of the Methodist Church. For several years past it has been a matter of common report from our Missionaries and others, that Mr Todd has in many ways shown himself to be unfriendly to the work of the Methodist Church. Some of these complaints have already been definitely stated in a communication laid before the Superintendent General by the Rev Dr Carman, and others, on behalf of the Methodist Church. In the present communication I refer to the case of two schools located respectively at Port Essington, and Skidegate, Queen Charlotte Islands, B.C.

In regard to the school at Port Essington, the facts are stated in a letter from the Rev D. Jennings, missionary at that place, a copy of which I enclose herewith. Concerning the school at Skidegate, the facts are substantially as follows: Several years ago this school received the customary grant from the Department; after a time we found that remittances were not being received, and on enquiry being made at Ottawa, we were informed that no reports had been received from the Skidegate school for a length of time past, and consequently no grant had been made for its support. I at once wrote to the Rev Mr Crosby at Port Simpson, and received a reply from him to the effect that he had reason.

Indian Affairs. (RG 10, Volume 6413, file 843-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

to believe that reports had been regularly forwarded. Almost at the same time a letter came from Miss Ross, the teacher at Skidegate, written before she was aware of any complaint respecting the reports. Although not stating in so many words, the letter seemed to imply that reports had regularly been sent to the Agent, and I communicated the substance of that letter to the Department at Ottawa. During the present winter Mr Crosby wrote to me saying that Miss Ross had been unable to obtain forms for the quarterly reports, although she had written repeatedly to the Agent for them. It would seem that this matter has been corrected, for in a letter received this morning from Miss Ross, she intimates that school returned for September and December quarters have just been mailed to my address, though the latter quarter is defective because she had not sufficient blank forms.

Besides the direct financial loss to the Society, these things cause a good deal of annoyance to our Missionaries and Teachers, and also to those having the direction of the Missionary Society's affairs. It would be very gratifying indeed if something could be done to overcome these delays in the transmission of reports. This is especially necessary in some parts of the North-West and British Columbia where mail communication is to be had only at wide intervals. If the Agent instead of returning a report to the teacher on some trivial technicality, as in the case of the teacher at Port Essington, would forward the report to the Department drawing attention to the supposed discrepancy, much valuable time might be saved, and a good deal of annoyance avoided.

"Dear Bro, -

"This afternoon Miss Tranter's school report for the quarter ending September 30th last, was returned to her by Mr Agent Todd who in a note said that the divisor in striking the average for the quarter should have been 66 instead of 29. In the September quarter there are 66 teaching days. During that quarter Miss Tranter took her summer vacation whose length, not including Saturdays or Sundays, was 37 days. In former years the divisor has always been the actual number of days the school was kept open, i.e. vacation quarter. These reports have been accepted up to the last. Mr Agent Todd informs us that all authorized holidays should be marked as days present and counted as such. Is it meant that the 37 days' vacation should be marked as days present, and then use 66 as divisor? You will observe that the aggregate number of holidays must not exceed 149, deducting from this number 104, Saturdays and Sundays, 45 holidays remain, or 9 teaching weeks. Miss Tranter has kept within this limit. Our desire is that you will get from the Indian Department an authorized statement which divisor should be used for the quarter in which the vacation is taken.

"Owing to the demand for laborers on the Skeena in July and August each year our school attendance is small. This year the aggregate attendance was 232.5 for the September quarter, for which divided by 29 gave an average of 7.6, - but which divided by 66

Sir,-
Last year I wrote to the Department to the effect that we were receiving no grant in aid of the Indian school at Skidegate, B.C., and was informed in reply that no quarterly reports had been received for a length of time, and the school had been dropped from the list. In correspondence with the Rev Thos. Crosby, Chairman of the Port Simpson District, and also with the teacher at Skidegate, I learned that reports had been sent whenever blank forms could be obtained from the Agent. It would appear therefore, that through an omission for which the teacher was not responsible the grant to the school lapsed, and has been carried on for the last two or three years entirely at the expense of the Missionary Society

I am today in receipt of a letter from Miss K.H. Ross, the teacher above referred to, in which she refers again to the difficulty of getting blank forms, but states that Mr Freeman, missionary in charge, has obtained a good supply from Mr Indian Commissioner Vowell, and that in future proper return will be promptly forwarded. She also gives the average attendance for a number of quarters as follows:

|---------------------|--------------------|--------|
| March quarter, 1895 | average attendance | 14.789 |
| June " | " | 16.566 |

March 23rd. 1897.

Sir:-

I have the honor to enclose herein for your consideration a copy of a letter from Mr B.C. Freeman a missionary at Skidegate dated 13th. February 1897. petitioning for a Government grant of \$400.00 for the purpose of removing a church building, presumably from Indian Reserve No. 4 to Skidegate village to be there used for the building of a school house for the Indians.

I know that such further accommodation for school purposes is urgently needed at Skidegate owing to the smallness of the room now used for a school house and to the increased number of children occasioned by the recent emigration of the Clew Indians to Skidegate.

Contrary to my advice the Missionaries have induced the Clew Indians to break up their homes and remove to Skidegate, maintaining that the Indians can be the better controlled when crowded together, but ignoring the fact that

that Indians can more readily procure a livelihood by occupying two portions of country than by crowding together into one part.

However it is necessary that enlarged school accommodation be procured and Mr Freemans proposal seems to be a good one.

Dear Sir:-

Of the pressing need of a school house at this place since the coming of the Clew people to our village and off the altogether inadequate accommodation of the little room in the Mission house where the school is now kept you are probably already aware, now as there is a church belonging to the Methodist Society standing near this place which the society would be willing to have moved here to be utilized as a school house, and as the much needed school house could be erected most economically in this way. I therefore petition that the Indian Department make a grant of \$400. four hundred dollars for that purpose which grant together with what outside aid may be obtained will I think be sufficient to meet the expense incurred in the removal, erection and fitting up of the school house.

Yours respectfully

Toronto, 8th July,

Sir,-

Referring to Departmental letter of the 12th ultimo. No. 126932, in which "the Department regrets that it has no funds available from which the salary of the teacher" at Skidegate, British Columbia "could be paid," I beg to refer the Department again to a letter of mine dated March 2nd, 1897, in which I state the facts respecting the Skidegate school, showing that the failure of the grant was not due to the neglect of the teacher in sending quarterly returns, but to the neglect of the Indian Agent in sending these forward. I quite expected that when these facts were made known to the Department would take prompt measures to reimburse the Missionary Society's loss, or at the very least to provide for future payments to the Skidegate school, and it is a great disappointment to learn that this has not been done. In a second letter of mine, dated June 2nd, 1897, I gave the average attendance at the Skidegate school from March, 1895 to March, 1897, and I trust that on the basis of the information thus supplied the Department will include in ^{next} the year's estimates an amount sufficient to cover the legitimate claim of the Society for these years during which no grant has been received in aid of that school.

With reference to the application of the Rev. Dr. Sutherland for the usual grant towards the school at Hidegate, Queen Charlotte Island, I beg to say that, as this is the only school at this point and as the Department made the proposition to use the money voted for the Somers school for the school at Hidegate (as it was discovered that a mistake had been made in allowing a grant to a Methodist school in the heart of a Roman Catholic tribe (at Somers) while the entire population at Hidegate - 179 - is Protestant), it would seem very reasonable that the usual grant of \$300 should be made to the latter school. The Methodist Church is ~~H. C. Ross~~ the only denomination that has a school at this point.

Rev: Sir,

I have the honor to acknowledge the receipt of your letter of the 11th instant in further reference to the Indian day school at Skidegate, which is carried on by the Methodist Missionary Society; and in reply I beg to say that the following remarks will explain the position in which this school now stands in regard to the Department:-

An application was made by Miss Kate Helen Ross on the 20th October 1894, for permission to re-open this school, which was recommended by Mr Agent Todd and Mr Supt: Vewell. Permission was given by the Department to open the school on the distinct understanding that it was not to be called upon to contribute anything towards its support, as there were no funds from which such contribution could be made.

Quarterly returns have been received up to the 31st December 1896, through your Society and Mr Agent Todd. On the 2nd March last, you wrote the Department complaining of the course pursued by Mr Agent Todd in regard to schools conducted by your Society and more particularly the Skidegate school, and stating that the teacher had been unable to obtain blank forms of report. In another paragraph of your letter you remark that it would seem that this matter has been corrected, for in a letter received from Miss Ross, she intimated

to you that returns for September and December quarters had been mailed to you. The gist of the complaint against Mr Todd was that he was said to be too exacting in regard to the making out of Returns.

Mr Todd's explanation in regard to this matter is, that acting under instructions received from Mr Superintendent Vowell, he had informed the teacher personally that until the grant of a salary was made the school, there was no necessity for sending in quarterly returns to the Department. He further stated that he knew of no reason why Miss Ross should fancy that he would not help to get the school acknowledged by the Government, and that in fact he had written to say that the school was worthy of Government support.

On the 22nd March last, you were informed that although reports were being regularly received from the Skidegate school, the Department could not hold out any hope of a grant being made, until the Minister had time to go into the whole matter of schools in British Columbia.

Your Society has a school at So-enos in the Cowichan Agency conducted by the wife of the missionary, which does not appear to be fairly entitled to the grant, as it is in the heart of a Roman Catholic settlement, which had a school of their own, and which through an oversight in the preparation of the estimates, was dropped and a Methodist school substituted therefor. A proposition was made to you to have the grant to the So-enos school transferred to the Skidegate school, and you were asked whether you would consent to this being done, but as yet no reply has been received.

MEMORANDUM:-

In connection with the Rev. Dr Sutherland's letter of the 11th instant in reference to the Methodist Indian Day school at Skidegate, the undersigned begs to say that this school is not provided for in the Estimates. An application on the 20th Oct: 1894 was made by Miss Kate Helen Ross, for permission to re-open the school at Skidegate, which was recommended by Mr Agent Todd and Mr Supt: Vowell. Permission was given by the Department to open the school on the distinct understanding that it was not to be called upon to contribute anything towards its support, as there were no funds from which such contribution could be made. Quarterly Returns have been received from this school up to the 31st December 1896, ~~through~~ through the Methodist Missionary Society and Mr Supt: Vowell, the last return being received on the 2nd March last. On the 2nd of that month the Rev. Dr Sutherland wrote complaining of the course pursued by Mr Agent Todd in regard to certain Indian schools conducted by the Methodist Missionary Society, and particularly to the Skidegate school. The teacher had been unable to obtain blank forms of report. In another paragraph of the same letter Dr Sutherland remarks that it would seem that this matter has been corrected, for in a letter received from Miss Ross, she intimates that returns for September and December quarters had been mailed to his address. The gist of the complaint against Mr Todd in this matter is that he was said to be too exacting in regard to the filling up of Returns.

Dr Sutherland was written to on the 22nd of the same month and informed that although reports are now being regularly received from the Skidegate school, the Department could not hold out any hope of a grant being made until the Minister had time to go into the whole matter of schools in British Columbia.

It should be mentioned that in a letter addressed to Mr Supt: Vowell on the 15th June 1896, Mr Agent Todd explains that he informed the teacher personally in accordance with instructions said to have been ~~received~~ received from the Superintendent, that until the grant of salary was made to the school, there was no necessity for sending quarterly returns to the Department. He further stated that he knows of no reason why Miss Ross should fancy that he would not help to get the school acknowledged by the Government, and that in fact he had written to say that the school was worthy of Government support.

It would appear that this school is entitled to Government support, as the Indians of Skidegate belong to the Methodist faith, and if the Department approves of giving it recognition, an item might be included in the Estimates for next year to pay the salary of the teacher.

The Methodist Church has a school at Somenos in the Cowichan Agency, conducted by the wife of the missionary, which is not fairly entitled to the grant, as it is in the heart of a Roman Catholic settlement which previously had a school of their own, and which through an oversight in the preparation of the Estimates was ~~dropped~~ dropped and the Methodist school substituted therefor. A proposition was made to the Rev: Dr Sutherland to have the grant for the Somenos school transferred to the school at Skidegate, and he was asked whether he would consent to this being done, as the Roman Catholics object and reasonable, it is thought, to the Government establishing a school of another denomination in their midst. Sir,--

In a letter from Miss K.H. Ross, teacher of the Indian day school at Skidegate, O.C.I., dated Victoria, August 4th, 1897, she writes as follows:

"Mr A. Vowell, Superintendent of Indian Affairs, Victoria, sent me word that the report of the Skidegate Indian day school for the quarter ending March 30th, 1897, had not been sent to him. I made out the report in duplicate, sending to Mr C. Todd, Indian Agent at Metlakatla, two copies, and two copies addressed to yourself. Will you kindly inform me whether you received the report of day school for quarter ending March 30th. I cannot tell where they are or how lost, but should they be lost I will make new copies."

I find that the copies addressed to myself were duly received, and they show 36 pupils on the roll, with an average attendance of 18.20. That the other copies were received by Mr Indian Agent Todd I have not the slightest doubt. If this were the only occasion on which a similar failure had occurred, it might readily be attributed to accident; but as the same thing has continued almost without interruption for several years past, I can only infer that the reports have been deliberately suppressed by the Agent.

In view of all this, it is my duty to state that the information conveyed in the Departmental letter of July 20th, No. 126932, that the Department "has not funds for a grant to this school for this year" is very unsatisfactory to the Missionary Committee. It seems very unreasonable that we should be deprived of grants for years together through the persistent neglect of the Agent to forward reports that have been sent to him. I am,

Sir,-

I beg to call the attention of the Department to the case of the Methodist Indian School, at Skidegate, Queen Charlotte Island. For several years this school received the customary grant from the Indian Department. Then for a number of quarters in succession, through the neglect, wilful or otherwise, of the Agent, the reports were not furnished to the Department, and the grant was discontinued. For several years past this school has been kept in efficient operation, reports having been regularly sent by the teacher, but until now no steps have been taken by the Department, so far as I am aware, to correct the neglect. I have now to request on behalf of the Missionary Board that provision be made for the customary grant to the school above mentioned.

Sir,-

I have the honour to enclose herewith a letter received from Dr. J. C. Spencer, Missionary at Skidegate, with reference to an increased salary for a Teacher at the Skidegate Indian Day School.

On my recent visit, to Skidegate, I learned that Mrs. Spencer and the family, including Miss Spencer, were leaving Skidegate, for the South Coast, in order to obtain educational facilities for the children of Dr. Spencer's family. Miss Spencer has been teaching the Skidegate children and was also leaving. Dr Spencer informed me, at that time, that an Indian named Green desired to teach in the school. I have since ascertained that this man is not desired. He had trouble, recently, at the Cannery where he was employed, and it would not be advisable to have him.

It would be in the interests of all concerned if we could have a good White teacher at this school, and, considering the cost of living, in isolated places like Skidegate, the sum asked for is very reasonable for a good man. As Dr. Spencer states, it would not be advisable to have a lady teacher.

I have the honour to acknowledge receipt of your letter of the 14th ult., with reference to the increase of salary to a Teacher for the Skidegate Indian Day School.

Apparently my letter of the 28th August was misunderstood. In said letter I stated: "On my recent visit to Skidegate I learned that Mrs. Spencer and family, including Miss Spencer, were leaving Skidegate, for the South Coast, in order to obtain educational facilities for the children of Dr. Spencer's family. Miss Spencer has been teaching school and was also leaving etc."

I am pleased to state that Dr. Spencer did not resign. His daughter was teaching the children, and, when Miss Spencer left, the Doctor desired to obtain a good man to take the place, in the school. As Missionary, Medical Officer and Teacher, Dr. Spencer could not give his time to the School, and had Miss Spencer to assist him. When the young lady left, he was alone, in Skidegate, and desired to bring in a good teacher, to take charge of the school.

I will notify Dr. Spencer that the Department will grant \$500 for a Teacher with the qualifications mentioned in your letter (No. 126932-I)

I have the honour to report the receipt of the following, from Rev. Dr. J. C. Spencer, dated 22nd May ultimo:-

"We are sending a married teacher to Skidegate and I hope we shall have good results. Mr J. H. Young who has been teaching at Simpson for two years is going to Skidegate. He used to teach in Columbia College. I believe you will find him a capable and effective worker. The sale of the Mission House is now in order and I shall be glad if you can put the deal through as soon as possible as we would like to build during good weather. (Sd.) J. C. Spencer."

I have also to report that the following answer was forwarded to Rev. Dr. Spencer, dated 2nd June instant.

"Sir:-I have the honour to acknowledge receipt of your letter of 22nd May ultimo, with reference to the placing of a married teacher, Mr. Young, at Skidegate Indian Day School. In reply, permit me to ~~state~~ ask whether Mr. A. C. Brown is resigning, and will he leave at the end of the Quarter? The Regulations governing the Indian Day Schools call for one month's notice, when a Teacher resigns, and no notice of his resignation was received in to-day's mail. Mr. Brown sent me a letter, a short time ago, on school matters, and did not mention that he was resigning. He brought up the question of holidays and reported some trouble with the larger pupils, on which I sent him a letter asking for a report on the matter. Mr. Scott,-

I beg to call your attention to the letter hereunder from Mr. Agent Deasy in reference to the salary paid Mr. Brown, teacher of the Skidegate School. Rev. Mr. Spencer claims that the amount allowed the teacher, \$500.00, is totally inadequate. He draws no salary as a missionary and his whole time is taken up with the school work. This is one of the largest and best attended schools in British Columbia and I think the Department would be quite justified in increasing the salary to \$700.00.

Sir,—

I have the honour to inform you of
the receipt of the following, from Rev. J. C. Spencer,
Methodist Missionary at Skidegate Reserve:—

"Sir:—I beg to call your attention
"to the fact that the salary paid to the Teacher of our
"Indian School is totally inadequate, and makes it impos-
"sible for us to secure the services of well qualified,
"and experienced teachers. There are forty-eight children's
"names on our School Register. The salary paid our Teacher
"is only \$500.00. He does not do missionary work, hence
"his total income is \$500.00. When we consider the fact
"that he follows the children to the cannery and keeps
"school open, and is obliged to pay one dollar a day for
"board in the cannery boarding house, you can easily see
"how little he has for his labour. There are three Provin-
"cial schools, within ten miles of us, with 8, 12 and 14
"pupils respectively, where the teachers are paid \$80, \$85,
"and \$90 per month respectively. Now, as you will see, our
"teacher does as much work as any two of the above-named
"teachers and gets only half as much pay as the lowest
"salary paid. This is enough to discourage any teacher. I
"hereby apply to you and trust you will see your way clear
"to recommend the Department to grant an adequate salary
"for our teacher. A married Teacher is really what we need
"but we cannot ask any married man to teach on \$500.00. A
"number of our young men are anxious to take up such work
"as mensuration, book keeping and music, while the girls
"are quick to learn fancy work, dress making and other
"useful branches. This is a lonely village, and no place
"for a single, young man. All these phases of our work
"could be better served by a married teacher. (Sd.) J. C.
"Spencer."

Sir, —

I have the honour to acknowledge receipt of your letter of 17th inst., with reference to Teacher of Skidegate Indian Day School.

The matter was taken up with Rev. Dr. J. C. Spencer, resident Missionary, and his reply to my letter states:—Yours re. Teacher &c. Her name is Mrs. M. C. "Fakeley. She is established at Aliford Bay with an "attendance of about 20. I do not think her stay with "us will be long. She is looking forward to taking up "other form of mission work. It was the best we could "do. She is a widow, young, two years out from England— "was the wife of one of our ministers. Had a good "common school training in England. Mr. Green knew her "and appeared quite pleased when we secured her servi- "ces. Re. Mr. Connery I may say he gave me more than a "month's notice and, if I remember right I notified you "that he was leaving us April. If I did not notify you, "I assume and bear all blame."

The opening of the school, at Aliford Bay, where the B. C. Fisheries plant is located, and where a large tent is provided, for school purposes, will mean that some of the children have the opportunity to attend. The Fisheries Company promised to erect a school building; but they use every building erected. The children of Skidegate village are all at Aliford Bay or scattered, at the fishing camps.

I have the honour to inform you that the Skidegate Indian Day School is closed and no Teacher on the Reserve.

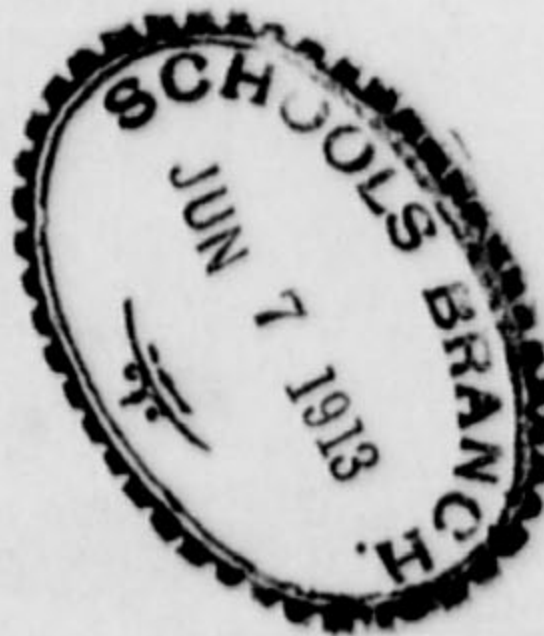

During my recent visit, I was informed that Mr. Connery, the Teacher, left, some time ago; but he did not tender his resignation and Dr. Spencer, the Missionary, resident on the Reserve, did not notify me that Mr. Connery intended to leave, or had vacated the position.

While visiting the Reserve, on former occasions, Mr. Connery informed me that he did not intend to remain, and his chief reason for complaint was that he received but \$500.00, annually, for his services. I found quite a number of Indian children on the Reserve and the Indians complained about the absence of the Teacher. I understand the Methodist Church Missionary Society appoints the Teacher of this School, subject to approval, and I do not know what action I am supposed to take in the premises.

Sir,-

With reference to securing the services of a Teacher for the Skidegate Indian Day School, I am in receipt of a letter from Rev. Dr. Spencer, in which he states: "I am anxious to get a good man and have a better salary paid. You know how hard it is to get a good man to take hold of one of these schools on \$500 salary. I don't think the Department expects us to be able to secure the best teachers. Now if we had, say, \$800 or \$1,000, to offer a teacher, we would have a much better chance. A cheap teacher is, in my opinion, an expensive piece of business, because each year a number of boys and girls leave the school, being beyond school age. It is too bad to see how many go out without a working knowledge of English. If you know of any good man I would like to have his address."

In another letter Dr. Spencer states: "Mr. Raley was down to Vancouver and promised to secure, if possible, a good teacher for us. If he fails to secure one, there is at the Sand Spit a man with his wife and little girl. They came two weeks ago. Teaching is his hobby. He says he will fill a gap for us, if necessary, till we can secure a teacher. He would, I believe, do good service. He taught Indian children at Simpson for awhile. I am told, by Mr. Raley, if we could get from the Government a decent salary,

for teacher, we could get a man who has been teaching in Columbia College. I wish such a thing could be worked."

In connection with the schools of this Agency, I might be permitted to make a few suggestions.

The two large schools are in districts where the cost of living is high. Even the Indians will not work for the cannery at less than \$3.00 per day. They look for results, from teachers, and the kind obtainable, at a low salary, is only men who are looking for something better. Mr. McConkey, and Mr. Russell, were both giving satisfactory service; but Mr. McConkey asked for \$1,000 a year, and Mr. Russell worked overtime, in the cannery.

I would respectfully suggest that the teachers receive \$900 a year. The Massett Teacher has a house, at Massett Reserve; but is not provided for, by the Government, at Naden Harbour.

Having the largest school, the free rent would be a difference in his favour, above the teacher of the Skidegate School. The Indians are anxious to have good men stay with them, especially married men; but we cannot keep them. Teachers, without certificates, are allowed to have charge of the Provincial Day Schools, and they receive \$80 per month, on Graham Island. The attendance at the White schools is small. Our teachers have a large attendance. The Massetts and Skidegates are willing to learn. They are progressive, and a credit to the Department, with good towns and showing more signs of advancement than any of the Indians on the Coast. The Bands are large, and they reside in only two places, Massett and Skidegate.

If it could be possible to engage first-class teachers the results would be remarkable.

Sir,-

I have the honour to acknowledge receipt of your letter of the 20th Nov. last (No. 126932/1) with reference to the salary of the Teacher of the Skidegate Indian Day School and the qualifications of said Teacher.

On my last trip to Skidegate Reserve, I accompanied Mr. Russell from Prince Rupert, and was present, in the schoolroom, on opening day. It was a pleasure to me to find that the School had been placed in the hands of Mr. Russell and to know that the good work accomplished under Dr. Spencer and Miss Spencer would be continued under another competent teacher. I learned, from the young man, in the presence of Dr. Spencer, that he had passed the preliminary examination for entrance into the Methodist ministry and was studying for another examination. Since then Dr. Spencer has reported his work satisfactory. He is directly under the supervision of Dr. Spencer, who lives with him, in a building adjacent to the School. I considered that the heads of the Methodist Church had the appointment of the teacher, and was introduced to Mr. Russell, by the Rev. Mr. Raley, who informed me of Mr. Russell's appointment. It is difficult to find a teacher for the outlying Indian schools, and I felt pleased to know that we had good teachers in both schools, in this Agency.

I will write Dr. Spencer, asking for the status of the teacher, otherwise than given above.

With reference to dealing with more than one subject in my letters, I must apologize, thinking as I did that

school matters were all under one heading. In the past I have gone to a great deal of trouble to explain everything satisfactorily, and do not mind the trouble it gives me to do so. I am trying to do as much work as possible, around the new buildings, in the daytime, and am even now writing late at night. It has not been often that the Department finds fault with my work, and one is liable to make mistakes now and then, it is only human.

Sir,

In your letter of the 30th ultimo you state, among other things, that B. J. Russell has commenced teaching on the Skidegate Reserve.

As you are aware the Department agreed to pay a salary of \$500.00 to a teacher with proper qualifications. No mention is made of the qualifications held by Mr. Russell. No doubt they are satisfactory and payment will be made, but the Department would like to have a report from you.

I would also draw your attention to the fact that you should not deal with more than one subject in each of your communications. In your letter you refer to requisitions for both the Massett and Skidegate Schools and also to other matters relating to each of the schools and it is necessary for the Department to make extracts, whereas it would be very little more trouble for you to deal with the matters in separate communications.

Sir:-

I have the honour to enclose herewith Requisitions for supplies needed in the Massett and Skidegate Indian Schools, in this Agency.

I am pleased to inform you that both schools are now open, with a good attendance at each, and male, White, Teachers.

When Mr. B. J. Russell commenced teaching, at Skidegate Reserve, it was apparent that the young man took an interest in the work and, considering that he is studying for the Church, is proof that he will continue to exercise good judgment.

Mr. McConkey re-opened the Massett School, which was closed through sickness among the children.

With two good White male teachers, the day schools of this Agency should now show marked improvement, and it is also a matter of congratulation that both the Anglican and Methodist Churches take so much interest in the schools that they have both increased the salaries of the teachers, supplementing the grant allowed by the Department. Mr. McConkey now receives \$1,000 per year and Mr. Russell \$800.

Sir,—

I have the honour to report the receipt of the following, from Mr. A. C. Brown, Teacher of Skidegate Indian Day School, and the Rev. Dr. J. C. Spencer, formerly Missionary at Skidegate:—

Mr. Brown's letter reads as follows:—

"Dear Sir.—I have to acknowledge receipt of your letter of May 28th and beg to inform you that the school is now out of my hands, the Conference having replaced me by Mr. Young, of Port Simpson Boys Home, who, I understand, is entering the ministry. I had not any intention of leaving the school, and Dr. Spencer never said a word about it to me and I did not say that I wanted to leave, hence the reason I asked for my holidays at the usual time. It's what I call a low down trick to play on a fellow; but I suppose the least said the better it will be. I closed school on June 6th as the rest of the Indians went away on the following Monday to the Skeena. The reason that the big girls were turned out of school was because they were constantly quarreling, one with the other, and generally causing a disturbance in the school. This was done at the request of the Council, who held a meeting and then sent them letters telling them that they must stay away from school if they could not behave themselves.

The remainder of the Indians came over on the "Albert," W. Byss and Charles Jefferson being the only two families remaining in the village. I would have liked to have come over to see you, but it was a case of waiting around. I will write you again when I get below. (Sd.) A. C. Brown:"

Dr. Spencer's letter is as follows:-

"Dear Sir:-In reply to yours of June 2nd, which has just reached me, I may say that Mr. Brown did not resign. During the Winter and early Spring he spoke frequently as though he would like to be relieved. But, as you know, it is often difficult to find anyone between times to take up such work. He did not seem to get on at all well with the pupils. There was constant war in the school; for that reason I thought it would be well for us to try another. Besides that we have a Mr. Young here at Port Simpson, who has given good satisfaction in this big school and will, I feel sure, do the same at Skidegate. When school closed Mr. Brown had, apparently changed his mind, and would have been willing to stay on; but, for the sake of the school, I think a change is needed. Most of the Indians are on the Skeena and Mr. Young will spend holidays on the mainland and be at Skidegate in plenty of time to begin school. He is, I believe, B. A. and a studious man. Mr. Brown made no attempt at studying of any description. I am sorry I have neglected resigning myself, but supposed that would be taken for granted. Yes, I hope to keep in touch with you for all that makes for the welfare of the Indians. (Sd.) J. C. Spencer."

With regard to the above I beg to state that Mr. Brown, and Rev. Dr. Spencer, did not agree on many matters; but, when I visited Skidegate, no complaint was made against Mr. Brown, either by the Indians or the Missionary, at any time. The school was conducted and reported on in a satisfactory

CANADA

manner, so far as I could see or learn, and Mr. Brown appeared to be painstaking, sober and regular. I spent some time at Skidegate Reserve, last Winter, and visited the school frequently. When I heard that Mr. Brown had dismissed some of the older girl pupils, I asked for an explanation, in writing, and his answer is above. Mr. Brown did not care about taking up Missionary duties, in connection with teaching, and the salary was low, until recently, when it was increased. It is better to have a Teacher there that will agree with the Missionary, considering that both live on the reserve; and the Department is not responsible for any of the troubles of the former Missionary and Teacher. We simply endeavoured to have the school conducted according to instructions, and it was, so far as I could see.

The Skidegate Indians are away. It is the time of the Summer Vacation, and no difficulties will arise over any lack of a teacher, for some time yet. He would have no pupils, if at Skidegate.

I understand that Mr. Young will be a very satisfactory gentleman, to act as teacher, and only regret that it is so difficult to retain teachers and others, on these islands.

Sir,—

I have the honour to report the receipt of the following message from Dr. J. C. Spencer, formerly Medical Officer of the Skidegate Band, dated June 9th instant:—

"School closed June six. Indians gone to main land. I go to-morrow. Please send forms for School Reports to A. C. Brown, General Delivery, Vancouver. I shall be glad to hear from you. My address Port Simpson. (Sd.) J. C. Spencer."

I replied, on the 15th instant, as follows:—

"Sir.—I have the honour to acknowledge receipt of your message. In reply permit me to state that I forwarded blank forms for School Report to the address specified. With Mr. Brown away, and you also, there will be no-one on the Reserve, according to the message. Might I ask when Mr. Young intends locating there? If Mr. Brown is resigning, would it not be well for him to follow the instructions to Teachers, and send in a month's notice, as called for therein? On the last steamer, of the 9th instant I forwarded your letters to the address given me, in Vancouver. I informed the Department of your intention to locate, in future, in Port Simpson. A large number of the Skidegate Band took up residence at Langara island, where they are now fishing with the Massetts, and I hear that all are well. (Sd.) Thomas Deasy."

Apparently, Rev. Dr. Spencer, and Mr. A. C. Brown, the Teacher, have both left Skidegate, and will not return. Almost all of the Indians are in this neighbourhood, from Skidegate, and will be away for some time, and the affairs of the Department will not suffer from the absence of both of the above-mentioned gentlemen. A general exodus of Indians takes place, every summer, from the Massett and Skidegate Reserves, to the fishing grounds, giving time to fill the places of the Medical Officer and Teacher of the Indian Day School.

Your Obedient Servant,

Sir,-

I beg to report the receipt of the following, from Mr. J. H. Young, Teacher of Skidegate Indian Day School: "The Conference of the Methodist Church has just closed, in Vancouver. During that Conference many changes were made, including that of myself. For some time past, I am informed, that Miss Gladstone has been begging for a position. Through the agreement between Mr. Cairns and another Eastern official, it was decided to give her the Skidegate School. There was strong opposition to such a move; but the head men carried it through. I have been offered a good position on the mainland, and have almost accepted same. I would be pleased to hear from you by return mail, as to your opinion of the choice. (Sd.) J. H. Young."

Regarding the above, I understood that only teachers with certificates would be appointed, to our Schools. Not having any definite information on the above, and knowing that such a change will not, in my opinion, prove satisfactory, I trust that Mr. Young will be retained. I considered Mr. Young a very competent man in the position. I informed Mr. Cairnes, verbally, and state now, that I do not consider any Haida Indian woman, or girl, competent to take charge of an Indian Day School.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 22nd instant requesting the Department to confirm the appointment of Miss Sophia Gladstone as teacher at Skidegate for the coming year at a salary of \$500.00.

In reply I beg to say that before doing so the Department would like to know Miss Gladstone's age, nationality, qualifications and experience. I may say that no official notification has been received of the resignation of Mr. Young, the present teacher. Mr. Agent Deasy has written the Department saying that it is proposed to have an Indian woman in charge of this school should Mr. Young resign and he states that if this is the case it would be only fair that she should pass an examination.

Sir,-

I have the honour to inform you that
Mr. J. H. Young, Teacher of the Skidegate Indian Day
School, handed me a letter, on my recent visit to the
Skidegate Reserve, which reads as follows:-

"Dear Mr. Deasy:-When I came to take
"charge of the Skidegate Indian Day School I found
"no accommodation at the Mission House. Being a
"married man, I had to rent an Indian house. En-
"closed please find receipts in duplicate of my

In connection with the above permit me
to state that Mr. Young informed me that he receives a
small grant from the Church Missionary Society, and is ex-
pected to collect a greater portion of it. Rev. John Gibson,
the Missionary on Skidegate Reserve, informed me that the
Church grant will be cut off, from Mr. Young, in the near
future. Rev. Mr. Gibson is now able to take charge of the
Church work. If Mr. Young remains with the Church, he will
be moved to another field. Mr. Young states that he intends
to resign. Without desiring in any way to interfere with
any Church, it is my opinion that it would be better to have
the Skidegate Indian Day School under the charge of the
Government, like the Massett Indian Day School. Constant
changing of teachers, and the work expected of a teacher,
outside of his regular school duties, is not conducive to
making the school better. I understand that it is proposed
to have an Indian woman in charge of the school, should
Mr. Young resign-a former Boarding School pupil. It is

I have the honour to inform you of the receipt of the following, from Mr. J. H. Young, Teacher of the Skidegate Indian Day School:—

"Sir:—Owing to the fact that the entire Indian population will, in all probability, move to the Skeena Fishing Grounds during the early part of June, I make application to close the Skidegate Indian Day School on June 15th, 1915. Trusting you will endorse this applicatin, I am (Sd.) J. H. Young."

From the above I understand that Mr. Young desires that the Summer Vacation should start on the 15th June. Considering that a large number of the Indians of the Skidegate Band will be away during the Summer, returning about September, or October, it would be advisable to grant Mr. Young's request, provided that he intends to return, to take up school work at the end of the time allowed for the Summer vacation.

"Dear Mr. Deasy:-Since coming to take charge of the "Skidegate School, I have found the attendance so heavy "during the Winter season that I would request the Depart- "ment to supply an Assistant Teacher for this season. I have "fifty pupils on the register, of whom the majority are of "the Junior Grade. I really cannot do justice to the chil- "dren with such a large attendance. I trust you will see "your way open to recommend this. (Sd.) J. H. YOUNG."

78-33
With reference to the above, permit me to state that the Indians of the Skidegate Band, numbering 145, are at the one reserve during the whole of the Winter. The children all go to school during the few months they are together, on the reserve, and to handle them, satisfactorily, is quite a task for one man. Mrs. Young is available, and would take the position, for a few months of the year, at a salary of \$25.00 per month. Considering that Mrs. Trainor, of Massett Reserve, teaches during the Winter months only, and an appropriation of \$300.00 is made for the Assistant Teacher in this Agency, both Mrs. Trainor and Mrs. Young could be engaged, while the pupils are at home, on the two reserves, without exceeding the appropriation, and it would be a great benefit to the children. The services of the Assistants could be dispensed with, each year, when the attendance falls off.

Sir,—

I beg to acknowledge receipt of your letter of January 11th ult, with reference to the attendance at Skidegate Indian Day School, which Inspector Cairns reports as unsatisfactory.

During Mr. Cairns' official visit to Skidegate the Indians were gathering their Winter fish and wood. As you are aware, I have always complained of the attendance at the Day Schools in this Agency, during the Summer months. The whole of the Indians are nomadic—they are away at fishing camps, canneries, and the reserves are practically deserted then. We have no way of keeping the children at Massett and Skidegate for months, in each year. We send as many to Coqualeetza as the Industrial Institute can accommodate.

The Inspector, Mr. Cairns, informed me that the attendance was poor, all along the Coast, at the Day Schools. We are doing our level best to keep the Day Schools up to the standard; but cannot keep the Indians at home all of the year, when they have to make a living elsewhere.

Sophia is a graduate of the Coqualeetza
Institute, has taken her **second-class** standing
as a teacher and passed her Matriculation
Examinations. Her case was fully discussed with
Mr. Scott, Mr. Cairns and myself last March in
Ottawa, and it was agreed that she should be

harmony with this, I wrote Mr. Young that his services
would not be required at Skidegate after the 30th
of June and offered him the school at Kitsalas.
I have also written the chairman of the District
notifying him of this appointment and I may say that
it meets with the hearty approval of our missionary

Mrs. Fakeley left the Agency,

two weeks before the end of the Quarter.
Henry Green is still teaching.

I am not aware whether
Mrs. Fakeley intends to return, although
I have heard that the lady left

Sir,-

I have to acknowledge the receipt of your letter of the 18th ultimo, in which you inform the Department that Mrs. A. L. Fakeley, teacher of the Skidegate Indian Day School, had left her duties without giving any notice of her intention of doing so.

In reply I beg to say that the Rev. T. Ferrier, Superintendent of Methodist Indian Schools, is being informed accordingly and requested to obtain the services of a qualified teacher for this school to begin duties after the summer holidays. In the meantime the Department will approve of the temporary appointment of Henry Green until June 30th, next, and will allow him salary at the rate of \$60.00 a month for his services and a cheque for the amount due will be sent to him instead of the Treasurer of the Methodist Missionary Society. You will be good enough to forward properly prepared vouchers for his salary, together with a return from the teacher showing the attendance, at the end of the present quarter.

It is noted that Mrs. Fakeley did not prepare a quarterly report for the March quarter last, and if so, Henry Green should prepare a return for that quarter. It is thought that he can get all the information from the Daily Register of Attendance which should be in the school. As soon as this return is prepared you should forward it in order that the amount of salary due for Mrs. Fakeley can be sent to the Treasurer of the Methodist Missionary Society.

Reverend Sir,-

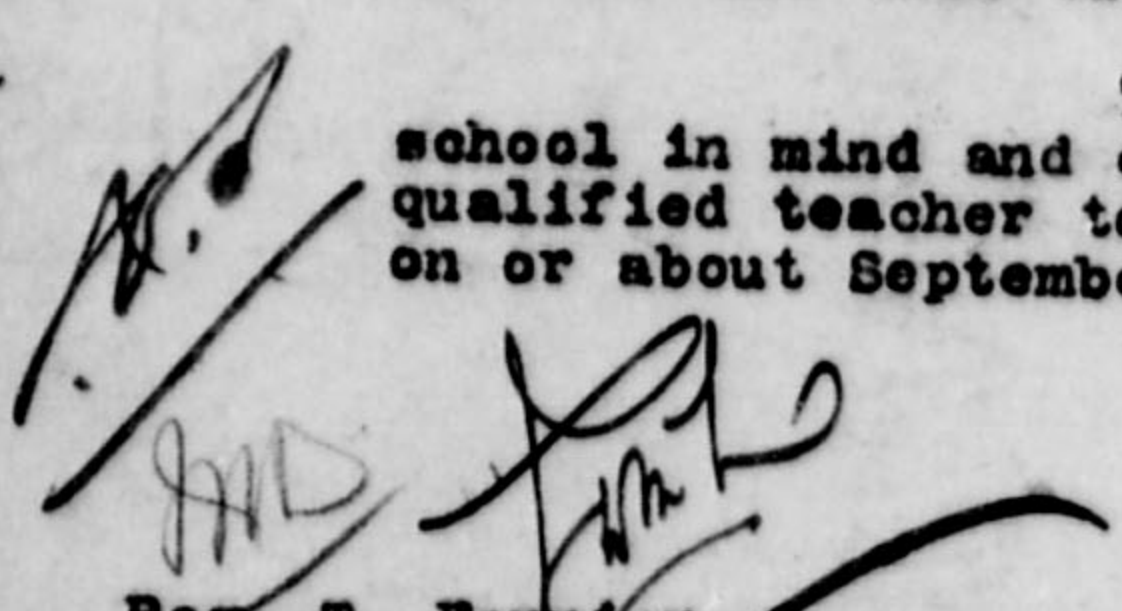

I beg to enclose herewith a copy of a communication received from Mr. Agent Deasy, of Skidegate, in which he informs the Department that Mrs. A. L. Fakeley, the teacher of the Indian day school, had left her duties without giving any notice.

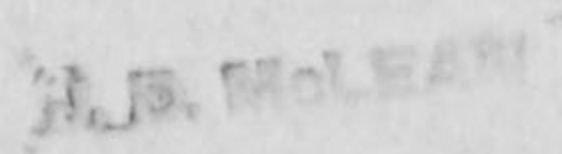

It is considered that Mrs. Fakeley should have given due notice of her intention to give up her duties in order that a successor could have been secured. Mr. Agent Deasy is being informed that the temporary appointment of Henry Green, an Indian, as suggested by him, is approved, to carry on the work in this school until June 30th, next, and he will be paid for his services at the rate of \$60.00 per month. The cheque for the amount due will be sent direct to the teacher instead of to the treasurer of the Methodist Missionary Society. Henry Green's appointment is approved in order that the school may not remain closed until a qualified teacher is secured.

As Mrs. Fakeley left without preparing a return for the March quarter last, salary due for that quarter has not been paid. She has forfeited the bonus for that quarter and this will not be paid her.

The Department would like you to keep this school in mind and endeavour to secure the services of a qualified teacher to take up the work after the summer holidays on or about September 1st, next.

Sir: On my arrival at Skidegate Reserve, found the Teacher leaving on the outgoing steamer, without any notification. I then learned that a Native Teacher had been installed, in the Indian Day School.

I have no Quarterly Report, to date, from Mrs. A. L. Fakeley, former teacher.

The Indian Teacher appears to be doing well with the pupils.

I would recommend that the present incumbent, Henry The Asst. Deputy and Secretary Dept. of Indian Affairs, Ottawa.

I have to acknowledge the receipt of your letter of the 7th ultimo enclosing reports on the day schools in your agency and stating that the children on these reserves must be kept at home during the whole year, if they are to be properly educated, and that this can be done by having a central place for the children to reside in on the reserve during the time the parents are away earning their living.

In reply I beg to say that the Department is unable at the present time to erect a building for these children to reside in while their parents are away from the reserve.

Sir,—

I beg to enclose herewith "Agent's Report" on the Day Schools in this Agency.

As you will observe, both schools have been closed—one through the presence of "Whooping Cough" in Skidegate Village, and the other on account of the lack of pupils. In fact, but eight children were attending, at Skidegate, when I last visited the School.

It is practically impossible to keep the children at school, during the good weather. They go and come; one day the family is on the reserve; the next day they go in boats to gardens, camps, mill towns, and away, here and there.

year after year, we are compelled to shut down the day schools, at the beginning of May, and they are not opened, on the reserve again, until September, or October.

At times, when the canneries employ a number of the Indians, the teachers go there, and open school; but little advancement is made, and the children fall back, until we never have a child, the product of a day school, that shows any marked ability.

I have consulted with the recently appointed Anglican Missionary here, Rev. J. Gillett, and also with the Chief Councillor, Alfred Adams. We have

gone thoroughly into the question of education of the Indians, and find that the children must be kept at home, during the whole year, if they are to be properly educated. This can be done by having a central place, for the children to reside in, on the reserve, during the time the parents are away, earning their living. Rev. Mr. Gillett is now at the meeting of the Synod, and intends bringing up the question there. Chief Councillor Adams is also at the meeting, and will give the Indian side of the question. With the assistance of the Missionary and Chief Councillor, it is possible to work out a plan that will be acceptable both to the Department and the Church authorities. We have laid the groundwork, and will place before you our conclusions, after the return of Messrs. Gillett and Adams.

The school question has been one that requires our best efforts. The Indians are now surrounded by loggers and White fishermen, in camps and towns. The children must be kept away from the influences found there. If we must advance the Indian, it is wrong to have children of tender age running around towns and camps, doing nothing. They learn no good there. If we can devise some means of keeping the children on the reserve, during the Summer months, we will solve the education and saving of the Hydahs.

Dear Sir,-

Replying to yours of the 8th, No. 126932/1:

I am surprised to hear that Miss Cook did not reach Skidegate. The last word I had was to the effect that she would reach there about the 7th of January. She has not written me anything to the contrary. I have written Mr. Livingstone our missionary there, and will do my best to secure another teacher at the earliest possible date. I have already written Mrs. Fakeley of Meanishkinisht, asking her if she will go to Skidegate. This a much more important place as far as number of pupils is concerned. We could supply her school later on. Would this be satisfactory to the Department providing Mrs. Fakeley is willing to go?

I beg to enclose herewith Quarterly Report of Teacher of Skidegate Indian Day School, for the term ending 31st December, 1917.

Miss Gladstone, the Teacher, who is a member of the Skidegate Band, left the Reserve, during the Christmas holidays, having completed the term, and informed me, verbally, that it was not her intention to again teach in the Skidegate Indian Day School. Previous to leaving, I informed Miss Gladstone that it was necessary to send in her resignation. She informed me that it had been forwarded to Mr. Ferrier. I was informed, later, by the Missionary at Skidegate, that Miss Gladstone forwarded her resignation to you, by telegraph.

Sir,

I beg to acknowledge receipt of your letter of Nov. 12th ultimo, with reference to the resignation of Miss S. Gladstone, teacher of Skidegate Indian Day School.

During my recent visit to Skidegate Reserve, Miss Gladstone informed me, verbally, that it was her intention to leave during the Christmas holidays. She stated that her resignation was in the hands of Rev. Mr. Ferrier.

I informed her, on two occasions, that the Department required all teachers to send in a written resignation; but Miss Gladstone did not appear to understand that same is required.

With reference to her resignation, I feel that it would be preferable to have another teacher.

My recent visits to the School proved that Miss Gladstone was not carrying on the work in a satisfactory manner. For many reasons, the resignation of Miss Gladstone is timely, and I trust the successor will prove more satisfactory.

I have again requested Miss Gladstone, through the Missionary at Skidegate, to submit her resignation, and will act on same, when received.

Extract from report of Agent Deasy on the
Queen Charlotte Agency for the month of April, 1919.
Original on 427000/57.

The Field Matron and Nurse and also the teacher of the Indian Day School, were both absent during my visit, and I am not aware whether they will return. They did not inform me that it was their intention to leave the islands, simply taking their departure. I found an Indian, Henry Green, in charge of the Day School, and he informed me that he was placed in charge by the Missionary. Shortly after my arrival, the Missionary and his wife left the reserve, for the south, and I learned the medicine is locked up in his residence. At present we have no whites looking after the Skidegates, although there is communication by telephone between the Reserve and my office. Fortunately there is little illness. The school will be closed, in a short time, on account of the absence of the Indians, at their fishing grounds and gardens, and there will be no necessity for a Field Matron and Nurse, and School Teacher, on this reserve, during the summer, as the place is, practically, deserted, from the middle of May until September. Miss Wharton and Mrs. Fakeley, were both ill, during the winter, and that may account for their absence. Apparently, they did not consider it advisable to give notice of their intention to leave, for the reason, as I understand it, that they were not engaged here, and the responsible heads were those who gave them the positions. The acting Indian Teacher appeared to fill the vacancy, very acceptably, and was greatly interested in the work, when I reached Skidegate. I visited the schoolhouse often, and found that the children appeared to advance, and were under better discipline than on any other occasion. It would be advisable to temporarily appoint Henry Green to take charge of this school, during the winter months, and place him under the regulations governing the two Indian teachers of Massett Indian Day School.

Dear Sir,-

Replying to yours of May 1st, No. 126932-1:

I am endeavoring to secure a suitable teacher and nurse to take charge after the summer vacation at Skidegate. I trust the way will be much easier for the new officers to carry on their work under the Agent Deasy. If not it will be next to impossible to keep suitable people there. on no 3 of this file

According to your instructions, I am forwarding Voucher for the amount of salary which I consider H. E. Green should receive, for the time he conducted the School, during the June Quarter. Mr. Green informed me that he was in charge, for a short time, during the Quarter ending 31st March last, before Mrs. Fakeley left the Agency. The amount due him, for that time, is not included herewith, as I understood that he would look to Mrs. Fakeley, or the Church authorities, for payment.

In connection with the appointment of a Teacher, and a Field Matron and Nurse, for this School, permit me to ask that, before appointments are made, the parties willing to accept be given distinctly to understand conditions, at Skidegate, and that the Field Matron and Nurse will know, beforehand, what is expected of her, and whether fuel and light will be granted, or not. Attending to Indians, on these islands is a very difficult position for any lady to fill. Living on an Indian reserve, with high cost for everything, and

the many disadvantages met with, is a strain on any lady filling the position of Field Matron and Nurse. The School Teachers have their duties defined, and the responsibilities connected with their office is easily understood. It is quite different with a Field Matron and Nurse. With no doctor in the neighbourhood; irregular means of communication with outside ports; dealing with a peculiar band of Indians that claim to be more civilized than the ordinary Indian, and with the independence not found in other Indians-the position is one not to be envied. It would be advisable that the newly appointed Field Matron and Nurse should understand, in written instructions, her responsibilities, and her duties.

In asking for the appointment of Field Matrons and Nurses, some years ago, my aim was to have someone, on the ground, ready to assist sick and indigent Indians and to endeavour to suppress tuberculosis. In dian women were first appointed, and I found no fault with their work. They were dismissed, and White women appointed, at the instance of the then Inspector of Indian Agencies. The work of Field Matrons was then included; but their principal work has been attending to the sick. They have a great deal to do in this work, in fact, it takes up a great deal of their time, and I find they are more useful, in this respect, than Medical Officers, who visit the reserve, periodically, while the Nurse is always on hand. Recently, at Skidegate, the former Field Matrons and Nurses understood they were under the direction of the Church authorities, and, although we had telephonic communication to the reserve, we heard little of conditions on the reserve, until the monthly report was submitted. The fuel and light question arose, and I was blamed for not supplying same. I was

also told, by the Missionary, that the Field Matron and Nurse was appointed by the Church authorities, and was responsible to them. If this is correct, I would be pleased to know that my duty, in connection with the Field Matron and Nurse, is to simply inspect, as in the case of teachers, and report to the Department. All I am anxious about is the good of the Indian, morally, socially and intellectually. Any instructions given, in the past, emanated from the Department. Without a ~~with~~ Medical Officer, a great deal of responsibility rests on the Field Matron and Nurse. If a lady teacher is appointed, the Field Matron work might be accomplished by her. With these Indians, a lady teacher has a difficult position. The children "rule the home," and would rule "the school," if permitted. The last teacher had difficulty with them.

A Returned Soldier, for teacher, and his wife, as Field Matron and Nurse, would be preferable, if qualified persons could be obtained. Personally, I would be pleased to see Rev. J. C. Spencer, and his daughter, return to Skidegate. Miss Spencer is a qualified Nurse, and Rev. Dr. Spencer was Medical Officer of this Band, for some years, and gained the respect and esteem of the Indians. It is to be regretted that he ever left the Band.

Sir,-

I have to acknowledge the receipt of your letter of the 23rd ultimo, in further reference to Henry Green, the acting teacher of the Skidegate Indian Day School.

In reply I beg to say that his appointment was only temporary. The Reverend T. Ferrier, Superintendent of Methodist Indian Schools, under whose auspices this school is conducted, informs the Department that he is endeavouring to secure a suitable teacher and nurse to take charge of the school after the summer vacation.

Henry Green will be paid salary only for the time he taught and he should prepare a return covering that period. You will be good enough to forward a voucher for the amount of salary which you consider he should receive for his services and a cheque for the same will be sent you for Mr. Green.

[Handwritten signature] Sir,—

I would be pleased to receive further instructions from you, with reference to Henry Green, acting teacher of Skidegate Indian Day School.

In your letter of May 1st (No. 126932-I) you inform me that "in the meantime the Department will approve of the temporary appointment of Henry Green until June 30th, next, and will allow a salary of \$60.00 a month for his services."

In your letter of May 5th ultime, I am informed in letter No. 126932-I, that "the school is conducted under the auspices of the Methodist Church," and "the nomination of teachers is in the hands of the church authorities."

Henry Green was appointed and placed in charge of the Skidegate Indian Day School, when Mrs. Fakeley was still in the Village, and was placed in charge, I understand, by Rev. H. E. Livingstone, the Methodist Missionary residing there. Henry Green informed me that he was teaching for two weeks, during the March Quarter. I found him in charge of the School, when I visited the Reserve.

I understand the Skidegate Indian Day School closed on the 20th June. On account of the "Strike," our mail service is demoralized, and I received no word from Henry Green, over the telephone, informing me that he intended to close the School, or that it was closed.

Sir,—

I telephoned to Skidegate, and ascertained about conditions there, and found that the school had been closed, most likely through lack of pupils, as the Indians leave, during May and June, for the canneries and fishing grounds.

What I desire to ascertain is: Will Henry Green be paid for the two weeks, in the last Quarter, by the church authorities, and also whether he will be paid, for this Quarter, through the church authorities? He was engaged by their Missionary, to take the place of Mrs. A. L. Fakeley, who left without tendering her resignation.

In my opinion, the teacher of this school should be paid only during the time the school is open, and not during the Summer months, when a male teacher engages in fishing, or other occupation. It is most probable that this School will not re-open until October, or November, and it would be unfair to the teachers of Massett School, if Henry Green is appointed, that his pay should continue, whilst the Massett teachers earn their living, otherwise, as Henry Green will do, during the months the schools will be closed.

On the 20th instant, H. E. Green sent me the following telegram: "Indian Village, Skidegate, B. C., Sept. 20th, 1919. Thomas Deasy, Massett, B.C. "Want to know what I am going to do with the Cheque "One hundred and twenty-eight dollars for teaching "already got my pay last June my address will be "pacofie from now on. (Sd.) H. E. Green."

With reference to this telegram: I have written Mr. Green instructing him to return the Cheque to this office. Mr. Green received no other payment, that I am aware of. You instructed me to send in a voucher, and, when the cheque arrived, I forwarded it. It is possible that Mr. Green received payment through Rev. T. Ferrier. It will take some time to receive a reply from Mr. Green, who is at a fishing plant, out from Skidegate. I am not aware whether a teacher has been provided, for Skidegate Indian Day School.

I beg to enclose herewith "Agent's Report" on Skidegate Indian Day School for month of September, 1919.

Miss Lillian McDonald was appointed Teacher of the above-mentioned school and took charge on the 23rd September last, opening School at Aliford Bay Cannery on that date.

On the 23rd September, Miss McDonald, the Teacher addressed me the following letter:—

(Copy)

"Skidegate, B.C., Sept. 25th, 1919.

"Mr. T. Deasy, Massett, B.C.

"Dear Sir:—I take this opportunity of notifying you that I opened the Skidegate Indian Day School on Tuesday Sept. 23rd and I wish to have the forms for the Quarterly Reports forwarded to me as soon as possible. I should also be very pleased to have you call at the school as I would like your advice and help in some matters. I may state that this is my first attempt at teaching Indians and also my first teaching experience in British Columbia, although I have taught a number of years in Manitoba and Saskatchewan. P.S. I forget to say that at present I am holding school at Aliford Bay until the children return to Skidegate village again. (Sd.) Miss Lillian McDonald."

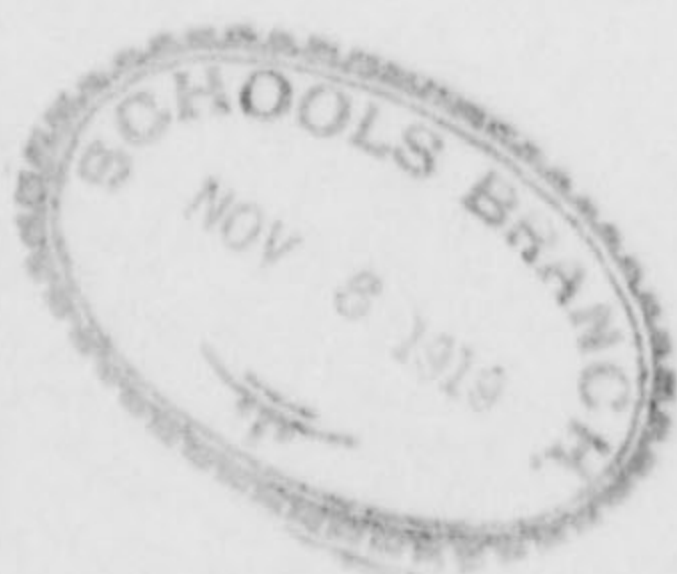

Miss McDonald since removed to Skidegate.

It is my intention to leave Massett, on the next steamer for Skidegate, via Prince Rupert, when I will visit the Indian Day School on Skidegate Indian Reserve.

I beg to enclose herewith "Quarterly School Return," for Skidegate Indian Day School, submitted by teacher, Miss Lilian McDonald, who arrived at Skidegate Reserve No. I on the 23rd September ultime, and opened the school, at Aliford Bay, continuing during six days and then removing back to Skidegate Reserve.

The former Teacher, Henry E. Green, closed the School, at Skidegate, on the first week in June last. From that time, and until Miss McDonald arrived, on the 23rd September ultime, the School was closed for two reasons, absence of a Teacher and absence of pupils.

This, the first "Quarterly Report" of the Teacher, is incomplete, as Miss McDonald was at Aliford Bay, five miles across an inlet from Skidegate, when making out the "Return." But 11 pupils attended, during the six days Miss McDonald was in charge, in September, at Aliford Bay. In "Marginal Notes," Miss McDonald makes explanations.

It is my intention to visit Skidegate Reserve, on the next steamer. Unfortunately, the steamer service is in such a condition that I must visit Prince Rupert; remain there some days, and then go to Skidegate, and remain there some time, before again returning to Massett via Prince Rupert.

Sir,—

I beg to enclose herewith Monthly Reports on Massett and Skidegate Indian Day Schools, for the month of November, 1919.

During the early part of the month, I visited Skidegate school. Found Miss Lillian McDonald in charge. This lady was making the first endeavour to handle Indian pupils, and complained of conditions, as found. It is difficult for a lady to control Indian children, on outside reserves. Much is expected, by the parents; but they do not discipline their own offspring, and seldom visit the school. As the School is under the auspices of the Methodist Church, the Missionary, who lives in the adjacent house, might be requested to visit the School, and assist the Teacher, in maintaining discipline. It is difficult for a woman to teach Indian children, at any time or place. Miss McDonald is giving every attention to her pupils, and is to be commended for her efforts; but informs me that it is not her intention to remain.

At the Massett Indian Day School, the two Indian teachers are making good progress. We have introduced the making of baskets, an almost lost art amongst the Indians, and the girls are taking quite an interest in the work. During the time the Indian woman is teaching the girls, Teacher Adams instructs the boys in singing. These Indians are musical, and many of them have in-

struments in their houses. The attendance at the

Masset Indian Day School is good, considering that so many families are absent, taking advantage of the fur market prices, the logging, cannery work and other occupations, throughout the country.

I would like to see a Night School started, for the men, and elder boys and girls, which would be well attended, during the Winter months, especially at Massett; also a Library, where the men and boys would pass the long Winter evenings, receiving instruction. These institutions would benefit the Indians, materially. They will not take the initiative, in anything for their benefit. Old and young need instruction, in many ways. The Church is building a new Rectory; while the Indians are constructing a new place of worship. The old Church might be used, for Library purposes. The Indians have a Hall, which is falling into decay, where they might have an athletic club, and library; but they will not contribute the funds for the upkeep of such institutions. The Council of 1919 has been more or less scattered, working in various places, and little has been done by the Councillors, to advance their fellow members of the communities.

We are now at the stage when the Indian problem must be considered, with those affecting the Whites. No community suffered less than the Indians of these islands, during the war. Their education has produced diverse characters, from the elder generation, and the future is fraught with many difficulties, now that immigration is tending towards these islands. The pity of it is that they must leave their homes, during the Summer, to obtain employment, food and means to live, during the Winter.

I have to acknowledge the receipt of your letter of the 1st instant enclosing your reports on the Massett and Skidegate Indian Day Schools for the month of November, last.

With reference to the Skidegate Day School it is noted that Miss McDonald, the present teacher, has informed you that it is not her intention to remain. Rev. T. Ferrier, Superintendent of Methodist Indian Schools, has been informed accordingly.

You should see that Miss McDonald prepares and forwards returns showing the attendance, days taught, etc., before she leaves, in order that the salary and bonus due can be paid her.

With reference to your remarks that you would like to see a night school started for the men and older boys and girls at Massett I beg to say that the Department would be disposed to pay a reasonable salary for instruction in a school of this kind during the winter months. It is presumed that the night school could be carried on in the day school building. You will be good enough to furnish a full report as to who would give the instruction in the night school and the salary required. It is considered that three nights per week would be a sufficient period to conduct these classes. You should furnish a full report as to what arrangements you can make for the proper carrying on of a night school at this point.

In reference to your remarks that an athletic club and library be provided for the Massett Indians and the hall fitted up for this purpose I have to request that you will furnish a further report concerning this matter. You should state what it would cost to have the building put in repair and the amount necessary to provide books and a small supply of athletic material, also who would take charge of the library and the athletic club. The Department would not be justified in going to any undue expenditure in fitting up this building and providing for an athletic club and library unless it were assured that the Indians would avail themselves of the privileges granted and also that the club and library would be properly conducted and the material and the books cared for. You should give your views fully regarding this matter, with a full estimate of the cost involved and the salary, if any, that would have to be paid to manage the scheme.

You should furnish a full report regarding the carrying

Sir,—

I beg to enclose herewith Quarterly Report of Miss Ward, Teacher of Skidegate Indian Day School, for the term ending 30th September, 1922.

Miss Ward reports as follows:—
(Copy.)

"Skidegate Mission,
Queen Charlotte Islands, B.C.,
September 30th, 1922.

Mr. Thomas Deasy,
Indian Agent,
Masset, B. C.

Dear Mr. Deasy:—Enclosed you will find my report for sept. I regret very much that my attendance is so small; but the people are still at the canneries, and I have been unable to go to Aliford Bay to see if it were possible to open the school there. However, from what I can learn of conditions there, I do not think it would be possible. (Sd.) Blanche E. Ward."

At this time of the year, it is difficult, in the Agency, to obtain good attendance at any Day School. The older Indians must go to the canneries, to make their living, and they take the younger Indians with them—no matter how much they desire to have the children educated. The Haidas are most eager to learn.

Madam, -

Referring to the question asked in your annual report on the Skidegate Indian Day School for the last fiscal year as to whether the Department makes any recognition of a perfect record made by a pupil by the giving of diplomas, I beg to say that the Department grants diplomas in the cases of those pupils graduating from residential schools whose conduct and progress have been satisfactory during their stay in school.

We do not give diplomas or any other recognition to pupils leaving the day schools.

I beg to enclose herewith Petition received from the Skidegate Indian Council, dated 6th March, 1924.

The Petition explains the object of the new council of Skidegate Band.

It is not within my province, at the present time, to make any comments on the proposition contained, in said petition.

Considering that the Department has a Superintendent of Education, and an Inspector of Indian Schools, there is no doubt that their advice will be sought, before any action is taken.

A copy of the enclosed Petition has been made, and will be kept on file, in this office, and the receipt of the Petition acknowledged.

Whereas there are at present fifty pupils enrolled at Skidegate Indian Day School; and

Whereas there are in Skidegate Village several young children just about to reach school age; and

Whereas, in view of such large attendance, it has been necessary to adopt a half-day system of school attendance;

We, the Council of Skidegate Indian Village, at the unanimous request of the members of the Skidegate Band, do hereby make petition to the Department of Indian Affairs, that two school teachers, instead of one, be supplied for Skidegate Day School.

In making such petition, the members of the Council bear in mind the fact of the difficulty of the native people in keeping their children at school during the fishing seasons, many of the families being obliged to live away from the village on these occasions.

"Dear Mr. Deasy:—Just a note, by this boat, as I will be writing you next week; but thought I might let you know that, all being well, I plan to leave by the direct boat on the 15th. By that time I will have completed the prescribed school days for the quarter as I taught nearly all the time of the Easter holidays also Empire Day and on the King's Birthday I have wondered this week if I were not a bit foolish to miss to-day's boat, as some of the pupils come to school with very reluctant feel these Summer days, when the out-of-doors calls so invitingly to every lover of Nature. The resignation of Miss Ward means that another Teacher will be required, by the end of September next. I do not expect that a sufficient number of the Indians will remain at Skidegate Reserve, until that time, when they return from the Canneries, and camps. "Dear Mr. Deasy: I herewith tender my resignation as Teacher of the Skidegate Indian Day School, as owing to my health I could not accept the responsibility, and, may I add privilege, of teaching such a heavy school next year. Since January I have found the strain of the large, though splendid school attendance very severe and after my break, in February, do not feel that it would be fair to the pupils to think of returning next September, with the prospect of breaking down, and leaving in the middle of the term. I regret very much the resignation of Miss Ward, one of the best and most conscientious teachers we ever had, in this Agency. I have to acknowledge the receipt of your letter of the 21st ultimo, in further reference to the request made by Miss Blanche E. Ward, teacher of the Skidegate Indian Day School, that she be granted permission to teach the senior classes in the forenoons and the junior classes in the afternoons, owing to the large attendance. We note that she states it would relieve her of the present strain, and she would be able to give more attention to the pupils in their classes.

In reply I beg to say that the Department will approve of this arrangement being carried out during the winter months, when the large attendance keeps up. The pupils should be entered on the Register as having attended a full teaching day. We hope that, as a result of this change, it will mean less strain on Miss Ward, and that better results will be accomplished in the classroom. You should inform her of the Department's permission to allow her to divide the classes - teaching the older pupils during the forenoons and the younger during the afternoons.

We hope that Miss Ward has recovered from her illness, and that she will be able to remain as teacher for the balance of the school year, at least, and also, if her health permits, continue in the service as teacher of the Skidegate School.

Sir, —

I beg to acknowledge your letter of February 2nd instant, with reference to the arrangement of classes, in Skidegate Indian Day School, and the request of Miss Blanche E. Ward, for permission to divide the classes, in order to teach the senior classes during the forenoon, and the three junior classes, during afternoons.

During my recent visit, to Skidegate Reserve, met the Teacher; but, unfortunately, Miss Ward was taken ill, and was under the care of Dr. Palmer. It was apparent that Miss Ward was exerting herself, beyond her strength, and it is probable that Miss Ward will not continue, as teacher, after this year. This is to be regretted. Miss Ward is one of the most conscientious of teachers, and has done a great deal to advance the pupils. I agree with you, and would be sorry to lose the services of Miss Ward. I would recommend that her request be granted. It would mean less strain, on the teacher, and the results would be even better than teaching the whole of the children, at one time. The Indian children come and go, with their parents. During the winter months, almost all of the families are on the one reserve. When spring opens, they go off to their camping grounds. During the summer, they are at the canneries, and the fishing grounds. During the fall, they gather fish, fruit and other food, for the winter.

For a few months, they overcrowd the day school; the teacher is then overtaxed. If the Indians talked the English language, in their homes, we might expect good results, even from day school teaching; but the older generation continues to converse, in the "Haida" language; yet it is remarkable that many of the children are more than anxious to learn. Where we now have over one hundred children, at two Day Schools, and a large number, at Coqualeetza, it is to be regretted that we have no residential school, in this locality, and no boarding school, ready to take those desirous of attending.

I have to acknowledge the receipt of your letter of the 18th ultimo, embodying a copy of a communication which you received from Miss Blanche E. Ward, teacher of the Skidegate Indian Day School, requesting permission to teach the four senior classes in the forenoons only and the three junior classes in the afternoons only.

In reply I beg to say it is noted that Miss Ward finds the work a great tax on her strength, and makes this request owing to the number of children in attendance and in order that she may be able to give better attention to them while in the classroom. If you consider the suggestion made by the teacher to be in the best interest of the work, and that it will relieve her of the difficulty in handling the large number of children, you may authorize her to carry out the suggestion regarding the half-day system. We note that you intend visiting Skidegate. You will then, no doubt, be able to form an opinion as to the advisability of complying with the request made by the teacher. Kindly inform the Department of the decision arrived at by Miss Ward and yourself regarding the conducting of the classes on the half-day system. We would be sorry to lose the services of Miss Ward, and hope that, if the above arrangement is carried out, it will greatly relieve her in her work.

We also note your recommendation regarding the establishment of a residential school for the Indian children of the Massett and Skidegate Bands. It will not be possible to provide a school of this class at the present time, nor until Parliament provides the necessary funds.

"Mr. Thomas Deasy,

Masset, B.C.

"Dear Mr. Deasy:-I received your letter last night. Thank you very much for all your good wishes. It is indeed refreshing to receive such kind words, at the close of a strenuous week, and I appreciated them very much. I am sorry to tell you that I am finding my work too great a tax on my strength-about collapsed, this week, and began to fear that I would have to leave, at once. However, if you do not mind, I am going to try teaching the four senior classes in the morning, and the three junior classes in the afternoon, and see if that will relieve the pressure, so that I can continue. I would be sorry to leave the children without a teacher, so early in the year, for many of them did not start school until October. The new plan, if feasible, will give the children more teaching than they are receiving at present, and my hours will be lengthened, rather than shortened, for the first bell will ring at nine, as usual, and I am afraid that I will not be able to get through until 4:15; then the blackboard work will keep me till six. However, I will not have over forty children tacked into twenty-five desks (double) many of which are too small for one pupil, let alone two. The discipline under this condition is such a constant strain my health will not stand it any longer. As I am trying to somewhere near approximate, the course of studies, as outlined by the Vancouver Schools, I cannot allow the discipline to slip, and thought if I had the children in two groups, I would not be working under such a tension. I may be mistaken in thinking it will relieve me in any way; but some such plan has been tried in Vancouver, when there was much overcrowding. However, a fresh teacher was always put on, for the afternoon work, though the first one may have started earlier than nine. I am so glad you are so soon to visit us, when we can talk over the problems. This letter will give you an opportunity to think over the matter before you come. The school has been very comfortable, through the coldest weather, thanks to the improvements you had done and the excellent wood.

The Stove Pipes are about burnt through. We need 18 new lengths, 6" Pipe, and a new Elbow. I wonder if it would be possible to get the Pipes in the new ten-foot lengths, so that they would be safe and much more easily cleaned? I hope you have a good trip when coming to Skidegate. Unfortunately, my Quarterly Report would not give any accurate idea as the attendance was small at the beginning of October, and that made the Quarter's Attendance low. (Sd.) Blanche E. Ward.)

It is my intention to visit Skidegate Reserve on the 21st instant, when I will interview Miss Ward on the above. The young lady takes a great deal of interest in the education of the Indian children, and her resignation would be a great loss to both the Department and pupils. The plan suggested would be possible; but the question of the disposition of the children, during the daytime, when outside the schoolhouse, is one to be considered. We have them, for only a few months, in each year, and only for a few hours, each day-five days in each week. During the spring, and summer months, they forget a great deal of what they learn, during the few winter months. Parents, and children, talk the "Haida" language, in their homes, and when outside the schoolhouse. What is needed, is a Boarding School, for the large number of children of both the Massett and Skidegate Bands, increasing in numbers, and without a Boarding School, in the whole of this great northern country. We send a number to Chilliwack-to the Coqualeetza Industrial Institute, hundreds of miles away; out, where we guarantee an attendance of over one hundred pupils, in a Boarding School, in this neighbourhood, of children, eager to learn the English language, the need of such a school is apparent.

Thomas Dean
Indian Agent. 81

Dear Sir,-

Replying to yours of the 15th inst, No. 168-2-1:

I appreciate the Department's sanction to the exchange of teachers between Skidegate and Port Simpson, B. C. At the same time I wish to draw the attention of the Department to the fact that \$1,000 was paid at Skidegate last year and in the transfer of Miss Roode it was understood that she would receive the \$1,000. There is a large attendance at Skidegate and the charge is heavy so I trust there will be no objection in paying Miss Roode \$1,000, as she accepted it with this understanding.

Yours respectfully,

Sir,

I beg to acknowledge receipt of your letter of the 25th March ultimo, with regard to "the petition of Skidegate Council," requesting the appointment of a "second teacher, for Skidegate Indian Day School."

There is but one "class room" connected with the school building, on Skidegate Indian Reserve.

During the winter months, the attendance is large; but it must be remembered that the Indians of this Agency are without any industrial plants, near the reserve, while the families leave, for the canneries and fishing grounds, in the summer. An assistant teacher might be employed, during the five months, from the end of October; but, in my opinion, the Indians will again be away from the reserve, during the coming summer, and will not leave their young children, with no-one to care for them.

It is possible, the lady teacher is over-taxed, during the fall and winter months, although no complaint comes from that source. The Indians of this Agency require a residential school, where the children would remain, the year round, when the parents are engaged, in canneries, and while away, fishing.

The Massetts and Skidegates take a great interest in the education of their young, and should be encouraged. They have forty-six pupils, at Ooqua-leetza Institute, and could readily send one hundred more, to a Residential School.

On account of the difficulty in keeping discipline among the pupils, the teacher has sent in her resignation to take effect on April 30th. I think she has worked too hard. Miss Bertrand's resignation took effect at the end of April, but she taught school for three days in May while waiting for the steamer, and also held school during the Easter holidays.

Sir:

After considerable correspondence with the Reverend Thompson Ferrier, Superintendent of Indian Schools, under the United Church of Canada, it was decided to accept the application of Miss Elenice Bertrand., as teacher of the Skidigate Indian Day School.

She is thirty-five years' of age and has taught for twelve years in the Province of British Columbia, in rural schools. She has a third class British Columbia certificate and excellent reports have been given her by the Public School Inspectors, under whom she taught.

Mrs. Charles A. Wickens, a prominent worker in the W.M.S. Organization, living in Vancouver, assures me that the young lady making application is an efficient teacher.

Miss Bertrand will leave Vancouver for Skidigate on September 25th, and will have everything in readiness so that the school will reopen Oct. 1st, 1926.

We, therefore, recommend to the favourable consideration of the Department the appointment of Miss Bertrand at the same salary as her predecessor, viz: at the rate of \$950.00 per annum.

OFFICE OF INSPECTOR OF SCHOOLS
PRINCE RUPERT

May 23, 1928.

Rev. J. Gillett,
Indian Agent,
Masset, B. C.

Dear Sir,

In accordance with your request I found it possible to spend a few hours in your native schools at Skidegate and Massett, after attending to the inspection of my own schools at these points. I beg to give you in a friendly way my finding as follows:

SKIDEGATE: I have frequently visited this school in the seven years that I have spent in the north. Indeed with the single exception of last year when this school was not in operation during May, I have always looked in upon the work. After these six visits I almost feel as if the school were part of my regular work. This year, however, I was free to go more thoroughly into the work, since you yourself and the Council invited me to do so. You will therefore please regard this as a friendly criticism and not in any way official.

This is the best small native school that I have ever visited. I attribute this to the class of teacher that you have almost invariably employed. To Miss Ward, who, I believe, was the first to use at Skidegate, modern methods of teaching, great credit is due. Her successors, Misses Mackay, Rood, Young, Bertrand and McRae, have, as far as their individual ability and experience allowed, followed in her footsteps, and have demonstrated to me that it is quite possible to get response from native children when the work is made interesting. Candidly, were the white schools staffed with the type of teacher that I have so often seen in native schools, I am inclined to think that the interest and progress would be at a low ebb. It is a real pleasure to see the response to modern teaching in this school.

In some native schools that I have visited there has been no definite objective, no well defined Course of Study. In Skidegate for at least six years your teachers have endeavoured to follow the B. C.

Course of Study. If compulsory attendance and punctuality were insisted upon as in our white schools, this would soon be productive of even more marked results.

There are too many enrolled for one teacher. In a school the size of this at least two teachers should be employed. This would mean an additional room. The present building is commodious but the lighting is wrong, and doors and windows are so placed that only about one-fourth of the necessary blackboard space is available. In a native school even more than in a white school, should there be the maximum of blackboard space. In this way many children may be working at the board at the same time under supervision, and the efficiency of a teacher is multiplied many times.

A library of supplementary readers with a score or more copies of each book would be found very useful. These books should not be taken home, but should be used in the schoolroom under the teacher's direction. Indeed it would seem to me a necessity to have such a library of well chosen readers. Dent's Canadian History Readers I to VIII, by Miss Dickie, would be of value, especially III to VI.

Your teacher, Miss McRae, is not a disciplinarian. She has not made more mistakes than the average young teacher makes in her first school, and after being several hours in the school, I feel that she should give better service, since I have candidly pointed out her errors and commended her good points. Should you engage two teachers for next year, Miss McRae would be much better with the lower division than with the larger pupils.

Since you yourself visit this school regularly, I need not point out that the pupils are clean and that the room itself is clean and tidy.

MASSETT: There is here a large building with two good rooms. While the blackboard space is greater than in the Skidegate schoolroom, it is not so great as a modern school requires. Our ideal to-day is windows on one side of the room and blackboards on the other three sides.

Most of the children were with their parents at the Tow Hill Clam Cannery. At this point I met with the teacher and children and saw enough of the work to assure me that both Miss Stella Shopland and Miss Dorothy Shopland have proceeded in a modern way to instruct the hundred or more pupils in their charge. It would seem that in these young ladies you have efficient, faithful teachers.

Indian Affairs. (RG 10, Volume 6413, file 843-1, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

Were this a Provincial School we would employ three qualified teachers. It is our policy to employ a teacher for less than 40 pupils, two for between 40 and 80, and three for between 80 and 120. With the native children it would seem to me that 25 or 30 to a room would be quite sufficient until the schools had attained a higher standing. I do not see how one could look for really efficient work unless at least one more room were added to this building.

My remarks re attendance, punctuality, and library in my report of Skidegate would also apply here.

In closing I beg to assure you that having the time at my disposal, it was a pleasure to look more intimately than usual into your interesting schools. At the same time I should like you to regard this as a friendly criticism and not in any way official.

Yours very truly,

A. B. Fraser.

Rev. Sir:

I have to refer to that portion of your letter of the first instant which is relative to the motion of the Skidegate Band that the appointing of a teacher for the school be left with the Department, through the agent. In reply I beg to say that this school is conducted under the auspices of the United Church of Canada, and it is thought that if the required notice of intention to resign is given by a teacher, the nomination of a successor could be made by the church authorities in due time.

Please inform the Department as soon as possible whether Miss McRae, the present teacher, intends to resume duties when the school re-opens after the coming summer holidays, or not. If not, we will immediately take up with the church authorities the question of nominating a teacher to succeed her in due time to begin duties when the school re-opens on or about the first of September, next.

The other motion was:

That the appointing of a teacher for Skidegate
be left entirely with the Indian Department through the Agent.

The reason they gave for this was that in the
past oftentimes the school has not opened until a month or so
late, on account of delays in the appointment of a teacher.
As the selection is made by Mr. Ferrier in Brandon, it takes
some time before a teacher can be appointed.

Dear Mr. Perry,

Your letter re Mary's appointment to Skidegate Indian School was received here Tuesday. In my daughter's absence I can give information asked for.

Mary received notification of her acceptance from you on Thursday morning, October 6th. On inquiry, we found she could take the Prince Charles that evening for Prince Rupert and catch the Prince John to Skidegate. The next boat would probably be two weeks later, we were told. So she left Thursday evening. Before leaving she wrote Rev. T. Ferrier giving her qualification and references. She has a B. C. Second Class Certificate, is aged twenty years, and a member of North Vancouver St. Andrews United Church.

Yours sincerely,

"(Mrs.) Helen McRae."

Sir:

I beg to report as follows for the month of Sept. for the Massett and Skidegate Reserves.

x x x

The Massett school opened on the sixth. The Skidegate school is not opened yet. It appears that Mr. Ferrier found some difficulty in securing a teacher. I wired him on the fifth regarding same. The reply was that Miss Gray of Vancouver was appointed. Later I received word that she could not take the appointment, and was asked if I could secure a teacher. I immediately got in touch with the Teachers' Bureau in Victoria, sending the following wire,

"Could you secure lady teacher Skidegate Indian school, United Church, preferred, salary one hundred and five per month."

I regret that a mistake was made in stating the salary, but I was under the impression that Miss Bertrand, the last teacher, was getting one hundred and five. Mr. Baillie received that at Massett last year, and I understand from Miss Shopland that she was getting one hundred and five at Kincolith. I therefore thought that this was the usual salary. The answer to the above wire was,

"Miss Mary McRae of North Vancouver is available."

I then wired Mr. Inspector Cairns in Vancouver asking him to get in touch with Miss McRae and to notify Mr. Ferrier. I have heard nothing since, but trust that the teacher will arrive at Skidegate by the next boat from Vancouver, which should be around the seventh of this month.

INDIAN AGENT'S OFFICE

157-11-1.

Queen Charlotte Agency,

Masset, B. C., June 9th, 1928.

Original on 157-2-1.

Sir:

I have the honour to forward herewith the Agent's report for the Massett, Tow Hill and Skidegate Schools, for the month of May. I am also enclosing Mr. Inspector Fraser's letter to the Agent regarding these schools. His remarks on the Massett and Skidegate Schools regarding the number of teachers required expresses the need which the Agent has seen for some time, namely, three qualified teachers for Massett School, and two for Skidegate. Massett this year had over one hundred on the roll, and Skidegate over forty. There will be more in both schools next term.

If the suggestion for three qualified teachers for the Massett school is carried out, it will be necessary to have another room added, such as the Department's original plans called for. I realize that there was not anything provided for in the estimates for 1928-29, to take care of this, so that I suppose the new room could not be added this year. However, the present school could be rearranged so as to make three rooms with very little expense. All that is required is the partition between the large room and the cloak room moved, and two new doors. The enclosed plan of the present school and a sketch of the alteration will show what I mean. If nothing can be done this year, possibly the old Church could be used, as before the new school was built. With a little renovating it would do temporarily, and this would be better than disturbing the present arrangements in the school.

The Skidegate school is quite an old building, I believe originally a church, and a new one will be required in the near future. It is large enough to allow for a temporary partition, so as to accommodate two teachers.

The greatest difficulty is in getting the attendance large enough to require the number of teachers mentioned, during the months of September, May and June. But it could be done from the middle of October to the end of April, with a little more rigid enforcement of Sec. 10 of the Indian Act. The Skidegate attendance has been good for the time the people were in the village. Massett attendance has also been very good, but would have been better if it had not been for the scabies. The people themselves are taking more interest in school affairs and the Agent feels with Mr. Fraser, that if the Indian schools were conducted on the same lines as the White Schools, the results would compare favourably. There would then be no reason why there should not be pupils from these schools taking the Entrance exams. every year.

There would be no necessity for hiring the extra teachers for September, or after April. I understand that there are plenty of teachers in B. C. who could be obtained at any time. As far as the present teachers are concerned, Miss Dorothy Shopland will be coming back, but Miss Stella Shopland hopes to go to University. Miss McRae will not be returning to Skidegate. Shall I make arrangements to secure a teacher to replace Miss Shopland. I suppose the United Church will have the privilege of nominating someone for Skidegate.

Dear Sir,

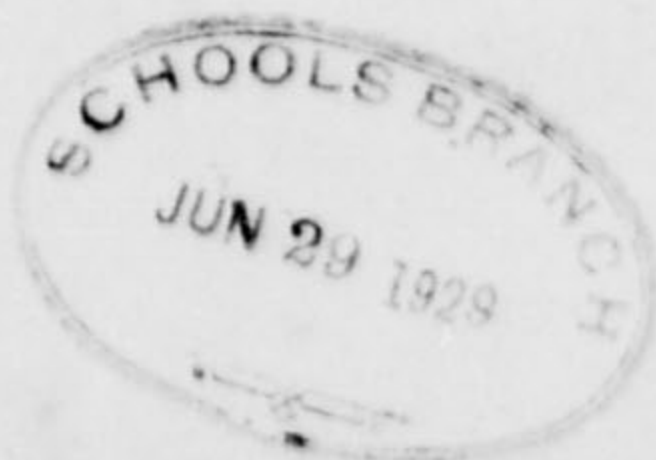

Regarding Miss Wright, of the Skidegate School, I do not think she is suitable for this place. Mr. Fraser, the Provincial School Inspector, is also of this opinion. As the United Church has the privilege of nominating the teacher for Skidegate, it is possible that they would be able to place Miss Wright elsewhere, where she would have a smaller school. Even if there are two teachers at Skidegate next Fall, as I hope the Department will sanction I could not recommend Miss Wright to be one, as she has peculiarities which would make it very difficult for another person to get along with her. I have not said anything to Miss Wright about not coming back, as I take it that the United Church will arrange for another place for her. I presume that the Department will notify the Church that a change is needed. I will notify Miss Wright directly, if the Department so wishes.

Miss Wright is getting along in years, and it would seem rather cruel to dispence with her services entirely, as I believe she has given faithfull service elsewhere. I think there are small places where she could still be able to give satisfaction.

Dear Sir,

Your letter of July 8th, No. 157-11-1 received today. On no condition should Miss Wright be re-nominated by the United Church for the Skidegate Day School. I have already given my reasons for this, and these can be enlarged upon if necessary. I am quite certain that no one ~~teacher~~ would consider living in the same house with Miss Wright. If the United Church cannot ~~consider~~ secure another teacher, I can, through Mr. Watson of the Teachers' Bureau in Victoria, get in touch with some one who he could recommend. Mr. Watson's knowledge of the teachers is trustworthy, and he is in touch with all in B.C. who are looking for schools.

I have made my recommendations in this matter, and have given my reasons. I consider the education of the Indians an important matter, and I fail to see my use here, if recommendations such as the above are not carried out. The United Church should know that Miss Wright is not suitable for Skidegate. The Council waited on Mr. Barner this year, ~~with myself~~ asking him to make a change. As it was then an awkward time to make a change I suggested that we could manage with her until the end of the term. If the United Church want reasons why Miss Wright was not satisfactory, I can give them, and I can have them backed up by the School Inspector.

Reverend Sir,-

I have your letter of the 17th instant and note that you are quite satisfied that Miss Wright should not return as teacher of the Skidegate Indian Day School. As you have been informed, the Department is in correspondence with the United Church Board of Home Missions and they have promised to give the matter of a successor proper consideration.

I may say that your report of June 17th, last, was the first intimation that Miss Wright's services were not suitable. In future, if a change in teaching services is necessary, your report should reach the Department approximately two months before the teacher's services will be no longer required. This gives time for correspondence with church authorities and then an opportunity to give one month's notice to the worker who is being dismissed or transferred.

When I was at Skidegate

Therefore I thought we ought to give

Dear Sir,

Miss M.B. Wright left Skidegate on October 14th, and Mrs. Elsie Wark commenced duties on the same day.

Mrs. Wark was recommended by Mr. Watson the Registrar in Victoria. She is a middle aged widow who has had some years of teaching before she was married, and since, and has her certificate. I met her on the steamer as she passed through to Skidegate, and I was very favourably impressed with her, and think she will be very capable and suit Skidegate.

I have informed her that her salary will be One Hundred dollars per month. I trust that this will be satisfactory to the Department.

Dear Mr. Gillett:

I have your letter of the 24th instant, with reference to the situation at the Skidegate Indian Day School. In view of the representations of the Indian Council and yourself when the Reverend Mr. Barner was at Skidegate, I am surprised that the church authorities did not make arrangements for a change in teachers this summer. Yesterday, I telegraphed to you, following receipt of a telegram from the Indian Council, and I am very hopeful that you will be able to secure the services of a teacher who will be satisfactory to all concerned. There must have been a misunderstanding on the part of the United Church Board of Home Missions. You were quite right in making strong representations to the Department in this connection. I regret that you did not write at the time the Indian Council interviewed the Reverend Mr. Barner.

You have already received instructions in connection with the erection of the new building.

OFFICE OF
INDIAN AGENT

Masset, B.C.
August 24th, 1929

Dear Sir,

Since June of this year I have been in correspondence with the Department regarding the removal of the teacher at Skidegate. By Departmental letter of August 9th I was informed that the Department had approved of Miss Wright's re-engagement for the coming school year. "As the Church Authorities had arranged with Miss Wright to resume duties it would be difficult at the present time to make a change."

Apparently the Church authorities are using Skidegate as a place for the teacher instead of finding a suitable teacher for Skidegate. The United Church must have known that Miss Wright was not giving satisfaction, as when Mr. Barner was in Skidegate in February of this year, the Council were very emphatic in their remarks to him regarding a change of teacher. Whatever the Church authorities' attitude, the Department has approved of their action and ignored the advice of their Agent, and it therefore reflects on his judgment and ability. I have no objection to the United Church having the privilege of nominating a teacher, but when they insist on someone who is not giving satisfaction, and is not up-to-date in her methods, I must voice my protest.

If it is the policy of the Department to accept the recommendations of the United Church Board of Home Missions, irrespective of the views and advice of their Agent, then I can only say that I cannot remain as their Agent. The sooner I know their policy in this matter the better.

However, if the Department has approved of Miss Wright only because there is no other way out at the present time, I would suggest that a second teacher be appointed for Skidegate, the duties to commence the first of November. According to the recent Census, there should be over forty children at school, and

R66 Teacher, Skidegate.

this is too many for one teacher to make good progress with.

I have already recommended that a new school be built, and two teachers appointed. Provision was made for this in last year's estimates, and if the Department has approved of it I see no reason why the building could not be erected by the first of November.

~~ixfkm~~ If the above is carried out, I want to insist that the teacher be fully qualified, with a B.C. certificate. If the United Church has no one in view ~~ixfkm~~ who could be at Skidegate by the 1st November, I would suggest that the Department wire me so that I can get in touch with teachers who have made application for positions. The teacher should be employed by the month, at One Hundred dollars, and guaranteed six months, and longer if the attendance keeps up.

Miss Wright's accommodation with another person would still be a difficulty, as she says she will not live with another person, and I do not think that another person should have to. Last year, when she anticipated the Nurse living with her, she asked that she be given one room to be used for all purposes, bed, living, dining room etc. I think this could be arranged, so that she could be put up with for another year if it has to be. Possibly with a small class she may be able to make some progress although her teaching methods are out-of-date.

On any condition, the educational situation at Skidegate should be improved this year, because to my mind, the most important thing to-day among the Indians, is their education.

I have taken the liberty of bringing these things to the notice of the Deputy Superintendent General, as I feel the matter is of vital importance, and merits his personal attention.

Dear Sir,

Re Second teacher, Skidegate School.

The new school at Skidegate will be completed by the first of December. As there are forty-six children on the roll, I recommend a second teacher for this school. It will be difficult to get a teacher to take duty at the beginning of December, but the present teacher, Mrs. Wark, has a daughter who is now teaching near Vancouver, who would be willing to come by the first of January. Miss Wark is twenty-one years of age, and has a 2nd class B.C. Interim certificate, and has taught for two years. As the teachers have to live in the same house, this would be an ideal combination, a mother and daughter. I would recommend that she be given the same salary as the other teachers in this Agency, namely, One Hundred dollars per teaching month.

If the Department approves of the above recommendations, will they please wire me, as Miss Wark will have to give one month's notice where she is now.

Rev. Sir:

I have your letter of the 27th instant, requesting to be informed as to the name and salary of the teacher appointed to succeed Miss M. B. Wright at the Skidegate Indian Day School.

In this connection I have to say that it was through oversight you were not informed of the recent arrangements for the teaching services at this school. Mrs. Elsie Wark was appointed as senior teacher, with salary at the rate of \$100 per teaching month; her appointment to date from October 15th, last. Our local Indian Agent states that Mrs. Wark is a middle aged widow, who had some years' teaching experience before she married and has taught since and has her certificate.

The Agent strongly recommended that, as there are 46 children on the roll, a second teacher be appointed, and recommended the services of Miss Jean Wark, daughter of the senior teacher. Miss Wark is twenty-one years of age and has a second class B.C. interim certificate and two years' teaching experience. The Department has approved of her appointment, with salary at the rate of \$100 per teaching month. Her duties are to commence as from January 1st, 1930.

Cheques in payment of the salaries of the two above named teachers will be drawn in favour of the Treasurer of the United Church of Canada and sent addressed to you.

Madam, -

I have your letter of the 21st instant and, in reply, I have to state that the Department does not purpose making an investigation into the recent difficulties at the Skidegate Indian Day School. Occasionally, when a teacher and the Indian parents have difficulty working in harmony, it is necessary to change the teacher even if he or she is not largely at fault. I note that you are writing to the United Church, claiming the balance of the year's salary.

In a recent communication received from the authorities of the United Church of Canada, it is stated that you would secure teachers for the Skidegate Indian Day School for the coming school year.

The Department has received no intimation from you that it is the intention of the present teachers, Mrs. Wark and Miss Wark, to give up duties. If new teachers are required for the coming year, I have to request that you will endeavour to secure suitably qualified teachers and forward full particulars to the Department, stating the names, qualifications and experience of the teachers whom you recommend be appointed. Please give this matter your prompt attention and inform the Department of the arrangements being made for teaching services for the coming school year.

In a communication received from Rev. Arthur Barner dated the 23rd ultimo, he stated that the local Indian Agent would secure teachers for the Skidegate Indian Day School for the coming school year. The Department wrote Mr. J. Gillett, the Indian Agent, in the matter, and he states that both Mrs. Elsie Wark, the senior teacher, and Miss Jean Wark, the assistant teacher, will return and resume duties when the school reopens after the present summer holidays, on or about September 1st, next. There will, therefore, be no change in the teaching staff at this school.

The salaries allowed them will be at the same rate as previously received, viz., \$100 per teaching month each.

Rev. Sir:

The Department has been informed by Mr. Agent Gillett, Massett, B.C., that Miss Jean Wark, junior teacher of the Skidegate Indian Day School, tendered her resignation to take effect as from the 30th instant.

In view of recent orders to make a further cut in our Appropriation, the Department considers that it might be possible for one teacher to carry out the work at this school and that it would not be necessary to fill the position vacated by Miss Wark. The returns received show the highest enrolment to be 49 pupils, with an average attendance of 42. It is thought that Mrs. Elsie Wark, senior teacher, could carry out teaching services without assistance during the coming school year. I understand it is your intention to visit the Department in the very near future, when the matter of the appointment of a second teacher could be discussed. In the meantime, the matter will be held in abeyance

July 29th, 1933.

Dear Mr. Barner,--

On my return today from a vacation, I found your letter regarding the probability of having one teacher only for the Skidegate Day School.

I think that an average of 42 pupils would be too many for Mrs. Wark to handle. As the full attendance is not likely until October, I would suggest that the hiring of a second teacher be left until then, and only hired for seven months, as the people begin to leave again in April. At Massett we have a second ^{teacher} for five months only, and we have found it quite satisfactory and have had no trouble in securing a second teacher when needed.

There are a number of Skidegate children who are anxious to go to Coqualeetza, and Mr. Raley has promised to take them if permission is granted. If they do go, it is just possible that Mrs. Wark could carry on alone for the whole term. I would recommend that five or six children be sent to Coqualeetza, and that the question of a second teacher be left in abeyance for the time being.

With kindest regards, I am
Yours faithfully,

J. Gillett,
Indian Agent.

Sir:

I have your letter of the 29th ultimo, enclosing copy of a communication which you addressed to Rev. Mr. Berner, with reference to the appointment of a second teacher at the Skidegate Indian Day School or the sending of a number of the children to the Coqualeetza Institute.

In reply I have to say that, if the Indian parents are ~~not~~ in a position to properly care for their children, it is considered that it would cost less to provide a second teacher from, approximately, the first of November until the end of March following. However, in this connection, I would point out that the average attendance is 42 pupils, and it is considered that one teacher should be able to handle this number. Our funds this year are extremely limited and it is necessary to curtail expenditure at every possible point.

I shall be pleased to hear further from you as to whether you do not consider one teacher could carry on the entire school work during the coming academic year, without the engaging of a second teacher for a five month period. In any event, the Department is not prepared, at the present time, to authorize the expenditure required in connection with the transportation and the per capita grant for a number of children from Skidegate at the Coqualeetza Institute.

Dear Sir:-

RE: JUNIOR TEACHER,
DAY SCHOOL - SKIDEGATE, B.C.

After our conversation concerning the possibility of Mrs. Wark handling all the pupils in this school herself, I wrote to Mr. Gillett, the Indian Agent, asking for his opinion in regard to the matter.

His suggestion - which has just arrived - is that we hire a second teacher for seven months, October to April, inclusive. He says that the people do not get back from fishing until almost October, and sometimes they begin to leave again in April. In addition, there is the possibility that five or six children may go to Coqualeetza this fall.

Mr. Barner and I are quite satisfied with this suggestion, and if it meets with your approval we will proceed to find a teacher who is willing to accept an appointment on this basis. Could you let me know, in your reply, what salary rate would be allowed?

Yours very sincerely,

Reverend Sir:

I have to acknowledge receipt of your letter of the 8th instant, addressed to Mr. Sutherland, of this Department, regarding the appointment of a second teacher at the Skidegate Indian Day School during the coming fall and winter months. In this connection I have to say that the Department received a communication from Mr. Gillett, the local Indian Agent, regarding the matter.

In our reply, it was pointed out that the average attendance is 42 pupils and that it was considered one teacher should be able to handle this number. The Agent was informed, further, that our funds this year are so limited that it is necessary to curtail expenditure at every possible point. The Department requested him to give further consideration to the necessity for a second teacher for approximately a five or six month period and to state if, in his opinion, the appointment of this teacher was really necessary.

Mr. Gillett requested a grant of \$100 to cover the cost of transportation in sending six children to Coqualeetza. In this connection he was informed that the Department would be unable to provide the funds required.

It was suggested to him that, if any action is necessary, it would incur less expense to provide a second teacher for the period mentioned above than to send a number of children to Coqualeetza and provide the per capita grant for them.

When a further report is received from Mr. Agent Gillett, a decision will be given regarding the appointment of an additional teacher, and you will be advised. In any event, it is considered, if it is necessary to engage a second teacher, that her duties should not commence before November first, next, and that it should be possible to secure a suitable teacher at a salary of \$80 or \$85 per teaching month, less the deduction of 10%.

Memorandum:-

THE HONOURABLE THE SUPERINTENDENT GENERAL.

The Department has received the resignations of the teachers of the Skidegate Indian Day School, (Reserve No. 1, Electoral District of Skeena).

At this school, one teacher is employed for the whole academic year, viz., from September 1st to June 30th, and a second teacher is employed for the period November 1st to May 31st. During the latter period, the Indians have returned to the reserve and two teachers are required to handle the large number of pupils that attend.

In the past, the Department has permitted the United Church of Canada to nominate the teachers. We are in receipt of a letter from Rev. Kenneth J. Beaton, B. A., Associate Secretary of the Board of Home Missions, nominating the following teachers:-

- (1) Miss Lois E. Kinley - to be in charge of the school for the full academic year. Miss Kinley is fully qualified and has had ten years' teaching experience.
- (2) Miss Cana Okamura - for the seven months' period. In nominating Miss Okamura, Reverend

Sir,-

The Skidegate school will require a second teacher by the first of November. As the United Church Authorities at Toronto have the privilege of nominating a teacher for this school, I would suggest that action be taken immediately so that one may be appointed in time. It is to be understood that the teacher's services will not be required after April 30th, 1935.

Last year the second teacher took charge on October 1st. This year November will be soon enough, as a number of the Indians will be away from their village somewhat longer this fall on account of the cannery work.

I have had a number of enquiries from parents at Skidegate regarding their children going to Coqualeetza Residential School. I may say that Mr. Raley is continually writing to Skidegate asking for children from there.

What is the Department's policy this year in the matter of allowing children from Skidegate to go to Boarding School. I may say that there is an up-to-date school at Skidegate, with two qualified teachers, for the last four years. If the Department would allow eight children to go to Coqualeetza, one of the teachers at Skidegate could be dispensed with.

In the past the majority of graduates from Coqualeetza returning to Skidegate, have been a credit to the school, and are now a credit to the village. Some of them have married, and their homes compare favourably with those of white people.

I would recommend that the Department give permission for at least eight pupils to be sent from Skidegate, providing that the parents pay the fares.

Your obedient servant,

J. Gillett

Dear Sir;

I have the honour to forward the attached correspondence with regard to the resignation of Mrs. Elsie Wark as teacher of the Indian Day School at Skidegate, Queen Charlotte Islands.

Perhaps you would be good enough to forward this correspondence to the Secretary of the Department of Indian Affairs, Ottawa, with any remarks you may consider necessary.

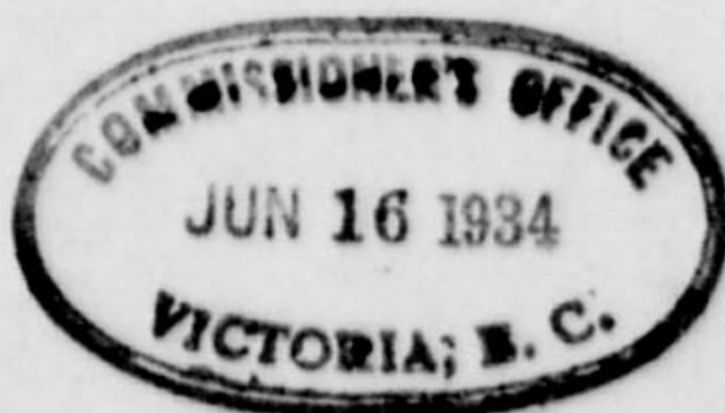

The delay in forwarding this letter from Mrs Wark has been caused by my absence on inspection duties.

Dear Mrs. Wark;

On my return to Victoria I was handed your letter of resignation dated May 4th 1934. Your resignation should have been forwarded to the Department of Indian Affairs in the usual manner through your Indian Agent. It is quite possible that you have done this; but if not please inform Mr. Indian Agent Gillett of your intention to relinquish the position of teacher at Skidegate.

Your letter, and a copy of this reply, are being forwarded to Mr. C.C. Perry, Assistant Indian Commissioner for B.C. so that he may take any action he may consider necessary.

Reverend Sir:

In reply to your letter of the 11th instant, I beg to say that the Department approves the appointment of Miss Eunice Phillips as teacher of the junior room at the Skidegate Indian Day School.

A letter received from the Indian Agent states that it will be sufficient to have the second teacher from November first of this year until April 30, 1935. Unless you have already made arrangements to have Miss Phillips go to the school on October first, the Department considers that it would be advisable to utilize her services for six months only. However, if you have advised her that her services would be required for seven months, you may notify her to reach the Skidegate School on October first.

Salary will be allowed Miss Phillips at the rate of \$100.00 a teaching month.

Sir:

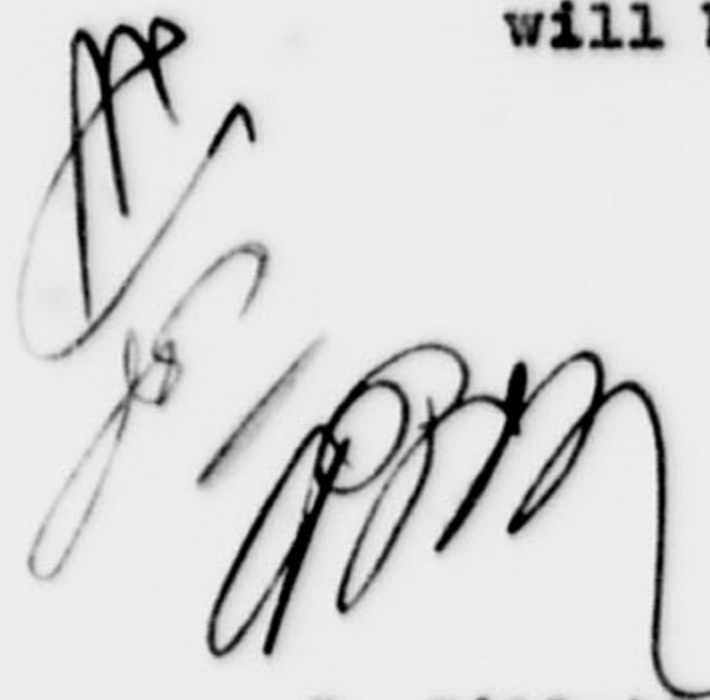

With reference to your letter of the 22nd ultimo, I beg to say that, on the nomination of the United Church authorities, the Department is approving the appointment of Miss Eunice Phillips as teacher of the second classroom at the Skidegate Indian Day School.

It is noted, from your letter, that you consider the services of a second teacher will be necessary only from November first to April 30th. The Associate Secretary of the Board of Home Missions, United Church of Canada, is being so informed, but it is possible that he has already arranged for Miss Phillips to proceed to the school on October first. If so, Mr. Beaton has been authorized to permit her to begin duties on October first. The salary allowed Miss Phillips will be at the rate of \$100 a teaching month.

Dear Sir,

In reply to your letter
(No. 157-11-1) of Dec. 28/34, I fear there
has been a misunderstanding in
regard to the date on which I
took up my duties as Junior Teacher

Perhaps I did not make myself
clear in my last letter as I was
enquiring about the delay of my

here had notified the Department
of the date on which I commenced
teaching - which was October 15, 1934.

I trust that the matter is
now clear.

Sir:

Miss Eunice M. Phillips, teacher of the junior room at the Skidegate Indian Day School, was paid for the month of November and also for the month of December. She wrote the Department about the latter part of December stating that she had begun duties in October. It was presumed from this letter that she began duties on October 1st, and, consequently, arrangements have been made to forward her a cheque at the end of this month for the months of October and January.

In a letter dated the 10th instant from Miss Phillips, she states that she did not begin duties until October 15th. Consequently, in issuing her a cheque at the end of this month for two months' salary, an overpayment of half a month is being made to her. Please advise her at once to cash this cheque when she receives it.

You should at once advise the Department on what date Miss Phillips will discontinue teaching, and arrangements will then be made to deduct from her salary the amount that has been overpaid for the period October 1st to October 15th.

EXTRACT FROM REPORT OF INSPECTOR G. H. BARRY
ON HIS INSPECTION OF THE SKIDEGATE INDIAN DAY
SCHOOL - (Date of Inspection May 29/36).

Original on File 157-11-6.

I wish further to recommend that this Skidegate Indian Day School be not opened till October 1st each year and that it be closed on May 31st yearly, but that during the period October to May inclusive the TWO TEACHERS be employed. This would be a very much better educational arrangement than the present one of opening with one teacher for Senior and Junior children in one room, going on in November to two teachers and then having only one teacher for both Senior and Junior children in June. The attendance in September and June would not be sufficient to make such a mix up of teachers and pupils a worth while practice.

While I do not like the practice of having one teacher living alone in this village, the conditions are not quite as bad as they are in Massett, and the fact that the Field Matron, Mrs. Gladstone, lives quite near makes things much better. There is, however, I have every reason to believe, considerable drinking among the Indians in Skidegate at present and the Department certainly takes quite a risk in permitting single girls to live alone in these villages. Two teachers from October to May, inclusive, would solve the difficulty.

EXTRACT FROM MR. BARRY'S LETTER DATED MAY 30, 1936,
ACCOMPANYING THE ABOVE REPORT.

I have recommended in this report that school be not opened till most of the Indians are back from fishing on say October 1st and that it be closed at the end of May. If my recommendation of having both teachers here from the opening on October 1st till the close on May 31st be followed, the girls will be much safer, and far better educational work can be done. The present practice of moving children from teacher to teacher is not good and is holding back the school.

Dear Mr. Phelan: RE SKIDEGATE INDIAN DAY SCHOOL, Q.C.I.

I am very sorry to report that Miss Eunice Phillips arrived back in Vancouver after her year's work at Queen Charlotte tired and run-down. Her doctor claims that she is an incipient T.B. case, and has ordered her to take a year's rest. She has therefore asked us for leave of absence for one year which we are reluctantly granting.

Something unique happened in connection with the Skidegate School this year, because we received a letter from the Chief and Council expressing appreciation of the work of these teachers both in the classrooms and in the extra-curriculum activities. Most of the letters we get from our Indian Reserves are complaints.

I would like to suggest that Miss Vera F. Weaver should be appointed as the ten-months' teacher at Skidegate for the ensuing academic year beginning September 1st, and as a supply for the seven-months' teacher I would like to nominate Miss C. A. Vanderveen. She holds a First Class B. C. Certificate obtained at the Vancouver Normal. She has also a Strathcona Physical Training certificate, and has graduated from the Lowndes School of Commerce, New Westminster. Miss Vanderveen has known Indians all her life, having been born at Ucluelet where her father at that time was engaged as a missionary. I feel quite satisfied that she will be a very competent supply during Miss Phillips' absence, and I hope that the nomination will meet with your approval.

If the question arises as to what is to be done a year from now, we can only say that every consideration will be given to transferring Miss Weaver to another school in B. C. of a similar grade rather than allow her to revert to the \$700 salary status.

Yours very sincerely,

Kenneth J. Beaton

Reverend Sir,-

The Department is in receipt of your letter of the 28th instant, in which you state that Miss E. Phillips will be unable to take charge of the Skidegate Indian Day School during the next academic year.

In view of your recommendation, the Department approves the appointment of Miss Vera F. Weaver as senior teacher at a salary of \$90 a teaching month, to begin duties on September 1st.

Approval is also granted for the employment of Miss C. A. Vanderveen as second teacher for the period November 1st to April 30th. She will also be allowed salary at the rate of \$90 a teaching month.

As you no doubt know the address of Miss Vanderveen, I enclose staff questionnaire which I would appreciate your forwarding to her and requesting her to complete and return same to the Department as soon as possible.

Yours truly,

T. R. L. MacInnes.

Dear Sir:

Inspector Barry, in a report on his visit to the Skidegate Indian Day School last May, stated that there was a very small attendance at this school during the months of September and June. He, therefore, recommended that this school be kept open from October first to the end of May each academic year and that the two teachers be employed for the full eight months' period.

Mr. Barry considers that the above arrangement would be better for the teachers, as there would be two of them in the village during the full term and, from an academic standpoint, it would be preferable for the pupils. Please let me have your opinion regarding the above suggestion.

Sir:

Schmal

I have the honour to report as follows for the
Queen Charlotte Agency for the month of April 1937.

The Skidegate Indian Day school average was as follows, Boys 10, Girls 8 Total 18, Sevier room average attendance 12.83 in the junior class were boys 12, girls 10, average attendance 16.85.

I visited the school in company with the Chief Councillor and Indian Constable, as I had occasion to speak to the pupils regarding the use of Slingshots which were doing some damage to property, we took away several slingshots from the pupils and warned them not to have them in their possession again. Outside of the above complaint, the general behaviour has been very good and a cleaning up of the village is in progress.

Dear Sir:-

OFFICE OF
INDIAN AGENT

Masset, B.C.
May 27th, 1937.

I beg to acknowledge receipt of your letter dated May 13th, 1937. File No 157-11-1, and note your wishes contained therein? (also enclosure).

I have just returned from a visit to Skidegate and find that Miss Vanderveen (junior teacher) finished her duties May 21st, I understand that Miss Vanderveen started her Duties one week earlier, this information from Miss Weaver, (senior Teacher) who is now taking both classes until the end of June.

Re:- Inspector Barry's recommendation for
the full eight month period.

With regard to the above recommendation for an eight month's period, I have taken this up with the Council, and they feel that as the majority of pupils come home early in September that this month would be wasted as far as their education is concerned, there will be over 20 of school age to start school in September, bringing the total up to around 90 pupils, (this at the Massett Indian Day School) They suggested that a third teacher be appointed for that 5 month term, ending March.

Personally I think that the above suggestions are the best solutions to keep the children well under control, to advance their education, and to keep them out of trouble during September, unless we have a third teacher, it means that the Junior class will be over 60, this number of course is rather hard to control by one teacher, perhaps as Mr Barry has just inspected these Schools, he may have come to a different opinion, although at the time of his visit many had already gone away to their fishing grounds,

Major D. M. MacKay,

P.O.Box 666,
Victoria, B.C.

Dear Major MacKay:-

With reference to my report on the Skidegate Indian Day School forwarded to you on May 15th last from Tlell, I have now received Departmental letter 157-11-1 dated June 21st and a copy of a letter from the Acting Indian Agent dated Massett, May 27th 1937.

The Superintendent of Welfare and Training asks for comments in regard to the closing of the above mentioned school during the months of September and June, which was the recommendation made in my report on this school on a previous occasion.

With great respect I would first point out that to me the discussion of the administration of the school with the Indian Council appears a great mistake.

As pointed out on other occasions the Indians of the Queen Charlotte Islands wrongly consider that the schools are paid for out of Indian funds and that they as Indians should have the decision as to what should be taught in the schools, how they should be conducted, Etc.

Mr. Phillips has very little experience of Indians in general and of the Skidegate Indians in particular. He has little or no knowledge of school administration, and while I regret that he now appears to have come to an opposite opinion than that expressed when he discussed the matter with me during my visit to the Queen Charlottes, I simply am unable to modify my own professional recommendation in the matter.

To take up in detail the remarks of Mr. Phillips is a very difficult matter, as I do not understand what Mr. Phillips means in the third paragraph of his letter, nor do I understand his reference to the need for a third teacher, or what his reference to the Massett Indian Day School means.

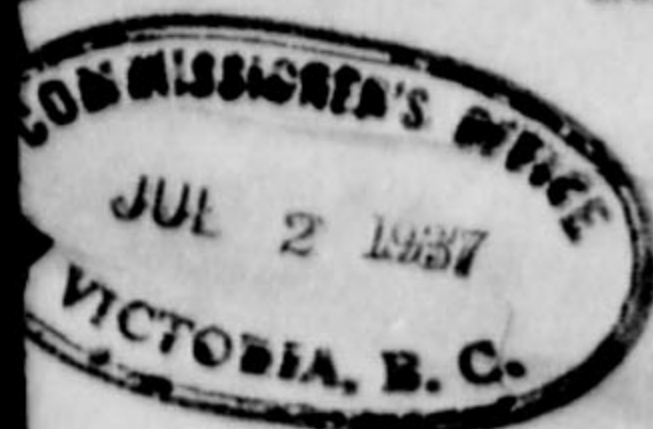

It will be best for me to indicate again the reasons which prompted my recommendation of an eight month school year.

Senior Room Average Attendance

| | | | |
|-----------|------|-------|-----------------|
| September | 1934 | 12.31 | |
| September | 1935 | 16.55 | June 1935 10.16 |
| September | 1936 | 17.78 | |

During the above months all the children were in the Senior Room and only one teacher was employed.

May I say that in Skidegate the majority of the children most certainly do not come home early in September as stated by the Council.

Indian Affairs. (RG 10, Volume 6413, file 843-1, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

It is a very bad practice to start small children with one teacher, the senior one, as has been done in Skidegate, and then in October or November have them go into another room and restart work with the other teacher. I do not believe that any competent authority on education would recommend such a practice, and it is mainly this foolish procedure that I understood that the Indian Affairs Branch had decided to abolish, hence my remark in the second last paragraph of Page 5 of my Skidegate report dated May 15, 1937.

The old procedure was for all the remaining pupils to again be taken together in the Senior Division in June thus destroying all chance of carrying the work of the senior Grades to a successful conclusion just before the High School and other Tests.

These remarks also apply to Massett, though the actual attendance figures are different and as given in my reports. In September 1936 it happened for I understand the first time and due to failure of fishing, that there were enough children to warrant Mr. Collison opening the two rooms at Massett together and on September 1st.

It is very important that one teacher be not sent to live in either Massett or Skidegate BY HERSELF.

I would not object to the opening of the two rooms at either Massett or at Skidegate on September 1st this year if the Indian Affairs Branch considers this the best course, nor do I object to the same two rooms being kept open in June 1938. There are not in normal years enough pupils to justify keeping the rooms open in June, and for the other reasons given in my reports the teacher of the senior room should certainly not be left in the village by herself.

What Mr. Phillips means by the statement that the junior class will be over 60 unless we have a third teacher I do not know. I may say that my remarks and recommendations were not based on the actual number in school when I inspected as Mr. Phillips would have seen had he consulted the copy of my reports in his possession before he wrote to the Indian Affairs Branch.

My recommendation is still to open Senior and Junior Divisions in Massett and Skidegate on October 1st and to close these schools on May 31st yearly. The progress of the pupils will not be retarded in any way, regardless of the opinions of non professional persons, and the wishes of Indians whose one aim is to have the children attend a Residential School if possible or if that is impossible get rid of their children for as long as possible in the day schools.

I hope that by the time of my next visit to the Queen Charlotte Islands in May 1938 a permanent Indian Agent will have been appointed and I can then explain in detail to him just why the recommendations were made in my reports which the Indian Affairs Branch knows were with a view to lessening the possibility of a criminal attack on one of our teachers by drunken Indian youths.

I certainly hope that this explanation will carry some weight with the Director of Welfare and Training, and I would ask you to add your own recommendations.

Yours very truly,

Gerald H. B.

My dear Doctor McGill:-

I have to thank you for your letter of December 2nd. 157-11-1.

I quite appreciate your statements concerning the employment of qualified teachers. But really both Mr. Bryant and Mr. Kinley are not without qualifications. Mr. Bryant has a number of official qualifications though he does not possess a B. C. Teachers Certificate. One particular training he possesses is perhaps the most useful thing in an Indian School. He has a natural gift in mechanics and has developed his school along that line in an unusual degree. Besides, even Mr. Barry must agree that in ordinary school work he has been outstanding. As for Mr. Kinley, he has taken two terms at the Summer School in Victoria under Mr. Barry's instruction. It is my confirmed conviction that the Department is most fortunate in having two such men in its employ, not only as teachers but as an influence for good on the reservations. I very sincerely hope you will find it expedient to retain them in their positions at their respective places.

As to the new work at Kitwancool and Kisgagas, I note that you think favourably about it. Both these places are so isolated and accommodation so poor that we could hardly ask any white person to go there. It seems to me that the only immediate thing to do would be to get hold of the most capable native and try him out in the work and in the meantime try to find a young native and get him properly trained for the work.

I have, as my previous letter informed you, a couple of natives who have unusual education who could do some good work until we could obtain better qualified men. I have at least one such man in view. One qualification necessary is that any teacher at these places would have to be able to speak the local language. This restricts a choice. A white qualified teacher at these places seems to be out of the question. I do not know where such a person could be found who would be able and willing to stick it.

MEMORANDUM:

Representative of the Treasury
re School No. 843.

Miss Vera F. Weaver, teacher of the Skidegate Indian Day School, resigned. To succeed her the Department has approved the appointment of Mrs. Nellie Moses. She began duties at this school on October 1, 1937. She is therefore entitled to receive payment from that date at the rate of \$90.00 a teaching month. On the November payroll she should be allowed \$180.00 (payment for the months of October and November 1937.)

On the payroll for each month from December 1, 1937, to May 31/38, she should be allowed \$90.00 a month.

In each case cheque should be sent to Mrs. Nellie Moses, Skidegate Mission, British Columbia.

Dear Mr. Hoey:

I am today in receipt of the following telegram from Miss Murray, who is the Office Secretary in Vancouver. She is acting in the absence of Dr. Osterhout, our Superintendent, who is away in the North of British Columbia, attending Presbyteries.

"Miss Weaver, Senior Teacher Skidegate School resigned. Recommend Mrs. Nellie Moses, widow, no children. First Class B. C. certificate. Eleven years' experience. Member United Church. In absence of Dr. Osterhout, Captain Barry interviewed her here. Agrees nomination. Wire reply. School opens October 1st. Must leave here Monday."

The telegram is self-explanatory, but we have no information concerning Mrs. Moses. I am writing to British Columbia to obtain particulars, but, in view of the fact that Captain Barry has interviewed Mrs. Moses, will your Department agree to her appointment until such time as credentials are to hand?

Extract from Inspector Barry's report on the
Skidegate Indian Day School inspected on May 27, 1940.

I would not recommend that Miss Manson be relieved of her work at the present time. She should be given another chance to make good here. If her next report is still unsatisfactory it may be necessary to make a change of teachers in this Division.

Mrs. Moses is leaving at the end of the term I understand, and will seek work in a Provincial school. She has been in charge of Division 1 for about three years.

I would recommend that regular monthly visits be paid to this school by the local Indian Agent. It is very necessary that windows be opened when school is in session to give adequate ventilation, that children attend regularly, and that teachers achieve a reasonable control of their classes. As I can at best only see the school once a year, much must be left to the Indian Agent, who in my opinion should report to you if he considers the teachers' control inadequate.

Dear Sir,

I have been teaching at the Skidegate Indian Day School for the past three years, and am now about to begin my fourth. During the past few years our salaries have been slowly decreased to the point where it is almost impossible to live here.

In view of these facts, may I respectfully request that my salary be increased to the minimum which, I believe to be \$1,100. per annum. Another small detail is that I was appointed to the school and expected to assume full responsibility as Principal which I did. I understood that the Principal's salary was \$10.00 per month more than the usual salary. In the past three years, my salary has been the same as the Junior Teacher's and yet I have been acting in the capacity as Principal.

If it is possible to make some adjustment, Sir, would you be so kind as to let me know as soon as it is convenient for you so that I may make my plans accordingly.

Thanking you for your indulgence and hoping that you can see it possible to make an increase, I remain,

Sincerely yours

John Sh. Habbkirk

P.S. May I ask a question in this letter? Are and have all our taxes been deducted from the source for the past three years? I have been billed for an additional \$2.24 which I cannot compute.

My dear Mr. Hoey: Re - Skidegate Indian Day School

We beg to nominate as teacher of the Junior Room at the Skidegate Indian Day School, Mrs. John Foster of Rossland, B.C., duties to begin September 1st.

Mr. Bunt, our Superintendent in Vancouver, states that Mrs. Foster's name was given to him by Major Mackay as one who might be considered for a vacancy in an Indian Day School. Mrs. Foster has had five years' teaching experience in an Indian School under the auspices of the Salvation Army, and, although not a fully qualified teacher, Mr. Bunt states that Major Mackay is quite willing to use her on account of the good work she did when teaching some years ago.

Good too
We shall be glad to have your approval of this appointment at your earliest convenience.

Believe me,

Very sincerely yours,

QUEEN CHARLOTTE AGENCY

Skidegate

Mr. Phillips accompanied me to Skidegate where a meeting was held with the council and visits made to the day school and some of the Indian homes. While here I also called on Mrs. Gladstone, our field matron, and the local United Church Missionary, the Rev. Mr. Affleck. The meeting with the council was on the whole quite satisfactory and matters on which information was requested were dealt with, these having mainly to do with medical service, preparation of income tax returns and the Indian Day School. No requests for relief were submitted nor complaints made against the Agent.

Certain improvements and repairs to the day school building are necessary and some work is also required to the teacher's residence. I instructed the Agent to prepare a list of these needs and secure an estimate of the costs involved in order that if possible some of the repairs could be undertaken during the months of July and August. The teacher's residence is a large, poorly constructed building and, in my opinion, should not have been acquired by the Department. It will be costly to maintain properly and it might be better to either dispose of it or tear it down and build a smaller new house in replacement as the cost of remodelling would probably equal the cost of a suitable new building. A small new teacher's residence for this Reserve might be included in our post-war program of worthwhile works.

It is doubtful if Miss Mackie, principal of the Indian day school, will continue at Skidegate after the close of the current school year as she is not enjoying good health and has been advised by the doctor to take a year's rest. Miss Mackie had done excellent work for use at Skidegate and is highly esteemed by the Indian people. It will be extremely difficult to replace her. She assured me, however, that she would be glad to seek employment with us should she decide to resume teaching on regaining her health.

I spent some time with the field matron, Mrs. Gladstone, R.N., who although somewhat dissatisfied with ~~the~~ the salary we are paying her, still carries on and is doing very good work. At the time of my visit she was busy fixing up the new dispensary which is now located in the teacher's residence. A small expenditure for material and labour required to complete the painting and installation of shelving in the dispensary was authorized. Mrs. Gladstone reported that there was very little sickness in the village and that on the whole the health of the Indian was quite good.

Sir:

I have the honour to report as follows for the Queen Charlotte Agency, B.C. for the Quarter ending June, 1946.

EDUCATIONAL:-

The Schools of both the Massett and Skidegate Reserves were visited several times each during the months. At the Skidegate school the teachers of both rooms, have made quite an improvement with their pupils during their terms, and it is regretted that Miss Merrett is being transferred to another school, however we are lucky in having Miss Strong return in her place, she too being a very capable teacher, Miss Mackie the Junior room teacher is staying for another term.

At the Massett school both the Senior and Junior teachers are not returning, both have done very well since they took over in February, however in conversation with Bishop Gibson, who was here on a visit, I was informed that he was sure that he would be able to recommend two teachers for this school for September both the Massett teachers were very active in social work and were very well liked by the Natives.

Educational:

The Schools of both the Massett and Skidegate Reserves were visited several times each month. At the Skidegate Reserve the Teachers of both the Senior and Junior rooms appear to have things well in hand, and it was noted that the discipline in both rooms are much better than in previous years, a Christmas Concert was held at the Community Hall by the pupils which was very good according to the Council, the parents were particularly pleased with the children. At the Massett school, we only had one teacher, (Mrs Fray) who took both senior and Junior rooms morning and afternoon respectively, Mrs Fray was a very good teacher and a good disciplinarian and was very well liked by the pupils, however Mrs Fray was taken out by plane on the 17th of December to Hospital for an operation, her complaint is "Ascites" and the Field Matron has informed me that she will not be returning to teach at Massett, the school of course is closed down.

Education: The schools of both the Massett and Skidegate Reserves were closed during July and August, during which repairs and cleaning were done, I visited both schools during September, two new teachers were at the Skidegate school (although Miss Mackie was Junior teacher here before) Miss Merritt is the New Senior teacher and appears to be a very capable person, taking a great interest in all matters pertaining to the welfare of the Children and the school etc. The Natives appear to appreciate having two good teachers, as some of the white schools seem to have difficulty in this respect. At the Massett Reserve we have not been so fortunate, as to date we have not got a Senior teacher, but Mrs. Fray has her junior room going with 49 pupils up to this time, no doubt there will be many more when the Indians are all back on the Reserve, Mrs. Fray however is able to cope with any increases, and the children are very orderly under her care.

Miss Strong is a splendid teacher, and
was very much liked by the Indians. I asked Miss Strong

Ottawa, September 7, 1946.

Dear Doctor Dorey:

I have your letter of the 4th instant nominating Miss Betty Jane Chinnick as teacher of the Senior Room at the Skidegate Indian Day School. As she informed you we employed her from September 1, 1944 to June 30th, 1945 at the Walpole Island Indian Day School. At that time she held an interim second class certificate. The Inspector's report and the Agent's report on her work during the year she was employed on Walpole Island were very satisfactory.

In a letter dated August 27th, Indian Commissioner Mackay forwarded an application of Mrs Ruth Edna McMahon for position as teacher of the Senior Room of the Skidegate School. Indian Commissioner Mackay stated in his letter that he referred the application to Reverend Horton who is acting for Reverend W.P. Bunt and Reverend Mr. Horton approved submitting the application to us. Mrs. McMahon has no certificate but in the absence of any qualified applicants and in order to open this classroom and relieve Miss Mackie of an overload of work, the Indian Commissioner urged the appointment of Mrs. McMahon, and this was approved in official letter of August 30th.

Possibly you would desire to nominate Miss Chinnick for some other school but on the other hand we could advise Indian Commissioner MacKay to find another school for Mrs. McMahon and allow Miss Chinnick to take Skidegate.

I would appreciate hearing from you.

With reference to your letter of the 27th instant, the Department approves the appointment of Mrs. Ruth Edna McMahon as teacher of the Senior School at the Skidegate Indian Day School, for the academic year 1946-47. You do not state the salary that you suggest be allowed but it is considered that \$90.00 a teaching month plus bonus of 24.1% should be sufficient as Mrs. McMahon does not possess any certificate.

You should have her complete and return the usual forms as soon as she begins duties.

I am enclosing herewith application of Mrs. Ruth Edna McMahon for the position as teacher of the senior room at the Skidegate Indian Day School.

Mrs. McMahon was referred to Rev. Horton who is acting for Rev. W. P. Bunt of the United Church Home Missions Board, and her appointment to Skidegate has the approval of the United Church. You will note that Mrs. McMahon is not a certificated teacher but in the absence of any qualified applicants and in order to open this classroom and relieve Miss Mackie of an overload of work, it is considered advisable that Mrs. McMahon be appointed for the current academic year only. I may say that previous attempts to operate the Skidegate Indian Day School with one teacher and even on a half-day basis were most unsatisfactory and in one case injurious to the teacher's health.

9/15/46
Mrs. McMahon is a widow with a son six years of age who will no doubt attend the junior room of the Skidegate School with the approval of the Department.

I would appreciate confirmation of Mrs. McMahon's appointment by airmail as there is only infrequent mail and passenger service to Skidegate.

Dear Major MacKay:

Re: Skidegate Day School

I wrote you on September 4th, saying that we had sent the nomination of Miss Betty Jane Chinnick to the Department, subject to your approval. Now we find that, in conference with Rev. H.E. Horton, acting for Mr. Bunt, you have sent forward the nomination of Mrs. Ruth Edna McMahon for what I presume is the same position, and the Department has approved of this, according to their letter of August 30th. We have absolutely no criticism of the action taken by you and Mr. Horton, but I am writing to ask if you would consider the following facts:

Miss Chinnick is only available for Skidegate. She is a comparatively young person. She has taught at Walpole Island for a year and holds a second-class certificate. Her work is satisfactory. Her parents would be glad to have her go to Skidegate, where she could be associated with Rev. Mr. Affleck; but I am afraid they would not consider the possibility of her going to any other school in British Columbia. Under the circumstances, if Mrs. McMahon has not already proceeded to Skidegate, would it be possible for you to appoint Mrs. McMahon to some other school, so as to allow Miss Chinnick to go to Skidegate? I hesitate to make this request, as no doubt Mrs. McMahon expects to go to Skidegate; but, if it were at all possible to carry out this suggestion, it would give us two teachers in place of one.

I may say that I had a conversation yesterday with Mr. Bunt, who thought that it would be satisfactory for me to write you in this way. I need hardly say again how much we appreciate your co-operation. If this matter can be arranged, will you please send me a wire - c/o General Council, The United Church of Canada, Erskine-American Church, Montreal, where I shall be for the next ten days.

With kindest personal regards,

Miss Betty Chinnick has been the junior assistant at No. 1 School, Walpole Island for the year 1944-45. In this capacity she has been conscientious in discharging her duties; diligent in preparation; just and fair in her criticisms and in dealing with class room problems. To her work she gives her best.

During the year we have been intimately associated, having lived together. I have found her most companionable, possessing the finest of Christian principles, keenly interested in the finer things of life - art, literature, and music. She has a sense of humour, is loyal, and always ready to co-operate, practical and can give good leadership.

I heartily recommend her to any one desiring her services.

Re: Skidegate Indian Day School - No. 843

In our memorandum of September 12th, you were advised of the appointment of Mrs. Ruth Edna McMahon as teacher of the above mentioned school.

From a recent letter received from the Indian Commissioner, it is doubtful if she took charge of the school. Consequently no payment of salary should be made to her until you hear further from us.

Dear Doctor Dorey:-

With reference to your letter of the 10th instant and other correspondence regarding the appointment of Miss Betty Jane Chinnick as teacher of the Skidegate School, Indian Commissioner MacKay has forwarded to us a copy of his telegram to you of September 15th.

Mrs. McMahon, who was previously appointed, has accepted another position and consequently there is a vacancy for Miss Chinnick. She should proceed to the school as soon as possible. Salary will be allowed her at the rate of \$125.00 a teaching month.

Yours truly,

Bernard F. Neary,

I have to refer to your letter of August 30th, 1946, your file 157-11-1 (WT1) approving the appointment of Mrs. Ruth Edna McMahon to the senior room at the Skidegate Indian Day School. In this connection I wish to advise that Mrs. McMahon has resigned to accept a position as nurse at the Skidegate Hospital, thereby leaving the position at our school vacant.

Dr. George Dorey wrote me on September 10th recommending the appointment of Miss Betty Jane Chinnick to the Skidegate School and as the way is now open to do this I would recommend that Miss Chinnick's appointment be approved. I understand that Miss Chinnick holds a Second Class Ontario Certificate and has taught for a year at Walpole Island. Enclosed for your information is a copy of Dr. Dorey's letter to me dated September 10th and my telegraphic reply thereto. Also a copy of Mr. Phillip's telegram of this date informing this office of the resignation of Mrs. McMahon. Mr. Phillips has been instructed to supply information with respect to the date on which Mrs. McMahon's resignation is to become effective and when her resignation is received here same will be forwarded to the Department.

Dear Major Mackay: Re: Skidegate Day School

I wrote you on September 4th, saying that we had sent the nomination of Miss Betty Jane Chinnick to the Department, subject to your approval. Now we find that, in conference with Rev. H.E. Horton, acting for Mr. Bunt, you have sent forward the nomination of Mrs. Ruth Edna McMahon for what I presume is the same position, and the Department has approved of this, according to their letter of August 20th. We have absolutely no criticism of the action taken by you and Mr. Horton, but I am writing to ask if you would consider the following facts:

Miss Chinnick is only available for Skidegate. She is a comparatively young person. She has taught at Walpole Island for a year and holds a second-class certificate. Her work is satisfactory. Her parents would be glad to have her go to Skidegate, where she could be associated with Rev. Mr. Affleck; but I am afraid they would not consider the possibility of her going to any other school in British Columbia. Under the circumstances, if Mrs. McMahon has not already proceeded to Skidegate, would it be possible for you to appoint Mrs. McMahon to some other school, so as to allow Miss Chinnick to go to Skidegate? I hesitate to make this request, as no doubt Mrs. McMahon expects to go to Skidegate; but, if it were at all possible to carry out this suggestion, it would give us two teachers in place of one.

I may say that I had a conversation yesterday with Mr. Bunt, who thought that it would be satisfactory for me to write you in this way. I need hardly say again how much we appreciate your co-operation. If this matter can be arranged, will you please send me a wire - c/o General Council, The United Church of Canada, Erskine-American Church, Montreal, where I shall be for the next ten days.

With kindest personal regards,

Yours sincerely,

Dear Sir.

As word has come that Mr. Affleck has been able to get a qualified teacher for this school, I wish to resign my position here. I would ask that my resignation should take effect on Sept. 30th.

A nurse is needed badly in the hospital in Queen Charlotte City so I have accepted the position there.

I wish to thank you for giving me the position in Skidegate Indian Mission school. Had circumstances not made it advisable that I should give up the work there I am sure that I would have enjoyed it. I have found the pupils obedient and polite and the people very friendly. Perhaps, should the opportunity offer itself I may again be able to accept

EDUCATIONAL The School management at the Skidegate Indian day school is excellent, during the Quarter ending December, the teachers in charge are very much interested in their work, and a splendid Christmas concert was put on for the parents, also a large number of white were in attendance from around the district, Miss Chinnoek the new teacher, appears to have a gift for this kind of work (entertaining) which appeals to the children, although credit is due to both teachers. At the Massett Reserve, we were not so fortunate in having a concert owing to the lack of teachers at this school, however we are opening the school in January, teachers having been appointed.

Personnel: Skidegate Indian Day School.

Two teachers have been employed at this school during the scholastic year 1946-47. Miss May Mackie (Jr. Room) is an able and experienced teacher although not enjoying very robust health. Miss Mackie will be returning in September to resume her duties.

Miss Betty Chinnick, (Sr. Room) has just completed her first year of teaching on an Indian Reserve in B.C. Miss Chinnick has become intensely interested in Indian work. Unfortunately due to illness at home, she has submitted her resignation, although signifying her illingness and intention to return should conditions permit.

With reference to your telegram concerning the possible appointment of a teacher to the Skidegate Indian Day School, at present there is no vacancy at this school, as Miss Chinnick's reappointment was authorized in your letter dated August 22nd, your file 157-11-1 W.T. However, we do require two teachers for the Massett Indian Day School, which is in the same area. This school is located about two miles from the white settlement of the same name. At present there is no electricity on the reservation, but the Indians are contemplating the installation of a plant. There is also no water system. There is a Superior School in the town of Massett, which will give instruction to pupils up to Grade X and possibly beyond.

A second possibility is to employ the teacher to whom you refer in the Alert Bay Indian Day School when its construction is completed. This school is about a mile from the Provincial Superior School, which also gives instruction up to Grade X. The school and teacherage will be connected to the regular Power Commission Plant which supplies 110 volt 60 cycle current. The Reserve is also equipped with a water system. I may say that it is anticipated that the school will not be ready until January of 1948.

These are the only two possibilities in Protestant schools close enough to a white High School to permit attendance of a student from a reservation.

Re: Salary; Miss B.J. Chinnick, Skidegate Indian Day School.

While at Skidegate recently, Miss Chinnick, Day School Teacher reported what she claimed as a shortage in salary. She handed me your letter of Aug. 22nd., 1947, File 157-11-1(WT) in which she was notified that she had been classified as an Indian School Teacher, Grade 2, and that her salary for the 1947-48 academic year would be \$ 1380.00 for nine months service.

Also handed to me was another letter dated Aug. 22nd, 1947, File 157-11-1(WT) addressed to her at Chatham, Ontario and copies of which were sent to Major MacKay and to this office. This letter advised her of her re-appointment for the academic year 1947-48 and stated further that according to the new schedule she was classified as a Grade 2 teacher at a salary of \$ 1380.00 for nine months service.

Miss Chinnick reported for duty at Skidegate as of October 1st. which would make her term of teaching for this academic year only nine months.

Her October cheque grossed \$ 138.00 and with retirement and Income Tax deductions netted her \$ 122.05.

In view of the seemingly definite statement in your two letters that her salary would be \$ 1380.00 for nine months service, she takes the view that the cheques received so far have been to the wrong amounts, and the monthly gross salary should be \$ 153.33.

Indian Agent J.A. Findlay,
Masset, Q.C.I.

Dear Mr. Findlay:

In reply to your letter of the 4th inst., I regret to say that Miss Manson passed away two or three years ago. After a while in the teaching profession, she married a young man, and following the birth of their second child she died.

I have known the Manson family for seventeen or eighteen years, and it was always urged that she gave a couple of years to our Indian work. If the refund of the retirement deductions were sent to her father Mr. W.R. Manson, Nanaimo, B.C., I am sure that he would see that it was sent forward to be used for her children, and I trust the Department will do this.

Yours most sincerely,

WPB/AM

Miss Catherine Manson,
formerly teacher,
Skidegate Indian Day School.

The Department has been in touch with Rev.W.P.Bunt, Superintendent of Home Missions, United Church of Canada, Vancouver, B.C., regarding the whereabouts of the above-named. He has advised us of her death some two or three years ago and has referred us to you for further information.

Our reason for making inquiries of your late daughter is due to the fact that during the time she taught at the Skidegate Indian Day School she contributed to Retirement Fund account an amount of \$4.50, which now, together with interest, amounts to \$6.08. This money may only be released on the submission of a notarial copy of the probated will and will be issued in favour of the estate of your late daughter. If your daughter died without leaving a will then a notarial copy of Letters of Administration will be required to release the money. If, however, the estate was considered too small to take out Letters of Administration, then the enclosed Declaration Form must be completed giving full information as required, when action can be taken by this office to request the release of the funds.

We are returning herewith cheque No. 51658, for \$6.08, being refund of Retirement Fund deductions made from salary paid to the above-named during the time she was employed in the Indian Affairs Branch. Miss Manson died two or three years ago. We wrote to her father some time ago that we were holding the above cheque and informing him what action would have to be taken to release the contributions but he has not replied. Would you therefore please re-deposit the cheque pending receipt of a reply from Mr. Manson.

Re: Skidigate Indian Day School

With further reference to Mr. Neary's letter of July 5, wherein we were advised of the acceptance of Mr. Barry Friesan's resignation as teacher of the Hartley Bay Indian Day School, Mr. Friesan has now accepted an appointment as teacher of the Senior Room at the Skidigate Indian Day School.

I would recommend that an appointment to this position be confirmed by the Department.

The Department approves the appointment of Mr. Barry Friesen as teacher in the senior room of the Skidegate Indian Day School, effective 1 September, 1949. Would you please have Mr. Friesen complete an application form indicating whether he has attended any Summer Sessions recently as our records indicate that he had not done so up to June, 1949.

When this information is received, we will advise as to his classification and salary on the 1949 Scale.

We have arranged with Treasury to hold his Retirement Fund account in the amount of \$82.08, which will be transferred to his credit at the Skidegate School position.

Sir:

I wish to refer you to official letter dated the 9th instant, regarding the appointment of a second teacher at the Skidegate Indian Day School. In this connection I have to say that, upon giving the matter further consideration, it has been decided to approve of the appointment of a teacher for the junior room from October first, next, to the end of April following - a period of 7 months. The Department will be prepared to allow salary at the same rate as was paid the previous teacher of the junior room, viz.: \$100 per teaching month, less 10%.

The authorities of the United Church of Canada, under whose auspices the school is conducted, informed the Department that they intend to nominate Miss Lois E. Kinley and that her appointment will meet with the approval of Mr. Barry, Inspector of Indian Schools for B. C. No doubt, Miss Kinley will begin duties at the time mentioned. We have not yet received particulars as to her qualifications and experience, which, however, appear to be satisfactory.

I would request that you give the workers at this school any assistance you can.

Ottawa, September 20, 1934.

Sir:

With reference to your letter of the 22nd ultimo, I beg to say that, on the nomination of the United Church authorities, the Department is approving the appointment of Miss Eunice Phillips as teacher of the second classroom at the Skidegate Indian Day School.

It is noted, from your letter, that you consider the services of a second teacher will be necessary only from November first to April 30th. The Associate Secretary of the Board of Home Missions, United Church of Canada, is being so informed, but it is possible that he has already arranged for Miss Phillips to proceed to the school on October first. If so, Mr. Beaton has been authorized to permit her to begin duties on October first. The salary allowed Miss Phillips will be at the rate of \$100 a teaching month.

sir:

The authorities of the United Church of Canada have requested that Miss Lois E. Kinley, senior teacher of the Skidegate Indian Day School, be transferred as senior teacher of the Port Simpson Indian Day School for the coming academic year. They recommend that Miss Eunice M. Phillips, the junior teacher, part time, at Skidegate, be appointed senior teacher to succeed Miss Kinley. The Department is approving the appointment of Miss Phillips as senior teacher, as from September third, next, the date the school re-opens after the present holidays. The salary allowed her will be at the rate of \$90 per teaching month.

By arrangement with the church authorities, the Department has agreed that Miss Kinley's salary at Port Simpson should continue to be at the same rate as she received at Skidegate and that the salary rating at the Port Simpson School, viz.: \$90 per teaching month, should apply at Skidegate.

I would request that you give Miss Phillips every assistance you can in her work at the Skidegate Indian Day School.

With regard to a teacher, part time, for the junior room at Skidegate, the church authorities will take up this matter with the Department at a later date, and you will be advised.

EX'D.

Ottawa,
June 27, 1938.

Dear Sir:

With reference to requisition recently forwarded for supplies for the Skidegate School you may purchase 1 gallon liquid soap, 2 cases paper towels, 1 case toilet paper, 1 tin chloride of lime, 100 lbs. sweeping compound and 2 brooms.

It is noted that the teacher requests 5 desks for the junior room and 3 desks for the senior room. It will be necessary for us to know the desk "Number"; for instance, desk No. 1 is intended for children 16 to 20 years, No. 2 for children 12 to 16 years, No. 3 for children 10 to 12 years, No. 4 for children 8 to 10 years and No. 5 for children 5 to 8 years. You should also state the name of the manufacturer of the desks at present in the school in order that we may secure the same kind if possible.

Full shipping directions should also be given.

Please let me have an estimate of the cost of the cupboards and table requested on the requisition. Can these be built locally.

Yours truly,

Philip Phelan,
Chief, Training Division.B. T. Phillips, Esq.,
Acting Indian Agent,

Dear Sir:-

I have received an application from Mr. B. T. Phillips, Acting Indian Agent, for the Queen Charlotte Agency, for authority to expend up to \$10.00 to purchase lumber and nails to put some shelving in the two classrooms of the Skidegate Indian Day School.

Earlier in the year Mr. Phillips applied for a sum of \$61.80 for lumber and material to build cupboards for this School, but this was not approved on the grounds that the amount asked for was considered excessive. Quite a lot of correspondence developed and the Agent now finds that an expenditure of \$10.00 will cover the cost of the materials required for shelving which will meet present requirements at the School. I would recommend that the Agent be authorized to expend the above amount for the purposes stated.

Yours faithfully,

D.M. MacKay.

Dear Sir:

I desire to acknowledge receipt of your letter of the 10th instant, in which you discuss certain repairs which, in your judgment, are urgently needed at the Skidegate Indian Day School.

May I refer to departmental letter to you, dated July 22, 1939, the second paragraph of which reads:

"The above would involve considerable expenditure, and before consideration can be given the Department requires a definite recommendation from you, stating if you consider the above items should be allowed and, if so, giving an estimate of their cost."

I am anxious that you should comply with the request contained in this paragraph just as soon as you can conveniently do so.

Dear Sir:-

I beg to acknowledge receipt of your letter dated July 22nd, 1939, and note that authority is given to purchase the following for the Skidegate Indian Day School: 16lbs of chloride of lime, 2 cases paper towels, 1 gal liquid soap, 100 lbs dustbane and $\frac{1}{2}$ case of Toilet paper, thanking you.

With regards to the other requirements mentioned in your letter, I have forwarded to the Indian Commissioner at Vancouver itemised estimates of repairs etc for the above School, and was informed that, as the above was not provided for (only \$25.00) in the 1939-40 estimates, I was advised to place the amount necessary for the above in the 1940-41 estimates.

The Heaters for the School and teachers residence, together with stove boards, should be provided, as the existing heaters are very much worn, and will be dangerous during the winter, also the front Verandah is in a very dangerous condition, this can be closed as an entrance, and the back entrance used by the teachers.

The attached vouchers for payment for the construction of table tops, trestles & Forms for the Skidegate Indian Day School for which authority was given to the amount of \$19.68 which was the estimate I sent in, did not include the cost of Freight and hauling of the lumber, this was an oversight on my part, as similar Tables etc were made for the Massett Day School for the above \$19.68, last year.

This lumber had to be sent from Massett to the Skidegate Reserve, the cost of which was \$3.10 altogether. statements are attached covering this extra cost.

Dear Sir:

With reference to Departmental letter 157-11-5, dated August 14th last, I am forwarding herewith copy of a letter dated August 27th received from the Acting Indian Agent at Massett, and of my reply, which is self-explanatory.

The matter has again been discussed with Inspector Barry who informs me that there is no necessity at present for the purchase of any desks for the Skidegate Indian Day School. Therefore I am not proceeding in the matter and it will not be necessary to secure an encumbrance requisition.

I beg to acknowledge receipt of your letter dated August 22nd, 1940 Re matter of new desks for the Skidegate Indian Day School.

I have attached herewith copy of requisition for supplies including the desks, which was sent in by Mrs N.C. Moses, principal of the above school, I took it for granted that she meant Inspector Barry.

I have always sent the above Requisitions direct to Ottawa, I was not aware that they should go through your Office, I will pass them through your Office in future.

Dear Sir:

With reference to your letter 30/5800, dated August 27th last, I may say that the Inspector of Indian Schools informs me that he has no idea why Mrs. Moses inserted the remark "Ordered by Inspector" in connection with six large desks mentioned in her requisition dated May 27th, 1940.

It would appear from Captain Barry's last report on the Skidegate Indian Day School that a number of desks, both in the senior and junior rooms, were in need of repairing and re-fixing at correct distances. You might let me have an estimate of the cost of putting all the desks into satisfactory condition mounted on the usual strips of wood at the correct distances. As Captain Barry is not prepared to recommend the purchase of any desks at the present time, I am returning herewith copy of the requisition for school materials.

On examination of the above mentioned requisition, I find that the teacher included a number of articles in addition to the desks which, if required, should have formed the subject of a separate letter to this office. Requisitions for school supplies should, as heretofore, be directed to the Department at Ottawa, while requests for the purchase of such articles as desks, furniture, etc., should be forwarded to me in triplicate.

Yours faithfully,

Indian Commissioner for B.C.

Dear Sir:

I am in receipt of a letter dated the 2nd instant from Indian Agent Phillips, requesting six large desks for the Skidegate Indian Day School. Mr. Phillips states that these are recommended by Inspector Barry and that the previous desks supplied the school were secured from Clarke & Stuart Company, Vancouver.

If you consider these desks are necessary, you may arrange for their purchase and delivery to the school. Copy of your purchase order should be attached to your voucher and the necessary encumbrance requisition will be secured when the account reaches Ottawa.

Dear Sir:-

May I have permission to purchase the following materials for repairs at the Skidegate Indian Day School.

| | |
|--|----------------------|
| 1- 2-10 X 6-10, 5 panel door (for entrance) | \$4.00 |
| 1 Mortice lock | 1.25 |
| 1 Pr Butt Hinges (with screws) | .50 |
| 20 Pieces 1x4 X 10' long Fir @ 2¢ lin Ft, | 4.00 |
| 2 Pkts 7/8 No 12 Wood Screws @ 80¢ Pkt (gross) | 1.60 |
| Labour 3 days (8 Hrs each) @ 50¢ per Hr, | 12.00 |
| | <u>\$23.35</u> |
| Freight and hauling | 1.25 |
| | <u>Total \$24.60</u> |

I should mention that the entrance door to the school was repaired during the winter, but it fell to pieces later on owing to very rough weather.

The timber asked for, is for slats for the base of the desks in the class rooms, at present there is all sizes and lengths of slats in use some being split and broken.

Other repairs will be done with the above work, down spout, sidewalk, and toilets to have minor repairs, if the above meets with your approval. also stove pipes to be cleaned out.

Your obedient servant,

SCHOOL. This two room structure is in fairly good shape but I would point out that it is surmounted by a cupola housing the school bell, flanked on each side by two very low brick chimneys and a wind is liable to carry sparks into the cupola and set fire to the building. (See photograph attached) The building is in fair repair but requires interior and exterior redecoration. The children appear to be somewhat hard on this school and should be checked up by the staff and Agent.

In order to encourage gardening in the village I believe it would be well to fence off part of the school grounds and establish a school garden. It was observed that the Agent had some clearing done behind the school by relief recipients and this work might be extended to putting the grounds in shape next winter. This work could also include gravelling of the walks in place of the wooden walks now in place as these are worn out and broken and liable to cause accidents to the children. The school residence was well kept and clean inside but is an old structure.

Dear Sir:

With reference to the Skidegate Indian Day School Inspector Coleman reports as follows:

"This two room structure is in fairly good shape but I would point out that it is surmounted by a cupola housing the school bell, flanked on each side by two very low brick chimneys and a wind is liable to carry sparks into the cupola and set fire to the building. (See photograph attached) The building is in fair repair but requires interior and exterior redecoration. This work could also include gravelling of the walks in place of the wooden walks now in place as these are worn out and broken and liable to cause accidents to the children. The school residence was well kept and clean inside but is an old structure."

I am not certain that it will be possible to provide funds from the current year's appropriation for the improvements suggested by the Inspector but you might let me have a detailed report regarding the expenditure that will be necessary and the matter will then receive further consideration.

Dear Sir:-

I beg to acknowledge receipt of your letter dated December 5th, 1940. Re: improvements at Skidegate School and grounds.

OK 4/2/5
With regard to the two very low Chimney's at the above school, also at the teachers residence, I would like to recommend that an extension be made out of one eighth of an inch plate welded together, as per attached sketch, I obtained a tender for the three to cost \$10.00 each (3 costing \$30.00) there would also be the cost of wire for stays, and labour which altogether should not cost above \$45.00 for the three chimney's, the extension would be about 5ft.

3126-75
A brick extension of 5ft on each chimney would cost in the neighbourhood of \$25.00 each chimney and would also have to have iron stays made to hold against the wind storms, it is difficult to get materials for the above, and bricklayers are very scarce, perhaps I could get a tender for the above work, if this is desired.

With regard to fenceing off a part of the school ground for gardening to encourage the children, I took this matter up with the Council, and it was their opinion that a fence would not last long owing to the cattle roaming around, and that the most of the children go away with their parents to the canneries etc. from time to time, I have had the teachers (residence) fence repaired several times, but have come to the conclusion that it is better to leave it open, the children too are very destructive, and on my recent visit I cautioned both classes against this practice, and also advised the teachers to check the pupils from time to time.

OK

The matter of getting relief recipients to work gravelling the walks to the entrance and back entrance of the school was taken up with the Council, the only persons on relief are the aged, sick, and T.B. the Indians usually give two days work each in the spring, this is for road improvements and cleaning up the Reserve, it was felt that the Department should take the responsibility of gravelling of the above walks to the school, it would cost for hire of truck to haul gravell, and to spread same on walks, about \$30.00, this would be from road to front Entrance, and from back entrance to boys & girls toilets.

FILE 30/6194

July 28th, 1941.

Dear Sir:

May I have authority to purchase the attached requirements for repairs necessary at the Skidegate Indian Day School and teachers residence, also do the repairs as recommended.

In addition to the above, I would like to recommend the purchase of two easy chairs for the teachers residence, as the stores do not carry these in stock, I would like to suggest that they be sent from Vancouver, (if approved), as the purchase price here would be much higher, several other comforts were asked for by Mr Habkirk but I will be on my holidays in Vancouver in September, all being well, when I will ask your advice in the matter.

In last years Estimates the sum of \$148.00 was asked for to Paint and Varnish both class rooms at the Skidegate Indian Day School, I wondered if this amount is available, or should this be left until after the war, the rooms certainly need attention, and I would like your direction in this matter.

Yours faithfully,

B.T. Phillips,
Indian Agent.

Dear Sir:-

re: Skidegate Indian Day School

I beg to advise that I found it necessary to purchase a cook stove and pipes, costing \$57.46, f.o.b. Vancouver, for the above-noted School.

Miss Mackie, the teacher of the Junior Division of the School, explained that a stove was necessary both for cooking and for providing additional heat in the cottage. Miss Mackie suffered greatly from colds last winter, which she attributes to lack of heat in the cottage during the cold, wet weather.

As stoves are becoming increasingly difficult to obtain, I took advantage of the opportunity to get what was required from Marshall-Wells B.C. Ltd., who happened to have a suitable stove in stock. I trust that the Department approves of the action taken.

Yours faithfully,

D. M. MacKay.

Dear Sir:

I enclose herewith Mr. Indian Agent Phillip's letter of the 13th instant requesting authority to expend \$30.00 for the cleaning of stove pipes and various repairs to the Indian Day School and teacher's residence at the Skidegate Reserve.

I would recommend approval of the application and on receipt of same will request Mr. Phillips to endeavour to have some of this work carried out at a lower rate than 75¢ an hour as this amount is considered excessive for such work as digging holes and cleaning stove pipes.

No mention is made in the application of cleaning the school chimney which is considered important as the two chimneys are very low and close to the bell cupola which has open louvres. If this chimney was not included in the amount, it is considered that the total supplied will be sufficient to cover the cost of this work.

Major D.M. MacKay, Indian Commissioner for B.C. Vancouver, B.C.

I have attached herewith voucher No 5036 for labour amounting to \$33.00 done at the Skidegate Indian Day school.

I took it upon myself to have this work done as the Indians would not be available next month to do this work, as they have to repair their boats etc.

The two men employed to do this work reported that the top of the brick Chimney needed cementing as in taking the iron extension down (and this is heavy iron plate,) the bricks have become loose, they had no cement at the time to repair same, and have promised to do this work later on if at all possible, I asked the Council to see that this work was done, before the Indians went away.

I hope the action taken by me will meet with your approval, as this is the only time of the year when I can get any work done, and if they have money, it is still more difficult.

Major D.M. MacKay, Indian Commissioner, P.O.
Box 70, Vancouver, B.C.

I have your letter of the 18th instant, with reference to painting and repairs at the Massett and Skidegate Day Schools. It is presumed that the amount of \$500 required at Skidegate and \$630 at Massett includes the cost of both material and labour.

[Handwritten mark]
Approval is granted for the expenditure of the above amount and when forwarding the accounts for the material you should attach copies of the purchase orders. Please let me know the amount of the accountable advance you wish for labour and a cheque will be forwarded to the Agent.

During my recent visit to the Queen Charlotte Agency, I had an opportunity of inspecting the Massett and Skidegate Indian Day School buildings, as a result of which Mr. Indian Agent Phillips was requested to submit an estimate of the cost of painting the buildings inside and out, construction of a woodshed at the Massett School, and various minor repairs and alterations. The cost of these has now been determined at approximately \$500.00 in the case of the Skidegate School and \$630.00 for the Massett School.

Mr. Phillips made provision in his 1944-45 Estimates for part of these amounts, and it is requested that, if sufficient funds are available, authority be granted to have the work proceeded with. These two schools were the subject of criticism by the Provincial School Inspector and it would be advisable to have the necessary repairs and painting done as soon as possible.

QUEEN CHARLOTTE AGENCY

Skidegate

Mr. Phillips accompanied me to Skidegate where a meeting was held with the council and visits made to the day school and some of the Indian homes. While here I also called on Mrs. Gladstone, our field matron, and the local United Church Missionary, the Rev. Mr. Affleck. The meeting with the council was on the whole quite satisfactory and matters on which information was requested were dealt with, these having mainly to do with medical service, preparation of income tax returns and the Indian Day School. No requests for relief were submitted nor complaints made against the Agent.

Certain improvements and repairs to the day school building are necessary and some work is also required to the teacher's residence. I instructed the Agent to prepare a list of these needs and secure an estimate of the costs involved in order that if possible some of the repairs could be undertaken during the months of July and August. The teacher's residence is a large, poorly constructed building and, in my opinion, should not have been acquired by the Department. It will be costly to maintain properly and it might be better to either dispose of it or tear it down and build a smaller new house in replacement as the cost of remodelling would probably equal the cost of a suitable new building. A small new teacher's residence for this Reserve might be included in our post-war program of worthwhile works.

It is doubtful if Miss Mackie, principal of the Indian day school, will continue at Skidegate after the close of the current school year as she is not enjoying good health and has been advised by the doctor to take a year's rest. Miss Mackie had done excellent work for use at Skidegate and is highly esteemed by the Indian people. It will be extremely difficult to replace her. She assured me, however, that she would be glad to seek employment with us should she decide to resume teaching on regaining her health.

At the Skidegate Reserve which I visited during the month, I visited the school and teachery, checked up delivery of paint for school, and found a shortage which was located at the Wharf and delivered. I measured up lot at teachery for lumber for a proposed new fence, interviewed the Field Matron, Dr. McColl, Indians at the Office, also held a Council meeting when matters pertaining to the welfare of the Village were taken up, I visited several homes on the Reserve, and work is ~~at~~ progressing on two new five roomed houses in the Village, also several new boat houses have been erected, many boats were anchored in the Village, owing to bad weather.

I enclose herewith Mr. Indian Agent Phillips' letter of July 28th regarding construction of a new fence around the teacher's residence at Skidegate.

Although funds provided in the estimates for repairs to Day Schools in the Queen Charlotte Agency are already overexpended, a new fence is badly needed in this instance and if funds are available I would recommend that authority be granted to proceed with the work at a total estimated cost of \$192.96 as per Mr. Phillips' estimate and quotation from the Massett Sawmills attached.

During your visit to the Skidegate Reserve early this year, the matter of a new fence for the teachers residence was taken up with Miss Mackie and myself, after inspecting the old fence left standing, I found that all the posts are rotten also some of rails etc. and that it would be better to build a new fence all round, so I am submitting for your consideration cost of lumber, labour, hardware etc.

If this work is approved I would like an early reply, as I expect the Carpenter and painters will be at work on the school early in August, and this can be done at this time.

I desire to refer to voucher No. 60 from the Queen Charlotte Agency. This covers payment of \$207.67 for paint, putty etc. for the Skidegate Day School. Your purchase order read f.o.b. Skidegate. Consequently the Treasury Branch took exception to the entry on the voucher reading: "Freight and Cargo Tax as per attached statement and receipt -- \$4.70." I am returning this, as you no doubt will be able to explain why this charge was made and when replying you should forward another voucher for the amount.

REPORT ON QUEEN CHARLOTTE INDIAN AGENCY FOR THE MONTH AUGUST, 1944.

x

x

x

I visited the Skidegate Reserve during the month, I inspected the painting and improvements at the Skidegate school several times which was in progress at that time, but this is now finished with the two new windows in the Junior room, what work was done at the time of my visit was very satisfactory, but I will give a further report after my next visit.

Mr. Indian Agent Phillips has requested that this office arrange for the purchase of the following list of items for the Skidegate Indian Day School, for use in the senior room:

2 common chairs
6 large size desks
1 waste paper basket

Although Mr. Phillips advises that the purchase of these articles was authorized by the Department, the matter was not dealt with through this office and I have no knowledge of same. The expenditure involved will amount to approximately \$65.00 and I would appreciate your confirmation of the authority granted.

Your File: 215-11-8523.

I beg to acknowledge receipt of your letter dated January 17th, 1945. together with Provincial School Inspector Thorsteinsson's report covering his inspection of the Skidegate Indian Day school last October 17th. 1944.

I have attached herewith for your approval estimate and quotation of materials required for a new Urinal, the size of which is about 4' X 4' square the height being 7'6" down to 6'6" (sloping roof).

The materials can be purchased locally.

I note also that I might mention to Mrs J. Foster, that the Inspector considers it advisable for her to attend summer school if possible.

EDUCATION: Both the Massett and Skidegate Schools have been painted inside and outside, new wood shed, Toilets, and urinal have been built (or nearly completed) at the Massett School new wood shed and toilet have been built at the teachery and new furniture and alterations for the comfort of our teachers, At the Skidegate Reserve a new urinal is being built, and also a new fence is being built at the teachery, there is no doubt that the Indian schools are the best on the Islands, the Indians children of this Agency are very bright, and several are now attending superior schools here, the children are exceptionally good at Needle work, drawing, painting and very musical, the parents are very keen on giving their children a good education. We are not equipped for Manual training, but have a large class room for this purpose at the Massett school as soon as conditions permit an instructor for that work. Basket making also Slate Totem pole Carving was taught at both schools, but this was stopped at the beginning of the war, several Indian drawings and designs have been entered in a competition at the Stanford University, U.S.A. we have not as yet heard the result of judges, I usually visit the Massett School three times a month and the Skidegate twice a month, Junior Red Cross work is being carried on at both schools The Massett school has been adopted by the Sir James Barrie Imperial Daughters of the Empire, from which sporting goods etc. have been received for the pupils.

Education: I visited the Skidegate Indian Day School six times during the Quarter, during which time the new Urinal and fence round the teachers residence was completed. At the end of the school term three pupils of the senior room passed into the ninth grade, the attendance has kept up remarkably well in both rooms at this school, I am sorry that the teachers have both resigned especially the senior teacher Miss Stron, who was a splendid teacher, and very popular with the natives.

The type of heater suggested by the Agent is unobtainable at the present time, but cast iron box stoves, which are considered to be quite satisfactory as an alternative to circulator heaters, will be obtainable in Vancouver in about six weeks time at an approximate cost of \$24.00, f.o.b. Vancouver.

It is recommended that an expenditure of \$48.00 be authorized to supply heaters to the Skidegate School.

I have the honour to report as follows for the Queen Charlotte Agency, B.C. for the Quarter ending SEPTEMBER, 1946.

GENERAL ADMINISTRATION

During the past quarter I have paid my usual visits to the Skidegate Reserve each month, spending two days each trip on the Reserve, Owing to the majority of Councillors being off the Reserve, no Council meetings were held, but matters pertaining to the welfare of the Village were taken up with those individual Councillors, who happened to be on the Reserve. I visited the school twice each visit, had new Heaters installed in both class rooms, had rooms scrubbed out, and minor repairs attended to both at the school and teachers residence, the teachers being supplied with household necessaries. I also interviewed several Indians on the Reserve and at the Office, re: trap lines, Allowances, Birth Registrations etc, gave Indians trap-line sketches of their trap-lines to take with them when trapping, I also visited the Massett Reserve several times each month, visiting the school and teachers residence, had two new Heaters installed in both glass rooms at the school, and attended to minor repairs, and cleaning up. All the wood (Fuel) has been delivered and stacked at both the Massett and Skidegate schools and teachers residences, several matters were taken up with the Massett Councillors pertaining to the welfare of the village, the majority of the Indians are still away from the above Reserves, but are expected back about October 30th.

OK
I am advised by Mr. Indian Agent Phillips that due to an increase in the enrolment at the Skidegate Indian Day School six No. 3 desks and six No. 1 desks will be required. Information on file indicates that there are fifty nine desks at the school but as Mr. Phillips has given no information with respect to the enrolment, I am asking him for full particulars to ensure that the desks asked for are necessary, but in the meantime it would be appreciated if you would advise if it will be in order to secure the desks, if necessary, at an approximate cost of \$130.00.

Mr. B.T. Phillips, Indian Agent,
Masset, Graham Island, B.C.

Reporting on his recent visit to the Skidegate Reserve, Dr. Tennant writes as follows:

"The school was visited and appears to be well run and well kept. School children and some of the adult population were examined for trachoma. The incidence is low. School teachers live in an old residence on the reserve. This building is in a poor state of repair, and should be repaired and modernized. Teachers living in isolated areas are giving up enough without giving up home comforts."

No funds are provided in the current year's appropriation for the erection of a new teachers' residence at Skidegate. However, it would be possible to provide some funds for repairing the present building so as to make it more habitable.

Please let me know what you consider could be done and supply an estimate of the cost.

Your file: 157-2-5 (WT-1)

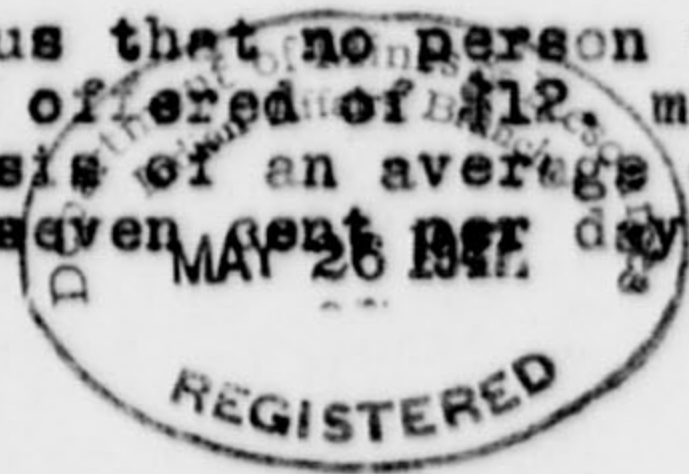

I have your letter of April 12th with regard to janitor service at the Masset Indian Day School for acknowledgement. This building, although not new, is in fair condition and with minor repairs, additional equipment and a third teacher(kindergarten) could become one of the finest day schools in the district. In the near future, after the School Inspector's visit, I shall submit several suggestions with regard to these matters for consideration by the Department.

The question at present is that of satisfactory janitor service. The man who had been engaged for this work had very poor vision and could not satisfactorily perform his duties. At present, due to fishing operations and the small remuneration paid for such work, it has been impossible to engage another man. The teachers have taken over the duties for the balance of the term.

However, it is not, in my estimation, fair to expect Day School Teachers to be burdened with janitor work in addition to their teaching and supervising duties.

In a school of this type, janitor's duties should include lighting of fires each morning, sweeping, dusting, washing and oiling of floors when necessary, inspection and cleaning of outside toilets and general supervision of the upkeep of the building.

It is obvious that no person will assume these duties for the remuneration offered of \$12. monthly, which sum works out, on the basis of an average of 21 teaching days per month, at fifty-seven cent per day.

I would suggest, that since similar conditions exist at the S kidegate Indian Day School, where \$10.00 monthly is paid, the entire janitor situation be revised with the object in mind of obtaining satisfactory janitor service for which a decent remuneration be paid.

I would recommend that a man willing to assume the duties as mentioned be paid at minimum rate of \$25.00 per month. No doubt if this were approved, suitable janitors could be obtained.

The matter of ventilation has been investigated and several of the windows have been loosened to allow them to be opened providing proper ventilation.

Advice and decision in the matter of janitor service will be appreciated.

Your File: 157-11-5 (WT 1)

Further to my letter of May 2nd, 1947 with reference to the teachers' residence at Skidegate Reserve, I have recently returned from a patrol to that village and submit a report herewith.

When visiting Skidegate six or seven years ago, I had occasion to be in the teachers residence and was amazed at the poor condition of the home at that time. Seemingly very little has been done over the years to make it habitable or in any way comfortable during the cold weather.

In order to give you as clear as possible a word picture of the building, I am stating the following facts as I found them.

1. Building is of frame construction, very old, with a fancy tower construction at one corner of the roof.
2. The building is out of line.
3. Roof: Minor repairs have been made from time to time, but it still leaks. The shingles are in poor condition and should all be replaced.
4. Walls: Single wall only. Siding was nailed to studs and inside wall board nailed to studs. There is no shiplap lining in the walls either inside or out. Wallboard being on studs only is bulging which condition also exist with the ceiling.
5. Floors: Living room has double flooring and is in good condition, except that the floor slopes to rear of house. Upstairs floor sags and when anyone walks in any room the house vibrates.
6. Stairs: These are dangerous.- poorly constructed and one steps sideways from the top step to the upstairs landing.
7. Interior Decorating: Very poor in general and should be renewed for entire house.
8. Windows: All windows are loose. Frames are odd and in some cases collapsing. Wind drives in between frames and walls. Window glass is needed in some windows and putty in all.

Indian Affairs. (RG 10, Volume 6413, file 843-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

9. Doors: As a result of the house being out of line, the doors are off balance and will not close securely.

10. Foundation: Posts in poor condition; ends of some rotten and giving away. Complete new foundation needed.

11. Steps: Front and back steps and verandah will have to be replaced.

The house is extremely cold and without a doubt whatsoever is a fire-trap. Miss Mackie, one of the teachers, who has served faithfully at Skidegate for seven or eight years, definitely states that should she leave the service this year, it will be because of the living conditions. She cannot bear it any longer and I must say I sympathize with her in what she has had to suffer through- extremely uncomfortable living quarters.

My survey of the building indicates the following necessary repairs.

1. New foundations (posts and sills) well braced.
2. Removal of all wallboard lining and partitions. Shiplap lining applied and replacement of wallboard in good condition and new sections where needed.
3. Stairs renewed.
4. Window frames replaced where necessary- all windows repaired
5. Front and back steps removed.(renewed)
6. Doors hung properly.
7. Roof renewed and it is suggested that the unsightly tower construction be removed.
8. Complete new interior decoration.

It is obvious from the condition of the building that unforeseen repairs might be necessary once the above suggested repairs were started. Thus I would hesitate to make any estimate of costs with out first getting the advice of some building contractor.

Immediately adjacent to the present teacherage, is a partially completed new house being constructed by a Skidegate Indian. I was not able to contact the owner on my recent visit but the house is the type ideally suited as a teachers residence. If the owner would consider selling and the Department buying, the amount of money necessary to effect the repairs to the old building would be more than sufficient to complete it. This matter will be investigated further on my next visit to Skidegate.

Indian Affairs. (RG 10, Volume 6413, file 843-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

In any event no repairs could be effected until after the close of the present school term and even then, at the height of the fishing season, it will be difficult to obtain labor.

I may say that the conditions under which the Skidegate teachers are living, sets no example to the natives in the matter of decent homes.

There is a building contractor at Massett who will, if requested, go with me to Skidegate and make a more complete survey of the necessary repairs and will submit an estimate of costs. At the same time he could place a value on the unfinished house referred to above. Expenses in this matter will incur only hotel charges while at Skidegate.

If the Department concurs in this suggestion, advice to that effect will be appreciated.

May 23, 1947

J. A. Findlay, Esq., Acting Indian Agent, Massett, B.C.

I have to refer to your letter of May 12th to the Department in reply to Mr. Neary's letter of April 11th in connection with the teachers' residence at Skidegate. Contrary to the conclusion reached by you with respect to lack of maintenance since your visit to Skidegate six years ago, our records indicate that various expenditures have been made from time to time, particularly within the last two years, to make this building more comfortable, and there is nothing in our records to indicate that any request for funds for maintenance or improvement to the building was ever refused.

There is nothing in this office to show whether the building in question is the property of the Department or the United Church, although I am inclined to think that it belongs to the latter, in which case if conditions are as bad as your report indicates it is doubtful if the Department would be justified in making any large expenditures for repairs.

It is noted that there is a building contractor at Massett who will, if requested, go to Skidegate with you and make a complete survey of repairs necessary to the residence and at the same time place a valuation on the unfinished Indian house which you consider might be suitable for a teachers' residence. You may arrange with him to make the necessary inspection on the understanding that the only cost to the Dept. will be hotel charges while at Skidegate.

It is noted that in any event no repairs could be effected until after the close of the present school term which will give you time to make a further investigation and to report to this office, advising at the same time if the present teachers residence is the property of the Department or the Church.

I may say that the question of repairs to departmental buildings is one which should be dealt with through this office.

TO DATE OF THIS LETTER

Sir,

While at Skidegate I find that the new teacher and nurse are doing good work, and they are well liked by all. They are both staying at the Mission house with the clergyman's family, and this does not seem to be a very happy arrangement, and at the same time it is too much to be expected of Mrs. Matthews for she has a family of three children. This arrangement of boarding at the Mission house has caused trouble in previous years. Hence the reason for my putting in an estimate for a teacher's residence, in the annual estimates for 1928-29. I feel however, that something will have to be done before a permanent residence can be built. I would like to suggest that the Department supply furniture so that the Nurse and teacher can live together in a building which I can secure for them. This would be a temporary arrangement, but the furniture could be such that it can be used later in a new residence, if the Department desires to erect a new building. I would suggest the following items,

| | |
|---------------------|------------------|
| Cooking stove. | \$ 50.00 |
| Heating stove. | 15.00 |
| Two beds complete.. | 40.00 |
| Linoleum..... | 15.00 |
| Three chairs... | 6.00 |
| Cooking utensils | 10.00 |
| Bedroom china | 5.00 |
| Bureau.. | 20.00 |
| | <u>\$ 161.00</u> |

The following will be required to ~~improve~~ improve the house conditions,

| | |
|---------------------|----------------|
| Two doors..... | \$12.00 |
| Wood shed... | 10.00 |
| Toilet..... | 8.00 |
| 6 cords firewood... | 54.00 |
| | <u>\$84.00</u> |

If the above meets with the Department's approval please wire, so that I can make arrangements as early as possible. The prices of household furniture given are merely estimates based on mail order prices, but the total given will probably cover all that is required.

H. L. L.

Sir:

I have your letter, undated, in which you recommend that authority be granted you to purchase certain furnishings to fit up a residence for the teacher and nurse at Skidegate and also to supply fuel, etc. In this connection I beg to confirm the following night-lettergram to you of yesterday's date: -

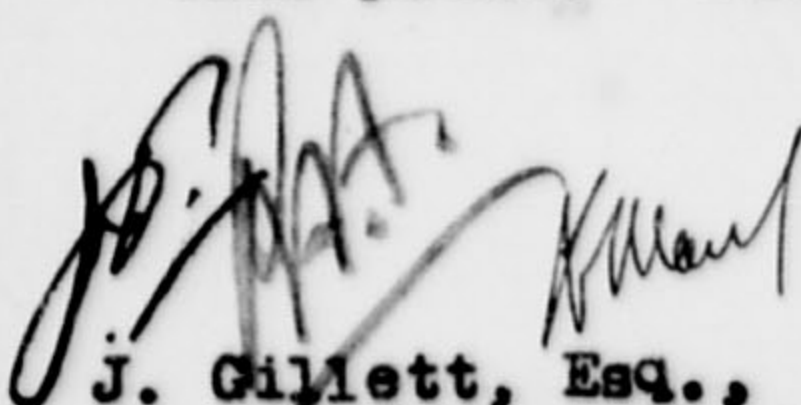

"Reference your letter recent date you may prepare house for teacher and nurse at Skidegate, purchase furniture and fuel at an approximate total cost of \$250."

In the purchase of the various articles of furniture and improving of the condition of the house, the expense should be kept down to the lowest possible point. After the furnishings have arrived and the house has been improved and the fuel obtained, you should forward accounts, in duplicate, properly certified, covering the expense.

It is noted that the present arrangements for the boarding of the teacher and nurse are unsatisfactory and that you will be able to obtain a building which can be fitted up as a residence for them. I shall be pleased if you will furnish particulars regarding this house, stating its present condition and whether it will be necessary to pay rental for same or not. It is thought that if the house which you can obtain is satisfactory, after slight repairs, it might be possible to purchase same or arrange for its rental for a term of years and have any repairs required carried out in order to provide suitable future accommodation for the teacher and nurse at this point. Please report regarding this matter.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Dear Sir,-

Re Residence for Nurse and Teacher, Skidegate .

*Sydney
Deputy House
file*

Replying to your letter 157-II-8, Dec 29th, I beg to report that the house secured for the teacher and nurse at Skidegate is one which originally belonged to a mining company who had a lease from the Band near the village. In default of payment, the Council took possession of the house and moved it onto the Reserve. This was done several years ago. Miss Andrews lived in it for a time. It is a two-roomed frame building 22x14, and is not satisfactory as a permanent residence. The Council is putting on a lean-to, laying on the water and making it as comfortable as possible. The two doors mentioned in my estimates for repairs etc will not be charged to the Department, as the Council is standing all expenses regarding repairs. The Council will rent this house for ten dollars (\$10.00) per month, and keep it in repair. After a suitable house is provided for the teacher and nurse, I would recommend that the Department still rent this house as an office and living quarters for the agent when at Skidegate. It is very unsatisfactory to have to do all business in private houses, as at present.

Regarding a permanent residence for the teacher and nurse, the Skidegate Council ask that their Trust fund be used for this purpose, and that they rent the house to the Department for Twenty dollars (\$20.00) per month, to be paid to the Treasurer of the Council each month. The Council would be responsible for the upkeep and repairs. This meets with the approval of the whole village. If the Department agrees to this, I would appreciate having an early reply, so that the house could be built before all the villagers scatter for the fishing about May.

Your obedient servant,

Reverend Sir:

I have your letter of the 28th ultimo, with reference to a residence for the nurse and teacher at Skidegate. I note that temporary provision has been made. I regret that I cannot agree to the proposal that the Skidegate Band use their Trust Funds for the erection of a permanent residence. I shall try to secure an appropriation of Parliament for this purpose.

When the teacher and nurse have a permanent residence, you should then write to the Department regarding an office and living quarters for the agent when at Skidegate.

Sept. 19th, 1928

Dear Sir,-

When at Skidegate recently, I interviewed the new teacher, Miss Wright. She is an elderly lady, and ~~rank~~ seems rather eccentric. She refuses to share a room with any other person. She is at present living in the house which Miss MacRae and Mrs. Gladstone occupied. There is only one bedroom and medicines are also kept in the same room. The clergyman, Mr. Matthews does not care to board the teacher. When the new Nurse arrives, there will be the question of accommodation. There is, however, a suitable house in the village which can be purchased for \$1200.00. This house is in good condition. Only one bedroom is completed, but another one could be finished off, and other work such as boarding in around the foundation, and a room finished as a dispensary, for approximately \$250.00 for labour and material. This would give six rooms, which would accommodate both the Teacher and Nurse. I asked Messrs Mitchell and Currie, who built the Massett School, for an estimate on a suitable ^{house} for two people, and they gave the figure, \$2300.00. The house mentioned above, would also be large enough to accommodate an extra teacher when required. It is owned by an Indian by the name of James McKay, and is in a good location, close to the School. I would recommend that this house be purchased.

Sir,-

With reference to your letter of the 17th instant, I beg to say that the last voucher the Department received for rent of the Nurse's and Teacher's house at Skidegate was No 242 for the month of April, and it amounted to \$10.00. It was paid on the 5th June by cheque No 1155 drawn ~~again~~ in favour of the Skidegate Council, care James McKay, Secretary, Skidegate Mission. Rental was paid for February and March. Cheques were drawn against the School Vote, and the amount paid credited to the Skidegate Band Account.

Dear Sir,-

I have sent in several vouchers for the rent for the house in which the Teacher and Nurse stay at Skidegate, in favour of James McKay, of the Skidegate Council. I have been informed that they have ~~not~~ not received payment. It has occurred to me that the amounts may have been placed to the credit of the Trust Fund for the band. Rev. Sir:

I have your letter of the 19th ultimo, with reference to a residence for the teacher of the Skidegate Indian Day School and the nurse. I note you recommend the purchase of a residence that is already built, near the school, at a price of \$1200, and that it could be fitted up for both workers and with a room as dispensary, for approximately \$250. You might let me have a detailed description of this house, with a small picture or two, so that the Department can give the question more intelligent consideration. I presume it is on the Indian reserve.

Oct. 19th, 1928

Dear Sir,-

Replying to your letter of Oct. 1st, I beg to say that I am forwarding the blue prints of the house at Skidegate, mentioned in my previous letter. The house is on the Indian Reserve, and was built in 1914. It practically follows the plan in every detail, except that there is no partition on the first floor between the living room and bedroom as shown in the plan. Also there is only one bedroom finished upstairs. The house is in good condition, and is painted outside and inside. I do not think the Department would be making a mistake in buying this house. There is a fair sized lot fenced in around the building.

If the Department decides to purchase the house, I would appreciate a wire, so as to give the party time to move out, and have the alterations made, in case a new Nurse should arrive.

Memorandum:*OK*

DR. SCOTT.

For some time the Department has been renting a residence for the teacher at the Skidegate Indian Day School. When a nurse was appointed for this reserve, she lived with the teacher; but the arrangement was unsatisfactory, as the house was too small. In January of this year, the Indian Band requested the Department to use their Trust Funds for the erection of a residence for the teacher and the nurse and to allow the Band \$20 per month rental. This suggestion was not approved, and the Department informed Indian Agent Gillett that we would try to secure an appropriation for the purpose of erecting a suitable residence for these workers.

Miss Wright, the present school teacher, is no longer young and is a little eccentric, according to Mr. Gillett. She, apparently, refuses to share a room with any other person. Mr. Gillett recommends that we purchase a residence erected in 1914 on the reserve, which is for sale. The price is \$1200 and, with another \$250, it can be finished, decorated and prepared as a residence for the two workers and as a dispensary. Blue prints of this building have been forwarded and Mr. Orr and myself wish to recommend that purchase be made. Funds can be found at the present time from this year's appropriation.

Rev. Sir:

- WITH CHEQUE -

I have your letter of the 19th ultimo, enclosing blue prints of the house at Skidegate, the property of James McKay, an Indian, which you recommend be purchased and fitted up as a residence for the teacher and nurse.

In this connection I beg to confirm our night letter-gram of the 31st ultimo as follows:

"Reference your letter 19th instant. Department will purchase residence for teacher and nurse at Skidegate. Cheque for \$1200 in favour of James McKay and quit claim deeds being mailed. You may finish second bedroom, board up foundation and prepare room as dispensary all at estimated cost \$250."

You may arrange to have the work in fitting up this house as mentioned in the above telegram carried out, and the cost, if possible, should not exceed the amount stated. You should arrange for the purchase of any material required and for the labour. When the work is completed, you should forward accounts, in duplicate, properly certified, covering the cost of the material and for the labour.

I am enclosing herewith cheque No. 4459 for \$1200, being the amount of the purchase price of the residence.

I am also enclosing herewith a quit claim deed, in duplicate, for execution by James McKay, in the presence of a subscribing witness. You should fill in all particulars on the deed, and it is specially requested that you give a full description by metes and bounds of the property which is being acquired. When this deed has been executed by James McKay, you may hand him the enclosed cheque. Care should be taken to see that the quit claim deed is properly filled in, in duplicate, and also that the affidavit of the witness to the signature of James McKay is completed.

We note that the lot on which the house stands is fenced, and it is hoped that when the alterations which you have been authorized to make in the house are completed ample and satisfactory accommodation will be provided for the teacher and the nurse, also for an extra teacher, should same be appointed.

Sir,-

I am in receipt of your letter of the 17th instant, with which you submitted a voucher for \$50.00 for rent of house for the teacher and nurse at Skidegate, and in reply I have to inform you that the amount in question has been placed to the credit of the Receiver General for the Skidegate Band.

With reference to the cost of repairs which the Skidegate Council had made to the building, I beg to say that certified accounts covering the same may be submitted by you to the Department.

Your obedient servant.

J. D. McLean.
Asst. Deputy and Secretary.

Dear Sir,-

I enclose herewith Voucher No. 362 for rental for the house occupied by the teacher and nurse, at Skidegate. I would suggest that the cheque be sent direct to the Skidegate Council, for they went to considerable expense to put the house in good condition before renting it to the Department. They spent one hundred and twenty-four dollars for this, according to their books, which I audited recently. Perhaps the best plan would be to have this rent paid in to the trust fund as before, and then have the Council submit a bill for the full amount spent. Kindly advise.

I hope the teacher will be able to move into the new quarters, by January.

Your obedient servant,

J. Gillett
